

STATE OF MONTANA  
Office of Governor  
EXECUTIVE ORDER 1-70

RESCINDED  
Feb. 1, 1982

Executive Order Transferring the Commodity Distribution Program from the Department of Administration to the Department of Public Welfare.

-----  
The Commodity Distribution Program is a federally sponsored program of the United States Department of Agriculture presently being administered in Montana by the Department of Administration. Because the Department of Administration has no direct field contact with the various recipients of the commodities, administration of the program is hampered.

The State Department of Public Welfare has close contact with all eligible recipients of commodities and could effectively coordinate the Commodity Distribution Program with other state assistance programs.

THEREFORE, I, FORREST H. ANDERSON, Governor of the State of Montana, pursuant to the authority invested in me, order that effective the first day of July, 1970, the administration of the Commodities Distribution Program be transferred from the Department of Administration to the State Department of Public Welfare. All funds appropriated for and all personnel, supplies and equipment dedicated to the administration of the Commodity Distribution Program are transferred to the State Department of Public Welfare as of July 1, 1970.

Given under my hand and the GREAT SEAL of the State of Montana this 4th day of September, in the year of our LORD, One Thousand Nine Hundred and Seventy.

  
FORREST H. ANDERSON, Governor

STATE OF MONTANA  
Office of Governor  
EXECUTIVE ORDER 2-70

RESCINDED  
Feb 1, 1982 4006

Executive Order Terminating the Existence of the Advisory Council  
for the Technical Services Act.

Under the State Technical Services Act of 1965 (Public Law 89-182) the Governor designated the Bureau of Business and Economic Research at the University of Montana as the Montana agency responsible for administering the technical services program in Montana under the Act. In 1966, by Executive Letter, the Governor appointed twelve members for indefinite terms to the "Advisory Council for The Technical Services Act" to advise the Bureau of Business and Economic Research.

The Federal program has since been discontinued; the Advisory Council for the Technical Services Act has performed the functions for which it was created and is now inactive and without purpose. However, the membership of the Advisory Council is still noted on official records.

THEREFORE, I, FORREST H. ANDERSON, Governor of the State of Montana, pursuant to the authority invested in me, order that effective October 28, 1970, the existence of the Advisory Council for the Technical Services Act shall cease.

Given under my hand and the GREAT SEAL of the State of Montana this Twenty-Seventh day of October, in the year of our LORD, One Thousand Nine Hundred and Seventy.

  
FORREST H. ANDERSON, Governor
