MONTANA ADMINISTRATIVE REGISTER

ISSUE NO. 10

The Montana Administrative Register (MAR), a twice-monthly publication, has three sections. The notice section contains state agencies' proposed new, amended or repealed rules; the rationale for the change; date and address of public hearing; and where written comments may be submitted. The rule section indicates that the proposed rule action is adopted and lists any changes made since the proposed stage. The interpretation section contains the attorney general's opinions and state declaratory rulings. Special notices and tables are found at the back of each register.

Inquiries regarding the rulemaking process, including material found in the Montana Administrative Register and the Administrative Rules of Montana, may be made by calling the Administrative Rules Bureau at (406) 444-2055.

In the matter of the proposed) NOTICE OF PUBLIC HEARING ON
amendment of a rule pertaining) THE PROPOSED AMENDMENT OF
to definitions) ARM 8.59.402 DEFINITIONS

TO: All Interested Persons:

1. On June 17, 1999, at 9:00 a.m., a public hearing will be held in the Division of Professional and Occupational Licensing Conference room, Lower Level, Arcade Building, 111 North Jackson, Helena, Montana, to consider the proposed amendment of the above-stated rule.

2. The proposed amendment will read as follows: (new matter underlined, deleted matter interlined)

"8.59.402 DEFINITIONS (1) through (3) will remain the same.

(4) The board defines "pulse oximetry," "pulmonary function testing" and "spirometry" as diagnostic procedures that may be performed only by, or under clinical supervision of, a licensed respiratory care practitioner, pursuant to the orders of a physician, or other licensed health care professional."

Auth: Sec. 37-28-104, MCA; IMP, Sec. 37-28-101, 37-28-102, MCA

REASON: In order to protect the public health, safety and welfare, the Board of Respiratory Care Practitioners feels this amendment is necessary because pulmonary function testing includes assessment, monitoring and instruction. The spirometry screening is diagnostic. The results of these diagnostic tests can or may qualify individuals for medication, disabilities or rule out surgeries, and must be performed by skilled and licensed individuals.

3. The Department of Commerce will make reasonable accommodations for persons with disabilities who wish to participate in this public hearing. If you wish to request an accommodation, contact the Department no later than 5:00 p.m., June 7, 1999, to advise us of the nature of the accommodation that you need. Please contact Helena Lee, Board of Respiratory Care Practitioners, 111 N. Jackson, P.O. Box 200513, Helena, Montana 59620-0513; telephone (406) 444-3091; Montana Relay 1-800-253-4091; TDD (406) 444-2978; facsimile (406) 444-1667. Persons with disabilities who need an alternative accessible format of this document in order to participate in this rule-making process should contact Helena Lee.

4. Interested persons may present their data, views or arguments either orally or in writing at the hearing. Written data, views or arguments may also be submitted to the Board of Respiratory Care Practitioners, 111 North Jackson, P.O. Box 200513, Helena, Montana 59620-0513, or by facsimile, number (406) 444-1667, to be received no later than 5:00 p.m., June 17, 1999.

5. F. Lon Mitchell, attorney, has been designated to preside over and conduct this hearing.

6. Persons who wish to be informed of all Board of Respiratory Care Practitioners administrative rulemaking proceedings or other administrative proceedings may be placed on a list of interested persons by advising the Board at the hearing or by writing to the Board at 111 North Jackson, P.O. Box 200513, Helena, Montana 59620-0513 or by phone at (406) 444-3091.

In the matter of the proposed) NOTICE OF PROPOSED AMENDMENT
amendment of rules pertaining) OF ARM 8.60.413 FEE SCHEDULE
to fees)

NO PUBLIC HEARING CONTEMPLATED

TO: All Interested Persons:

1. On June 19, 1999, the Board of Sanitarians proposes to amend the above-stated rule.

2. The proposed amendment will read as follows: (new matter underlined, deleted matter interlined)

"8.60.413 FEE SCHEDULE (1) will remain the same.

(2) Examination 90 120

(3) Reexamination 90 120

(4) through (7) will remain the same."

Auth: Sec. 37-1-134, 37-40-203, MCA; IMP, Sec. 37-1-134, 37-1-304, 37-40-302, 37-40-303, 37-40-304, MCA

REASON: The reason for the increased fee is to reflect the increase to the Board's cost of the examination by the National Environmental Health Association, and whom the Board contracts with to secure the national examination required for licensure purposes.

3. Interested persons may submit their data, views or arguments concerning the proposed amendments in writing to the Board of Sanitarians, 111 N. Jackson, P.O. Box 200513, Helena, Montana 59620-0513, or by facsimile to (406) 444-1667, to be received no later than 5:00 p.m., June 17, 1999.

4. If a person who is directly affected by the proposed amendments wishes to present his data, views or arguments orally or in writing at a public hearing, he must make written request for a hearing and submit the request along with any comments he has to the Board of Sanitarians, 111 N. Jackson, P.O. Box 200513, Helena, Montana 59620-0513, or by facsimile to (406) 444-1667, to be received no later than 5:00 p.m., June 17, 1999.

5. If the Board receives requests for a public hearing on the proposed amendments from either 10 percent or 25, whichever is less, of those persons who are directly affected by the proposed amendments, from the Administrative Rule Review Committee of the legislature, from a governmental agency or subdivision or from an association having no less than 25 members who will be directly affected, a hearing will be held at a later date. Notice of the hearing will be published in the Montana Administrative Register. Ten percent of those

persons directly affected has been determined to be 1 based on the 12 licensees in Montana.

6. Persons who wish to be informed of all Board of Sanitarians administrative rulemaking proceedings, or other administrative proceedings, may be placed on a list of interested persons by advising the Board in writing at 111 North Jackson, P.O. BEFORE THE BUILDING CODES DIVISION
DEPARTMENT OF COMMERCE
STATE OF MONTANA

In the matter of the proposed) NOTICE OF PUBLIC HEARING ON
amendment and adoption of rules) THE PROPOSED AMENDMENT AND
pertaining to the Building) ADOPTION OF RULES PERTAINING
Codes Division) TO THE BUILDING CODES DIVISION

TO: All Interested Persons:

1. On June 23, 1999, at 10:00 a.m., a public hearing will be held in the downstairs conference room at the Department of Commerce, 1424 9th Avenue, Helena, Montana, to consider the proposed amendment and adoption of rules pertaining to the Building Codes Division.

