A statement of intent is required for this bill in that it delegates authority to the department of administration to adopt rules in subsection (7) (a) of section 1. (1) In adopting rules implementing the prison vocational industries program, the department should include:

(a) guidelines and procedures for contracting with vocational education entities;
(b) rules governing inmate participation;
(c) rules governing the calculation and payment of inmate wages, including maintaining savings accounts for inmates to be released to them upon release from the institution;
(d) price lists for the cost of products and services;

(2) The legislature intends that this program will not compete in any significant way with Montana businesses established and operating prior to the program, and will not displace workers covered by a collective bargaining agreement.
