

MINUTES OF THE MEETING
SENATE STATE ADMINISTRATION COMMITTEE
FEBRUARY 2, 1977

The meeting was called to order by Senator Towe, Chairman, at 11:00 a.m. in Room 410 of the Capitol Building. Committee members present were Senators Towe, Story, Brown, Rasmussen, Roskie, Jergeson and Blaylock.

The committee met in Executive Session from 11:00 a.m. to 11:30 a.m.

Senator Towe explained the Legislative Administration Committee had officially stated there were to be no more recordings or transcripts of any appointment hearings and that any transcripts which were being worked on were to be terminated immediately.

After discussion, Senator Blaylock moved to inform the Legislative Administration Committee that the State Administration Committee would not send up any further appointments until the Legislative Administration Committee rescinded its action regarding completion of the transcripts on Mr. Lackman and Dr. Wambach.

There was further discussion of the transcripts and a discussion of the salary being paid the committee secretary. Senator Towe remarked Mrs. Rohyans' salary had been set at the base level for committee secretaries despite the fact there were as many, and in some instances more, bills in State Administration as in the three "heavy" committees, i.e. Judiciary, Taxation, and Finance and Claims. Further, State Administration was also handling close to one hundred state appointments and hearings on a number of those appointments. It was also noted that Mrs. Rohyans is one of the few secretaries with prior legislative experience. The committee agreed the Legislative Administration Committee should be approached regarding this situation also.

Senator Roskie seconded the motion and the motion carried with Senator Rasmussen voting No. Senator Devine will be given the opportunity to vote on the matter. A letter will be prepared by the Chairman requesting a meeting of the Legislative Administration Committee to consider action by the committee.

Executive Session was closed and the following bills were discussed in hearings:

SB 120
SB 121
SB 183
SB 101

SB 120 Senator Story, District 37, stated the bill is very similar to SB 101 and is intended to put the citizen on a par with state regulatory agencies. He stated it would prevent capricious rule-making as it would only take a request by ten or more senators to request a review of a regulation.

Proponents

Rod Gudgel, representing the Montana Nursing Homes Association, stated support of the bill saying we must have checks on unrestrained rule-making.

Doris Dietzen from the Secretary of State's Office, spoke neither in support or opposition, but suggested amendments were needed to make the bill workable and offered to meet with the committee in that regard.

Senator Roskie stated the Administrative Code Committee is meeting soon and requested those interested to meet with them to work out problems.

Opponents

Bob Lohn, attorney from the Governor's office, opposed the bill and suggested the bill be referred to the Administrative Code Committee. He stated under joint rules the legislature can now act on rules as five are now under consideration.

Bob Cochran, counsel for the Department of Revenue, reminded the committee of the testimony on SB 101 and urged support of the Administrative Code Committee's work.

Senator Story closed by saying he supported the Administrative Code Committee and its work. He was concerned that an individual who is adversely affected by a rule should not have to bear the burden to prove the point but rather, that burden should be on the state. He stated he wasn't too sure there are many departments of government who are concerned about individual's rights.

There being no further proponents or opponents the hearing was opened to questions by members of the committee.

Meeting Minutes
Senate State Administration
February 2, 1977
Page Three

SB 121 Senator Manley, District 14, sponsor of the bill, stated the purpose of the bill is to return the property tax assessment of property in the county to the county government. He felt the proposal should be submitted to the electors for their decision.

Floyd Irion, Chairman of the Powder River County Commissioners presented a fact sheet to the committee (see attached #1). He also is Chairman of the Committee for Local Control of Taxation. He felt there is not equalization existent now and gave examples of that problem in his county. He felt that by submitting the problem to the people they can make their choice.

Ken Nyquist, Roosevelt County Commissioner, stated he concurred with Irion and felt the issue should be submitted to the electorate.

Leo Kamp, Yellowstone County Commissioner, stated he supported the previous testimony. His input from the people in his county was strongly in favor of putting the issue on the ballot.

Dan Carrigan, Lake County Commissioner, stated he fully supported the previous testimony.

John St. Germaine, Cascade County Commissioner, stated he has dissatisfied people in his office constantly and feels they should be able to vote on the issue.

Mr. Jensen concurred with previous testimony.