2. The proposed amendments of ARM 8.70.101, 8.70.105, 8.70.203, 8.70.208, 8.70.215, 8.70.216, 8.70.217, 8.70.302, 8.70.304, 8.70.401, 8.70.402, 8.70.407, 8.70.409, 8.70.502, 8.70.505, 8.70.601, and 8.70.902 will read as follows: (new matter underlined, deleted matter interlined)

"8.70.101 INCORPORATION BY REFERENCE OF UNIFORM BUILDING CODE (1) through (1)(n) will remain the same.

(n)(i) Subsection 107.2 Permit fees. The fee for each permit shall be as set forth in Table No. 1-A of the Uniform Building Code, ~~75% of the fee.~~

(ii) Subsection 107.3 Plan review fees. When submittal documents are required by section 106.3.2, a plan review fee shall be paid. Said plan review fee shall be ~~25%~~ 35% of the building permit fee as set forth in Table No. 1-A of the Uniform Building Code, ~~75% of the fee.~~ When only plan review services are provided, the plan review fee shall be ~~65%~~ 50% of the combined plan review and building permit fee as set forth in Table No. 1-A of the Uniform Building Code.

(o) through (8) will remain the same.

(9) Subsection 106.3.2 of the Uniform Building Code is amended for the division by the addition of the following: "Plans, computations and specifications for buildings or structures with a calculated valuation of \$100,000 or more, or when located in seismic zones 3 or 4, with a calculated valuation of \$50,000 or more, shall be stamped and designed by an engineer or architect licensed to practice in the state of Montana. These requirements are guidelines for the division to establish when owner produced plans, computations and specifications are not acceptable and do not in any way address when a licensed engineer or architect is required by Title 39, chapters 65 and 67, MCA."

(10) through (25) will remain the same.

(26) Section 904.1 (Installation Requirements) is amended for the bureau division by addition of the following:

This subsection shall apply to buildings which are required by the Uniform Building Code to be provided with an

automatic sprinkler system, but have an inadequate water supply.

In accordance with Uniform Building Code Standard 9-1, Section 9.101 ~~and Uniform Building Code Standard 9-3, Section 9.302~~, the building official shall be the designated authority responsible for administering and enforcing NFPA-13 ~~and NFPA-13R~~. When the available water supply does not meet NFPA-13 ~~and NFPA-13R~~ requirements, it may be modified by the building official.

The modified water supply shall include sufficient storage on site to operate ~~a minimum of four sprinkler heads~~ 50% of the sprinklers in the hydraulically remote area for the response time of the local fire department. This reduction shall not reduce the number of operating sprinklers to less than four. Response time is the time from alarm to the time the fire department can apply water to the fire. Response time shall be established by the use of the formula $T = 0.65 + 1.7D$, where T is response time, in minutes, and D is distance, in miles, from the fire station to the building, but shall not be less than 20 minutes.

Water supply requirements shall be established by using the area/density method. A 50% reduction in ~~design area~~, to ~~not less than four heads~~, water supply is allowed. Density is not modified.

When a modified water supply is allowed, the sprinkler system must utilize quick response heads, be equipped with a flow alarm, automatic dialer digital alarm communicator transmitter and a fire department connection.

(27) through (43) will remain the same."

Auth: Sec. 50-60-104, 50-60-203, MCA; IMP, Sec. 50-60-103, 50-60-104, 50-60-108, 50-60-109, 50-60-201, 50-60-203, MCA

REASON: The Department is proposing these changes to ARM 8.70.101 for the following reasons (referred to by subsection number):

(1)(n)(i): Increases the building permit fee by removing the 25% reduction to the building permit calculation as set forth in Table 1-A of the Uniform Building Code. The increase in fees is necessary to offset the projected \$245,000 deficit in the building code enforcement program.

(1)(n)(ii): Simplifies the calculation of plan review fees by utilizing 50% of the total plan review and building permit fee calculated in (i) above.

(9): Clarifies that the Department's acceptance of plans and the issuance of a building permit to an owner who submits his/her own plans for an owner-built project does not address compliance with regulations regarding engineer and/or architectural licensure.

(26): Clarifies the design criteria for use of a modified water supply for automatic sprinkler systems when an adequate water supply is not available.

"8.70.105 INCORPORATION BY REFERENCE OF THE UNIFORM MECHANICAL CODE (1) through (1)(f) will remain the same.

~~(g) Chapter 12, Appendix B, titled "hydronics" shall be adopted as part of the Uniform Mechanical code:~~

~~(2) through (7) will remain the same."~~

Auth: Sec. 50-60-104, 50-60-201, 50-60-203, 50-60-508, MCA; IMP, Sec. 50-60-103, 50-60-104, 50-60-201, 50-60-203, MCA

REASON: The Department is proposing the delete (1)(g) because the specific adoption of Appendix Chapter 12 is no longer needed as the 1997 edition of the Uniform Mechanical Code includes the equivalent of Appendix Chapter 12.

"8.70.203 ADOPTION OF CODES (1) The codes adopted by local governments must be the same as those adopted by the bureau division. This is as required by 50-60-301, MCA. However, local governments need only adopt those codes which they intend to enforce; that is, plumbing, electrical, building, mechanical, etc. The codes adopted by local governments must also be of the same edition as those adopted by the bureau division. Each time the bureau division updates the codes, local governments must also update their codes. The bureau division will notify local governments of these code updates, at which time local governments will have 90 days from receipt of the notice to update their codes. Local governments shall notify the bureau division in writing ~~within 180 days of receipt of the notice to update their codes, that when the updated codes have been adopted and are being enforced.~~ Such notification shall include a copy of the appropriate code adoption ordinance(s)."

Auth: Sec. 50-60-302, MCA; IMP, Sec. 50-60-301, 50-60-302, MCA

REASON: The Department is proposing to amend ARM 8.70.203 to correct the references to Bureau to Division and to clarify when local governments are to notify the Division when ordinances have been adopted.

"8.70.208 FUNDING OF CODE ENFORCEMENT PROGRAM (1) will remain the same.

(2) Permit fees must only be used for those costs related to building code enforcement activities, except for the building codes education fund as provided in Ch. 472, L. 1999, with building codes being only those codes adopted by the division in subchapters 1, 3, 4 and 15 of Title 8, chapter 70, Administrative Rules of Montana. It is not intended that permit fees be used to support fire departments, planning, zoning or other activities, except to the extent that employees in those programs provide direct plan review, inspection or other building code enforcement services for the building code enforcement program.

