

3756

STATE OF MONTANA

Office of Governor

RESCINDED
FEB 1, 1982

EXECUTIVE ORDER 1-69

Executive Order Establishing a Counselor System and an Eight-hour day and Forty-hour Week for Counselors Employed at the Montana Children's Center at Twin Bridges.

It has been called to the attention of the Governor that employment conditions of certain employees of the Montana Children's Center at Twin Bridges, Montana, are not in compliance with the Federal Wage Hour Legislation.

Failure to comply with the Federal Wage Hour Legislation will result in a loss of Federal educational funds at the Montana Children's Center elementary and secondary schools in the amount of \$60,000 per biennium. Federal law requires that this institution be in compliance no later than February 1, 1969.

The Director of Institutions of the State of Montana has recommended that the existing cottage-parent system be abandoned at the Montana Children's Center and a counselor system initiated in its place and that such counselors be employed upon the basis of the eight-hour day and forty-hour week. This change will place the institution in compliance with all Federal legal requirements.

1-69

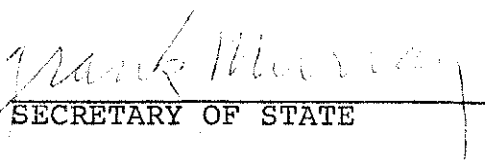

3756

THEREFORE, I, FORREST H. ANDERSON, Governor of the State of Montana, pursuant to the authority invested in me, order that effective February 1, 1969, the counselor system of employment be initiated at the Montana Children's Center at Twin Bridges, Montana and that all employees working under such system be employed for an eight-hour day and a forty-hour week.

Given under my hand and the Great Seal of the State of Montana this 31st day of January in the year of our Lord, One Thousand Nine Hundred and Sixty-Nine.

GOVERNOR

BY THE GOVERNOR:

SECRETARY OF STATE
