MASTER’S REPORT

Claim 41E 94219-00 appeared in the Preliminary Decree with the following issue remark:

EXISTENCE OF THE CLAIMED RESERVOIR CANNOT BE CONFIRMED WITH AVAILABLE DATA.

The issue remark was not addressed through the objection process. The Water Court is required to resolve the issues raised by each issue remark. Section 85-2-248, MCA.

Under Section 85-2-248(3), MCA, information in the claim file or other information obtained by the Court can be reviewed to determine if it provides a sufficient basis to resolve the issue

raised by a remark and the Court can provide the claimant an opportunity to file additional information or evidence.

The February 5, 2024 Order Consolidating Case and Order Setting Deadlines Pursuant To Section 85-2-248(5), MCA set filing deadlines for the Montana Department of Natural Resources and Conservation [“DNRC”] and the claimant. On March 8, 2024 the DNRC Memorandum was filed providing recommendations based on discussions with the claimant’s family. Nothing was filed by the claimant. The May 15, 2024 Order Updating Caption And Service List and Order Setting Filing Deadline Pursuant to 85-2-248, MCA states:

If Mr. Renskers agrees with the recommendations, he does not need to file anything. If the Mr. Renskers disagrees with the recommendations, a written response must be filed stating the items of disagreement. Therefore, it is ORDERED that the deadline is **June 17, 2024** for Stanley D. Renskers to file a written response to the DNRC recommendations *if he disagrees with the recommendations*. If no written response is filed by June 17, 2024, the Court will conclude that Stanley D. Renskers agrees with the DNRC recommendations.

Nothing was filed by the claimant. These documents are viewable in the Court’s FullCourt Enterprise case management system.

APPLICABLE LAW

“All issue remarks to claims that are not resolved through the filing of an objection as provided in 85-2-233 must be resolved as provided in this section.” Section 85-2-248(2), MCA.

A properly filed Statement of Claim for Existing Water Right is prima facie proof of its content pursuant to section 85-2-227, MCA. This prima facie proof may be contradicted and overcome by other evidence that proves, by a preponderance of the evidence, that the elements of the claim do not accurately reflect the beneficial use of the water right as it existed prior to July 1, 1973. This is the burden of proof for every assertion that a claim is incorrect including for claimants objecting to their own claims. Rule 19, W.R.Adj.R.

FINDINGS OF FACT

1. The DNRC Memorandum states that the reservoir does exist at its claimed location. The point of diversion does not require change. The reservoir issue remark should be removed as addressed and resolved.
2. The Preliminary Decree also includes the following notice remarks:

THE CLAIMANT DID NOT IDENTIFY THE PERIOD OF DIVERSION FOR THIS RIGHT. A PERIOD OF DIVERSION HAS BEEN ADDED TO MATCH THE PERIOD OF USE. IF NO OBJECTIONS ARE RECEIVED TO THE PERIOD OF DIVERSION OR PERIOD OF USE, THOSE ELEMENTS WILL BE DECREED AS SHOWN ON THIS ABSTRACT AND THIS ISSUE REMARK WILL BE REMOVED FROM THIS CLAIM.

POINT OF DIVERSION AND RESERVOIR RECORD WERE MODIFIED AS A RESULT OF DNRC REVIEW UNDER MONTANA WATER COURT REEXAMINATION ORDERS. IF NO OBJECTIONS ARE FILED TO THIS CLAIM, THESE ELEMENTS WILL REMAIN AS THEY APPEAR ON THIS ABSTRACT AND THE REMARK WILL BE REMOVED FROM THE CLAIM.

The remarks do not raise unresolved issues which need to be addressed. These remarks should be removed as having served their notice purposes.

CONCLUSION OF LAW

The information provided by the DNRC and the claimant is sufficient to resolve the issue remarks without evidentiary hearing. Sections 85-2-248(3) and (11), MCA.

RECOMMENDATIONS

Based upon the above Findings of Fact and Conclusion of Law, this Master recommends that the Court make the changes specified in the Findings of Fact to correct the Preliminary Decree for this Basin. A Post Decree Abstract of Water Right Claim is served with this Report to confirm the recommended changes have been made in the state's centralized record system.