(3) and (4) will remain the same.

(5) Permit fees collected in a given year in excess of the costs of administering the building code enforcement program may shall be placed in reserve to be used in subsequent years, provided that the reserve amount not exceed the amount

needed to support the building code enforcement program for 12 months. Fees must be reduced if necessary to avoid creation of excess reserve."

Auth: Sec. 50-60-203, 50-60-302, MCA; IMP, Sec. 50-60-106, 50-60-302, C. 473, L. 1999, MCA

REASON: The Department is proposing these changes to ARM 8.70.208 for the following reasons (referred to by subsection number):

(2): Clarifies that the 0.5% of permit fees contributed to the building codes education fund by local code enforcement programs, as required by Ch. 473, L. 1999, is an appropriate expenditure of permit fees for the purpose of building codes enforcement activities.

(5): Clarifies that excess building permit fees must be placed in a reserve account as required by 50-60-106(2)(f)(ii).

"8.70.215 STAFF QUALIFICATION (1) Local plumbing and electrical inspectors must be either Montana licensed journeymen or inspector certified in the craft being inspected. In addition, the local plumbing permit inspection program must have a person to perform medical gas piping inspections, either as an employee or contracted, who possesses a Montana medical gas endorsement or has 30 hours of medical gas piping installation inspection training which is acceptable to the division.

(2) Local building and mechanical inspectors must be either inspector certified or have a related engineering or architecture degree.

(3) Plans examiners must be either plans examiner certified, or be inspector certified as allowed in (2) or have an related engineering or architecture degree. In lieu of plans examinations by a local jurisdiction's staff, the division may allow a local jurisdiction to contract out plans examinations with a qualified plans examination organization.

(4) Certification must be by a nationally recognized entity for testing and certification in the same code and edition date as is adopted by the division. The certification must be considered current by the certifying entity. When the division adopts a new code or a new edition of an existing code, local inspectors and examiners shall have six months to update their certification qualifications to meet the new code or edition. In the situation where a new edition or replacement code has been published but is not yet adopted by the division, certification in the most recent published edition date or replacement code is acceptable.

(5) and (6) will remain the same.

(7) Building, mechanical inspectors and plans examiners from a previously approved code enforcement program in existence on June 30, 1998, must meet the certification standards listed above by June 30, 1999.

(8) will remain the same, but will be renumbered (7).

(9) Building inspectors, mechanical inspectors and plans examiners from a previously approved code enforcement program in existence on June 30, 1998, who are not qualified and who

~~are not supervised by a qualified individual, shall submit a training plan to the division by January 1, 1999, providing for six days of on-the-job training or four days of classroom training and the plan to become certified by June 30, 1999. Acceptable training is the same as discussed in (8) above."~~

Auth: Sec. 50-60-203, 50-60-302, MCA; IMP, Sec. 50-60-302, Ch. 486, L. 1992, MCA

REASON: The Department is proposing these changes to ARM 8.70.215 for the following reasons (referred to by subsection number):

(1): Establishes minimum qualifications for local plumbing inspection program to inspect medical gas piping installations.

(2): Expands the qualifications for local building and mechanical inspectors to include a degree in a related field of engineering or an architecture degree. Such educational credentials are considered sufficient and substantially equal to the certification requirements.

(3): Clarifies that all persons examining plans for local jurisdictions must possess an engineering degree in a related field to fulfill the requirement in (2).

(4): Clarifies that an inspector's certification must be considered current by the certification entity that issued the certification in order to be recognized by the Department. Anticipates that ICBO, as a certification entity, may adopt the international code system and that uniform code certification may no longer be available even if the Department has not adopted the international code system.

(7): This rule establishing the June 30, 1999, due date for certification of local plans examiners, building inspectors and mechanical inspectors is outdated, is no longer needed and is therefore deleted.

(9): This rule is establishing the procedure for establishing an interim training plan for certification by the June 30, 1999, due date is outdated, is no longer needed and is therefore deleted.

"8.70.216 ANNUAL REPORT (1) will remain the same.

~~(2) The date of the initial annual report for a local government with a previously approved code enforcement program in existence on June 30, 1998, shall be October 30, 1998.~~

(3) and (4) will remain the same, but will be renumbered (2) and (3).

(4)(a) and (b) will remain the same, but will be renumbered (3)(a) and (b).

(c) a list of the type of structures subject to and a list of the type of structures exempted from the building related codes;

(d) through (g)(ii) will remain the same.

(iii) how and when inspections are made; and

(iv) how final approvals or certificates of occupancy are issued; and

(v) how factory-built buildings and manufactured homes are handled.

(h) will remain the same.

(4) Local government programs, which are certified for the enforcement of building codes, shall remit to the department no later than the September 1 due date of the required annual report the payment of 0.5% of building fees or charges collected in the previous fiscal year for the building codes education fund, calculated as follows:

(a) the 0.5% of building fees and charges are to be calculated using building permit, inspection and plan review fees and charges only and do not include those fees and charges collected for plumbing, mechanical and electrical permits, plan review and inspections; and

(b) the first local government contribution to the building codes education fund shall be made no later than September 1, 2000, and shall be calculated for the period of October 1, 1999, through June 30, 2000."

Auth: Sec. 50-60-203, 50-60-302, MCA; IMP, Sec. 50-60-302, Ch. 473, L. 1999, MCA

REASON: The Department is proposing these changes to ARM 8.70.216 for the following reasons (referred to by subsection number):

(2): This rule establishing the June 30, 1998 filing date for the initial annual report is outdated, is no longer needed and is therefore deleted.

(3)(c): Clarifies that the list of structures is a list of the type of structures rather than a list of the individual structures.

(3)(g)(v): Includes in the plan for enforcement a discussion of how manufactured homes and factory-built buildings are handled by local governments.

(4): Establishes September 1 of each year as the due date for the remittance of the 0.5% of building fees to the building codes education fund, as required by Ch. 473, L. 1999. The amount remitted is to be based on the previous fiscal year's building fees or charges collected.

(4)(a): Clarifies that the 0.5% specified in (4) is based on building permit fees only.

