

2/2/21

**Role of Prosecutor
now displays as
“Govt Attorney”**

All attorneys who work for the State of Montana will now register in E-Filing with the role of “Govt Attorney.” This applies to City and County Attorneys as well as attorneys for all state agencies.

Version 7.2.1

Previously, the role was displayed as “Prosecutor.” The only change is that the role now displays as “Govt Attorney.”

For individuals already registered as “Prosecutor,” no additional action is needed, as the display will automatically change to “Govt Attorney.”