(4)(b): Establishes the first period of calculation and the first due date for local government programs to remit the 0.5% of building fees to the building codes education fund.

"8.70.217 AUDIT (1) will remain the same.

(1)(a) all construction-related fees or charges imposed and collected by the local building code enforcement program are used and accounted for as provided in 50-60-106(2)(f), MCA and ARM 8.70.208.

(2) and (3) will remain the same."

Auth: Sec. 50-60-203, 50-60-302, MCA; IMP, Sec. 50-60-302, MCA

REASON: The Department proposes the amendment to ARM 8.70.217 to clarify where all the provisions for the audit can be found.

"8.70.302 INCORPORATION BY REFERENCE OF UNIFORM PLUMBING
CODE (1) through (g)(iv) will remain the same.

(ab) Chapter 12, Fuel Piping, is deleted and replaced with Chapter 13, Fuel-Gas Piping, of the Uniform Mechanical Code, international conference of building code officials version.

(ac) Chapter 13, Medical Gas Systems, is deleted. In lieu of Chapter 13, the department of commerce, by and through the building codes division, adopts and incorporates by reference herein, the national fire protection association's standard NFPA 99C, Gas and Vacuum Systems, 1999 Edition, referred to as NFPA 99C unless a different edition date is specifically stated, as the standard for the installation of medical gas and vacuum systems. The requirements of this rule shall not be construed as to replace or supersede any additional requirements for testing and certification of medical gas and vacuum systems, including independent third party certification of systems, as may be applicable. NFPA 99C is a nationally recognized standard setting forth minimum standards and requirements for medical gas and vacuum systems. A copy of NFPA 99C may be obtained from the National Fire Protection Association, One Batterymarch Park, P.O. Box 9101, Quincy, MA 02269-9101.

(2) will remain the same."

Auth: Sec. 50-60-201, 50-60-203, 50-60-504, 50-60-508, MCA; IME, Sec. 50-60-203, 50-60-504, 50-60-508, Ch. 486, L. 1992, MCA

REASON: The Department is proposing these changes to ARM 8.70.302 for the following reasons (referred by subsection number):

(1)(h): Corrects a clerical error which listed the plumbing permit fee as \$25 rather than the intended \$20. Establishes a fee structure for medical gas piping permits based upon the existing fuel gas piping fee structure found in 8.70.105. Includes the existing fuel gas piping permit fee to be used as part of the plumbing permit form. Exempts fuel gas piping and medical gas piping permits from the plumbing permit issuance fee.

(1)(ab): Clarifies that the fuel gas piping provisions of the Uniform Mechanical Code, ICBO version, are adopted rather than the fuel gas piping provisions found in the Uniform Plumbing Code.

(1)(ac): Clarifies that the Department is adopting the 1999 Edition of the National Fire Protection Association's Standard NFPA 99C, Gas and Vacuum Systems, as the standard for the installation of medical gas and vacuum systems, as required by Ch. 486, L. 1999 rather than the medical gas piping provisions found in the Uniform Plumbing Code. Clarifies that the inspection and approval of installations of medical gas and vacuum systems covered by a plumbing permit does not relieve the owner or installer of the responsibility to comply with additional requirements from other agencies, such as final testing and certification by an independent third party for licensure as a health care facility.

"8.70.304 PLUMBING PERMITS (i) Whereas 50-60-501, MCA, declares that the "public health and welfare require that minimum standards for planning, installing, altering, extending, repairing, and maintaining of plumbing systems be established for the protection of the people of the state," and pursuant to the directive of 50-60-505 through 50-60-513, MCA,

~~the bureau hereby proposes the following rules to finance and implement plumbing inspections to insure code compliance for the protection of the water supply for the people of the state of Montana.~~

~~(2)(1) Any person who is required under 50-60-505, MCA, to obtain a plumbing permit, and the work is not covered by a local government inspection program, shall do so prior to installation through the building codes bureau division.~~

~~(3) The requirement listed in section 50-60-502, MCA, for plumbing licensure while engaged in the field of plumbing, applies to those installations connected to a public water supply or public sewer system. No licensure is required to obtain a plumbing permit or to install the plumbing system in a single family dwelling not connected to a public water supply or a public sewer system. Licensure is required in other than single family dwellings, regardless of water source.~~

~~(4) Public water supply means any community well, water hauler for cisterns, water bottling plant, water dispenser, or other water supply that serves 10 or more families or 25 or more persons on a regular and continuous basis.~~

~~(5) Public sewer system means any common sewer carrying liquid wastes from two or more dwellings or any other facility that services the public.~~

~~(6) through (8) will remain the same, but will be renumbered (2) through (4).~~

~~(9) In accordance with sections 1417(a) and (b) of the Safe Drinking Water Act amendments of 1986 (Public Law 99-339), effective immediately, the use of solders and flux containing more than 0.2 percent lead and pipes and fittings containing more than 8 percent lead is prohibited in the installation and repair of residential or nonresidential plumbing connected to a public water supply system.~~

~~(10) will remain the same, but will be renumbered (5).~~

~~(11)(6) No plumbing permit shall be issued for a building or structure under the jurisdiction of the bureau division, until the building permit has been issued for said building or structure.~~

~~(12)(7) After review and approval of the application, the section division shall issue a permit to the applicant.~~

~~(13) The fees for a plumbing permit can be found under ARM 8-70-302."~~

3. The proposed new rules will read as follows:

"I CODE INTERPRETATIONS (1) Code interpretations concerning any of the state building related codes enforced by local governments (building, plumbing, mechanical and electrical) may be requested by an affected party (building official, contractor, designer, owner, etc.), in writing, on forms provided by the division. The affected party must first show a need for a code interpretation because of differing or inconsistent interpretations of the code provision at issue between local Montana building officials or between local Montana building officials and the division. The division will research and investigate the question and will prepare a preliminary written response, which includes the division's preliminary interpretation and justification of the question as soon as possible.

(2) The preliminary interpretation and justification of the question will be distributed to the requestor, the building codes council and to all local government code enforcement programs, currently certified for enforcement of the applicable code concerning the question, for their review and comment. Comments and suggested amendments concerning the question must be returned to the division within 30 days of the date of the distribution of the preliminary interpretation and justification of the question.

(3) The division will consider all comments and suggested amendments received during the 30 day comment period and prepare a proposed interpretation and justification of the question to be distributed, along with a ballot, to all

building officials of local government code enforcement programs, currently certified for enforcement of the applicable code concerning the questions. The ballot will be to "concur" or to "not concur" with the proposed interpretation and the ballot must be signed and dated by each voting building official and returned to the division within 15 days of the date of distribution of the proposed interpretation.

(4) The ballots will be counted by the division and the proposed code interpretation will become final and binding on all local code enforcement programs and the division if a simple majority of voting building officials "concur". If the voting on the proposed code interpretation is tied, the division shall be entitled to break the tie vote. If a simple majority of voting building officials vote "do not concur", the proposed code interpretation will become a technical code advisory, as established in [new rule II] and is not binding on local code enforcement programs.

(5) Code interpretations, which receive a "concur" status as established in (4) above, shall be certified by signature of the division administrator as having met the established procedures and the code interpretation will be dated, chronologically numbered, placed in the division's central registry and distributed to the requestor, building codes council and all local government code enforcement programs, currently certified for building code enforcement."

Auth: Sec. 50-60-203, MCA; IMP, Sec. 50-60-203, Ch. 473, L. 1999, MCA

REASON: Ch. 473, L. 1999 requires the Department to establish a process for formulation and issuance of formal building code interpretations and for establishing a central registry for access to the published interpretations. This proposed rule establishes the process and procedure for formulating and distributing formal building code interpretations.

"II CODE TECHNICAL ADVISORIES (1) Code technical advisories are available for questions concerning any of the state building related codes (building, plumbing, mechanical, electrical, boiler and elevator) and may be requested by an affected party (building official, contractor, designer, owner, etc.), in writing, on forms provided by the division. The division may research and investigate the question and may prepare a preliminary written response, which includes the division's interpretation and justification as soon as possible. The affected party and the building codes advisory council will be provided with the preliminary written response and will be given five working days to submit comments. After review of any comments the division will prepare a final written response, under signature of the division administrator.

(2) Code technical advisories are not binding on local government code enforcement programs.

(3) Code technical advisories will be dated, chronologically numbered, placed in the division's central

registry and distributed to the requestor, building codes council and all certified local government enforcement programs.

Auth: Sec. 50-60-203, MCA; IMP, Sec. 50-60-203, Ch. 473, L. 1999, MCA

REASON: The Department is proposing this rule to establish a process for formulation and issuance of less formal, non-binding Building Codes Division's interpretations of code related issues and to provide a registry for issues that did not achieve the status of a formal code interpretation.

"III SINGLE FAMILY DWELLING PLAN REVIEW AND APPROVAL OF MODEL PLANS (1) Model construction plans for single family dwellings may be submitted to the division for plan review and approval. Each page of model construction plans approved by the division shall bear the stamp of the division as having been approved.

(2) Single family dwelling model construction plans will be reviewed utilizing the applicable provisions of the current editions of the model codes adopted by the division and approval of the plans will be limited for use in areas with the same or lesser design factors as submitted on the plans (snow load, wind load, seismic zone, etc.).

(3) Plan review and approval fees for single family dwelling model construction plans shall be the same as those currently established for the review and approval of factory-built buildings in ARM 8.70.566.

(4) The fee for approval of a single family dwelling model plan is a one time fee and approved model plans for single family dwellings are approved until a subsequent edition of the code applicable to construction of single family dwellings is adopted. Previously approved plans may be resubmitted for plan review and approval under the provisions of the newly adopted code and shall be assessed the applicable plan review and approval fees in ARM 8.70.566.

(5) Approved plans shall be acceptable on a statewide basis as established in (2) above with no further examination other than as provided in Ch. 473, L. 1999. Any alteration or deviation during construction from the approved plans voids the model plan approval status and the alteration or deviation shall be addressed on a case-by-case basis by the applicable local building official.

Auth: Sec. 50-60-203, MCA; IMP, Sec. 50-60-203, Ch. 473, L. 1999, MCA

REASON: Ch. 473, L. 1999 requires the Department to establish a process for plan review and approval of single family dwelling model construction plans, which will be approved for use state wide. This proposed rule establishes the process, procedures and fees for the approval of single family dwelling model construction plans.

4. The proposed new rules will read as follows:

"I. AUTHORIZED LOAN TYPES (1) The loan program includes the following types of loans from the Montana coal tax trust fund:

(a) federally guaranteed loans up to 100% of loans guaranteed by the United States or any agency or instrumentality of the United States, including, but not limited to, the small business administration, the U.S. department of agriculture and the federal aviation administration;

(b) participation loans up to 80% in loans to Montana businesses. The board's security in a participation loan must be in the same proportion as the loan participation amount;

(c) linked deposit loans with financial institutions that utilize the deposits to fund loans to businesses. The financial institution retains all risk on loans financed with the proceeds of a linked deposit and the deposits are subject to the collateral and pledging requirements provided in 17-6-101 through 17-6-105, MCA, or such other collateral and pledging requirements as may be necessary to secure the deposits;

(d) infrastructure loans to local governments to finance infrastructure provided to businesses creating permanent, full-time jobs in the basic sector of the Montana economy. The local government borrower must demonstrate that the business for whom the infrastructure is provided has the ability to repay the loan upon the terms and conditions set by the board."

Auth: Sec. 17-6-324, MCA; IMP, Sec. 17-6-308, MCA

"II. AUTHORIZED APPLICANTS (1) Except for infrastructure loans, the board is precluded from lending directly to borrowers by 17-6-201(3)(d), MCA. Financial institutions are authorized to apply for federally guaranteed, participation and linked deposit loans. Borrowers, including for-profit corporations, may only access these loans through a financial institution. Local governments may apply directly for infrastructure loans."

Auth: Sec. 17-6-324, 17-6-308, MCA; IMP, Sec. 17-6-308, 17-6-313, MCA

III LOAN PROGRAM POLICIES (1) The board shall adopt underwriting policies, procedures and criteria for the various types of loans it authorizes in the loan program. All policies, procedures and criteria must be approved at regularly scheduled board meetings. Policies and procedures developed and approved by the board may include, but are not limited to:

Auth: Sec. 17-6-324, 17-6-308, MCA; IMP, Sec. 17-6-308, 17-6-309, MCA

REASON: The section of rules being revised include rules applying to loans made from pension funds and the permanent coal tax trust. Many of the rules being repealed are rules promulgated for pension fund residential loans, for which there exists no legal authority for promulgating rules. The rationale for revising the permanent coal tax trust "in-state investment" rules is to provide the Board of Investments more flexibility in underwriting commercial loans from the trust and to make the loan program more user friendly.

The legislature recently enacted House Joint Resolution 6 which requests that the Board loan up to 25% (currently \$150 million) of the trust in in-state loans. Outstanding loans are approximately only \$90 million. Underwriting policies will be approved by the Board at its public meetings and be permanently attached to the loan application so all financial institutions will have ready access to the application and policy.

2. The Montana Board of Public Education (BPE) will make reasonable accommodations for persons with disabilities who wish to participate in these public hearings or need an alternative accessible format of this document. If you need accommodation, please contact Pat Reichert, (406) 444-4402, to advise the Board of the nature of the accommodation you need.

3. **REASONABLE NECESSITY.** These proposed new rules continue the process of replacing model learner goals with content and performance standards. Math and Reading standards were adopted in the fall of 1998. These rules revise or delete Montana's current model learner goals for English language, second language, literature, listening, speaking, writing, media use, thinking skills, health enhancement, and science, which will be repealed by reference upon adoption of these changes. In future rulemaking, the remaining model learner goals will be replaced with content and performance standards. In the fall of 2000, the standards for fine arts, social studies, vocational/practical arts, and library media, will be adopted.

These changes are necessary because the 55th Legislature directed the Office of Public Instruction (OPI) to review the 1989 program area standards and recommend revisions to the model learner goals associated with the BPE's accreditation standards. By revising these rules the BPE and the state superintendent are carrying out their statutory duties under §§ 20-2-114, 20-2-121, 20-3-106 and 20-7-101, MCA, to define the basic instruction program for pupils in Montana's public schools. The revisions are also necessary for school districts and the state to comply with requirements to continue receiving federal funding.

The 55th Legislature directed the BPE and OPI to act with the assistance and advice of Montana's educators, parents and the public. These proposed rules represent the work to date of interested members of Montana's education community. This rulemaking process provides the BPE with additional input from the general public concerning how Montana should revise its content standards and develop performance standards in literature, writing, speaking and listening, media literacy, science, health, technology, and world languages.

Proposed amendments to reading and mathematics content and performance standards are to correct inconsistencies and wording errors.

OPINION NO. 2

EXEMPTIONS - Exemption of Chief Water Judge from state leave policies;
JUDGES - Status of Chief Water Judge as agency employee for purposes of state leave policies;
MONTANA CODE ANNOTATED - Title 2, chapter 18, part 6; sections 2-18-103, -601, -604, 3-7-221;
MONTANA CONSTITUTION - Article III, section 1; article VI, section 7; article VII, sections 2(2), 11.

HELD: The Chief Water Judge is not subject to the state leave policies in Mont. Code Ann. title 2, chapter 18, part 6.

April 27, 1999

Mr. John Northey
Legal Counsel
Legislative Audit Division
State Capitol
P.O. Box 201705
Helena, MT 59620-1705

Dear Mr. Northey:

You have requested my opinion regarding whether the Chief Water Judge is subject to the state leave policies in Mont. Code Ann. title 2, chapter 18, part 6. These provisions provide annual vacation, as well as other types of leave, for state employees and further direct the Department of Administration or other administrative officer to monitor the accumulation and taking of such leave.

The state leave policies apply to "any person employed by an agency except elected state, county, and city officials." Mont. Code Ann. § 2-18-601(4). Also exempted from the state leave policies are schoolteachers, independent contractors, and persons hired under personal services contracts. Id. You propose that because the Chief Water Judge is not an "elected official," he or she is not exempt under this statute.

It is true that the Chief Water Judge is appointed rather than elected. See Mont. Code Ann. § 3-7-221(1) (authorizing appointment by the Chief Justice of the Montana Supreme Court). However, the Chief Water Judge is a judicial officer, see State ex rel. Wilcox v. District Court, 208 Mont. 351, 359, 678 P.2d 209, 212 (1984), and the fact that the position is appointed does not address the more fundamental question of whether the Chief Water Judge is a "person employed by an agency" under Mont. Code Ann. § 2-18-601(4) for purposes of the state leave policies.

The term "agency" is defined as "any legally constituted department, board, or commission of state, county, or city government or any political subdivision thereof." Mont. Code Ann. § 2-18-601(1). The terms "department, board, or commission" more aptly describe the executive branch of government, not the judiciary. See Mont. Const. art. VI, § 7 (allocating not more than 20 departments, which make up the executive branch of government). The judiciary is an independent branch of government, unattached to any department, board, or commission. See Mont. Const. art. VII.

It is noteworthy that the judiciary is specifically mentioned in other provisions of title 2, chapter 18. In Mont. Code Ann. § 2-18-103, the legislature has exempted judges and their employees from state employee classification, compensation, and benefits. The legislature could have similarly referenced the judiciary in Mont. Code Ann. § 2-18-601 had it intended to include judicial officers within its scope. The fact that it did not, using instead terms which generally describe the executive branch, suggests that the legislature did not consider the judiciary as an "agency" for purposes of the state leave policies.

Not only does the statutory language of Mont. Code Ann. § 2-18-601(4) favor this interpretation, but the Separation of Powers Clause demands such a result. The Separation of Powers Clause of the Montana Constitution provides:

The power of the government of this state is divided into three distinct branches-legislative, executive, and judicial. No person or persons charged with the exercise of power properly belonging to one branch shall exercise any power properly belonging to either of the others, except as in this constitution expressly directed or permitted.

Mont. Const. art. III, § 1.

If the state leave policies apply to judicial officers, the legislative branch has effectively dictated work hours of the judiciary and placed supervisory control of those hours in the hands of the executive branch. By statute, the department of administration or the administrative officer of any county, city or political subdivision is authorized to oversee administration of employee annual, sick and military leave. Mont. Code Ann. § 2-18-604. In addition, the department is authorized to "promulgate rules necessary to achieve the uniform administration of these provisions and to prevent the abuse thereof." Id. Pursuant to these statutes, an administrative officer could feasibly require a judge to report work hours on

a form devised by the department in order to monitor compliance with the state leave policies. This is an executive infringement on the judicial branch of government.

Under article VII, section 2(2), supervisory authority over inferior courts lies exclusively within the control of the Supreme Court. Furthermore, disciplinary action against a judicial officer is under the exclusive jurisdiction of the Judicial Standards Commission. Mont. Const. art. VII, § 11. The legislature cannot delegate supervisory authority of the judiciary to the executive branch without running afoul of these provisions, as well as the Separation of Powers Clause.

The Supreme Court's decision in Coate v. Omholt, 203 Mont. 488, 662 P.2d 591 (1983), is illustrative. In that case, the Montana Supreme Court struck down a statute which imposed sanctions on judges if judicial decisions were not rendered within the procedural restraints and time limits set by statute. The Court observed:

"Courts are an integral part of the government, and entirely independent, deriving their powers directly from the Constitution, in so far as such powers are not inherent in the very nature of the judiciary. A court of general jurisdiction, whether named in the Constitution or established in pursuance of the provisions of the Constitution, cannot be directed, controlled, or impeded in its functions by any other departments of the government. The security of human rights and the safety of free institutions require the absolute integrity and freedom of action of courts."

Id., 203 Mont. at 494, 622 P.2d at 595, citing State ex rel. Kostas v. Johnson, 69 N.E.2d 592, 595 (Ind. 1946). The Court concluded that legislation imposing time limits for judicial action violated the separation of powers clause in article III, section 1. The same reasoning applies here. The legislature cannot require judges to abide by administrative rules governing their work hours. Montana Code Annotated § 2-18-601(4) must be construed to avoid this result.

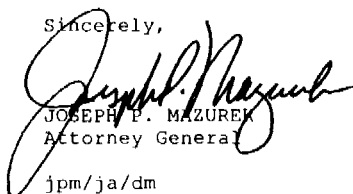

This opinion does not address the broader question of whether employees within the judicial branch, other than judges, are subject to the state leave policies. However, it is clear that the legislature cannot dictate work hours for the Chief Water Judge or delegate supervision of the judge's work hours to the Department of Administration without violating the constitutional principles discussed above. Since I am obligated to construe statutes to avoid constitutional infirmities if reasonably possible, Department of State Lands v. Pettibone, 216

Mont. 361, 374, 702 P.2d 948, 956 (1985), I interpret the phrase "employed by an agency" in Mont. Code Ann. § 2-18-601(4) to exclude judicial officers, whether elected or appointed.

THEREFORE, IT IS MY OPINION:

The Chief Water Judge is not subject to the state leave policies in Mont. Code Ann. title 2, chapter 18, part 6.

Sincerely,

JOSEPH P. MAZUREK
Attorney General

Ms. Christine A. Cooke
Big Horn County Attorney
P.O. Box 908
Hardin, MT 59034-0908

Dear Ms. Cooke:

You have requested my opinion concerning the following questions:

Where a county library is funded by a general fund levy under Mont. Code Ann. § 7-6-2501 and not under Mont. Code Ann. § 22-1-304(1), does the board of county commissioners have the authority to:

1. modify the annual budget submitted by the county library trustees?
2. modify the determination by the library trustees as to the amount of pay increases to library personnel?

Resolution of these issues requires a review of the statutes creating the Big Horn County Library (library) and the extent of statutory authority given to the board of library trustees in its governing of the library.

The library is a free public library established under Mont. Code Ann. title 22, chapter 1, part 3. As such, it is governed by a board of five appointed trustees. Mont. Code Ann. § 22-1-308; 41 Op. Att'y Gen. No. 91 (1986). The library trustees have a broad range of powers and duties. Mont. Code Ann. §§ 22-1-309, -310; 41 Op. Att'y Gen. No. 91 (1986); see also Municipal Employees Local 2390 v. City of Billings, 171 Mont. 20, 24, 555 P.2d 507, 509 (1976). The trustees are given exclusive control of the expenditures of the public library fund, the construction or lease of library buildings, and the operation and care of the library. Mont. Code Ann. § 22-1-309. The trustees also have the duty to appoint and set the compensation for the chief librarian and, with the recommendation of the chief librarian, "shall employ and discharge such other persons as may be necessary in the administration of the affairs of the library, fix and pay their salaries and compensation, and prescribe their duties." Mont. Code Ann. § 22-1-310. Furthermore, § 22-1-309(9) provides that the library trustees shall "exercise such other powers, not inconsistent with law, necessary for the effective use and management of the library."

In addition, library trustees have exclusive control of a library's budget. 41 Op. Att'y Gen. No. 91 at 394-95; see also Mont. Code Ann. § 7-6-2348(1) (the proposed budget and the number of mills to be assessed by any appointed board, commission, or other government entity are subject to approval by the local governing body, except a board of trustees of a public library and an airport authority). Specifically, Mont. Code Ann. § 22-1-309(6) mandates that library trustees "prepare an annual budget, indicating what support and maintenance of the public library will be required from public funds." The trustees must submit the budget to the county commissioners, § 22-1-309(6), and the county commissioners "may impose a property tax levy not to exceed five mills for the purpose of raising the funds required to maintain the library." 41 Op. Att'y Gen. No. 91 at 394, citing Mont. Code Ann. § 22-1-304(1). If the library is funded through the statutory special tax levy under § 22-1-304, the maximum five-mill levy amount may be exceeded only upon a majority vote of the qualified electors at the general election. See Mont. Code Ann. § 22-1-304(2)(a)-(d). When a county chooses to fund its library through the general fund levy a public vote is not necessary for the county to provide the library with funding in excess of five mills.

Previous Attorney General's Opinions have acknowledged the broad statutory powers and duties vested in a board of library trustees and the autonomy given to the trustees in governing the library. 42 Op. Att'y Gen. No. 98 (1988); 41 Op. Att'y Gen. No. 91 (1986). In 41 Op. Att'y Gen. No. 91, Attorney General Greely

considered whether a board of county commissioners could: (1) override a decision by library trustees to grant pay increases to library personnel; (2) modify the annual budget submitted by the library trustees even though it did not exceed the five-mill limit; and (3) refuse to levy any millage for the funding of the library. Attorney General Greely rejected the proposition that a board of county commissioners could override the decision of library trustees regarding pay increases. Relying on the broad statutory powers and duties given library trustees under § 22-1-310, Attorney General Greely concluded that the trustees' express authority to fix compensation for library employees prohibits a board of county commissioners from establishing a different wage level. 41 Op. Att'y Gen. No. 91 at 395.

Attorney General Greely also concluded that a board of county commissioners has no authority to modify the budget submitted by library trustees, explaining:

The trustees' power under section 22-1-309(6), MCA, to adopt an annual budget forecloses the board of county commissioners from effecting changes in such budget. The obvious purpose of the trustees' authority in library budget matters is to allow application of their informed judgment to fiscal issues. Such authority is, moreover, an integral aspect of the trustees' independence without which many of their other express powers would be rendered meaningless. The board of county commissioners' only role in library budget matters is to assign a property tax levy amount, which presently cannot exceed five mills, sufficient to satisfy the budgetary needs. The commissioners' function is thus purely ministerial with respect to the imposition of the levy.

Id. Finally, Attorney General Greely concluded that a board of county commissioners did not have the authority within the statutory five-mill limit to refuse to levy some or all of the property taxes necessary to satisfy the library budget prepared by the trustees. Id. at 395-96.

The broad powers and duties of library trustees were also discussed in 42 Op. Att'y Gen. No. 98 (1988), which held that a city commission did not have authority to overrule a decision by city library trustees not to sell or lease a parking lot held in the name of the city and purchased to serve the library's parking needs. Relying on 41 Op. Att'y Gen. No. 91, Attorney General Greely stated, "Insofar as the library trustees have been given explicit authority under the Library Systems Act, their determinations may not be subjected to plenary review and possible modification by the city commission." 42 Op. Att'y Gen. No. 98 at 381.

You have stated that the library is not financed through the five-mill levy under § 22-1-304(1), but rather through the county general fund which is funded by the mill levy under Mont. Code Ann. § 7-6-2501. Last year, the county commissioners provided the library with approximately nine mills for its budget. You believe that because the library is funded through the general fund rather than § 22-1-304, the final authority to decide the library's budget and possible pay increases for library staff no longer rests with the library trustees but with the county commissioners. I conclude otherwise.

Big Horn County's funding of the library through the general fund does not allow county commissioners to usurp the library trustees' statutory authority in setting the library's budget and compensation for the library staff. In enacting the statutes regarding free public libraries, the legislature clearly intended that library trustees be given independent power to manage and operate libraries without the threat of being censored by a city or county government. See Mont. Code Ann. §§ 22-1-309, -310; 41 Op. Atty Gen. No. 91 at 394-95. To hold that a board of county commissioners could usurp the library trustees' express statutory authority by simply funding the library's budget through the general fund would defeat the very purpose of free public libraries and render meaningless §§ 22-1-301 to -317. Accordingly, if the county commissioners fund the library's budget through the general fund, the power to decide the budget and library staff compensation still rests with the library trustees as set forth in Mont. Code Ann. §§ 22-1-309 and -310.

Although the county commissioners cannot modify specific parts of the budget adopted by library trustees if the library's budget is funded through the general fund, the commissioners may limit the overall funding of the budget to five mills as if it were being funded pursuant to tax levy under Mont. Code Ann. § 22-1-304. To find otherwise would allow library trustees to adopt a budget that could assume the entire general fund levy. Moreover, in enacting § 22-1-304, the legislature only intended, absent a vote pursuant to § 22-1-304(2), that a county governing body be responsible for funding a library at a five-mill levy amount. To disregard that five-mill limit simply because the library is funded through the general fund would ignore the clear intent of the legislature. Many counties, such as Big Horn County, currently fund their libraries at an amount greater than five mills, and this opinion should in no way be construed to prohibit or discourage that worthy practice.

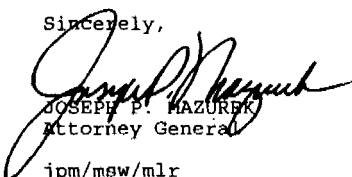

THEREFORE, IT IS MY OPINION:

1. A board of county commissioners does not have the authority to modify the annual library budget submitted by the library trustees even if the library is funded by a general fund levy, except that the board of county commissioners may limit the amount of

general fund tax revenue requested in the budget by the library trustees to that amount generated by a tax levy of five mills.

2. A board of county commissioners does not have the authority to modify the library trustees' decisions regarding library staff compensation even if the library is funded by a general fund levy.

Sincerely,

JOSEPH P. MAZUREK
Attorney General

ACCUMULATIVE TABLE

The Administrative Rules of Montana (ARM) is a compilation of existing permanent rules of those executive agencies which have been designated by the Montana Administrative Procedure Act for inclusion in the ARM. The ARM is updated through March 31, 1999. This table includes those rules adopted during the period April 1, 1999 through June 30, 1999 and any proposed rule action that was pending during the past 6-month period. (A notice of adoption must be published within 6 months of the published notice of the proposed rule.) This table does not, however, include the contents of this issue of the Montana Administrative Register (MAR).

To be current on proposed and adopted rulemaking, it is necessary to check the ARM updated through March 31, 1999, this table and the table of contents of this issue of the MAR.

This table indicates the department name, title number, rule numbers in ascending order, catchphrase or the subject matter of the rule and the page number at which the action is published in the 1998 and 1999 Montana Administrative Registers.

To aid the user, the Accumulative Table includes rulemaking actions of such entities as boards and commissions listed separately under their appropriate title number. These will fall alphabetically after department rulemaking actions.

BOARD APPOINTEES AND VACANCIES

Section 2-15-108, MCA, passed by the 1991 Legislature, directed that all appointing authorities of all appointive boards, commissions, committees and councils of state government take positive action to attain gender balance and proportional representation of minority residents to the greatest extent possible.

One directive of 2-15-108, MCA, is that the Secretary of State publish monthly in the *Montana Administrative Register* a list of appointees and upcoming or current vacancies on those boards and councils.

In this issue, appointments effective in April 1999, appear. Vacancies scheduled to appear from June 1, 1999, through August 31, 1999, are listed, as are current vacancies due to resignations or other reasons. Individuals interested in serving on a board should refer to the bill that created the board for details about the number of members to be appointed and necessary qualifications.

Each month, the previous month's appointees are printed, and current and upcoming vacancies for the next three months are published.

IMPORTANT

Membership on boards and commissions changes constantly. The following lists are current as of May 10, 1999.

For the most up-to-date information of the status of membership, or for more detailed information on the qualifications and requirements to serve on a board, contact the appointing authority.