George Sager, Gallatin County Commissioner, stated the Gallatin County Commissioners were being sued by the Gallatin Stockmen and the stockmen won \$160,000. The Commissioners are now in trouble with the school districts as the schools feel they should have their money regardless if taxes are paid. The assessor is elected by the voters in Gallatin County and directed by the Department of Revenue, and he finds himself in a no man's land.

May Jenkins, Yellowstone County Treasurer, presented her statement in support (see attached #2).

Ray White, Gallatin County Assessor, stated the troublemakers are just aware taxpayers. He said he has had seven lawsuits filed against him in the last two years. He quoted figures showing the increase in valuations in the last six years that amounted to over \$500,000. The situation has caused chaos in his office the last three years and his staff can't keep up. It is up to him to get the assessment figures on which the County Commissioners base their budget and as a result of the present situation, the commissioners are not able to even begin a budget.

Senator Ed Smith, District 1, co-sponsor of the bill, thanked everyone who came and testified. He said he believes in equalization as the closer taxes are kept to the people, the better they'll be paid. If the legislature can't find out what is going on, how can the people? He stated a mass reappraisal program will create total chaos.

Darlene O'Leary, Lewis and Clark County Treasurer, stated she supported the measure completely.

John Thompson, Gallatin County Tax Appeal Board, stated the rules aren't consistent even in Helena. He stated the system is terrible and must be straightened out immediately.

Bill Asher, representing the Agricultural Preservation Society, from Bozeman, stated full support of the bill.

Opponents

Dennis Burr, Department of Revenue, stated section 4 takes away local appraisal powers and that may be in conflict with what the authors want to do. He stated this was the most controversial section of the new Constitution and the people had the opportunity then to correct the situation.

He realized there are problems such as sharing offices in some counties and salaries being different due to the state pay plan being higher than many counties.

He stated the Tax Appeal Board does travel the state and that many standardized assessments have been established.

There being no further proponents or opponents, Senator Manley asked Mr. Irion to close. Mr. Irion stated the whole meat of the argument is not the pro or con of the actual functioning, but whether or not the people can vote on the issue.

Senator Manley stated he would support any amendments which would clarify the bill.

Questions from the Committee:

Senator Blaylock asked if good help had been lost in Yellowstone County and why.

The assessor answered they had, definitely, due to salaries not being commensurate with the rest of the courthouse staff. He believed the assessor should, as an elected official, be an employee of the county and not of the state and he has requested an Attorney General's opinion on the matter.

Several questions were voiced concerning the merits of a joint tax commission. It was felt this might be more acceptable on the local level because local input would be recognized. However, there was disagreement with the concept of commissioners from one county making decisions in other counties.

There being no further discussion, the hearing was closed.

SB 183 Senator Roberts, District 11, sponsor of the bill, stated it deals with the pension fund for volunteer firemen in unincorporated areas. The money has gone into an earmarked fund and reached the \$1,000,000 several years ago. The fund is solvent and doing well and the bill would raise the premium to \$100. He stated Mr. Nachtsheim has no objection to the increase.

Proponents

Art Korn, Secretary of the Montana State Volunteer Firemen's Association, spoke in support of the bill.

Andy Keily, Industrial Accident Board, stated he had no objection to the bill.

Dave Fisher, representing the Montana State Firemen's Association, stated they wished to be on record supporting the bill if the money is available.

R. A. Ellis, Helena Valley Fire Department, stated his support of the bill.

Henry Lawrence of the Montana State Firemen's Association urged support of the bill.

There being no further proponents and no opponents, the hearing was opened to questions by the committee.

Senator Story asked how many volunteer firemen are there.

Mr. Fisher answered 9,000.

Senator Towe asked how much a fireman contributes to the fund.

Mr. Fisher replied nothing.

Senator Towe asked how the fund is funded.

Senator Roberts stated five percent of the fire insurance premium goes into the fund.

Mr. Fisher stated Montana has the only fully funded pension program in the United States.

Senator Story stated he would like to hear from Mr. Nachtsheim regarding the future health of the plan.

Senator Towe stated Mr. Nachtsheim would be invited to answer any questions regarding the fund.

Senator Brown asked Mr. Korn to review the procedure for setting up a volunteer fire department and further asked how many volunteer firemen associations there are in the state.

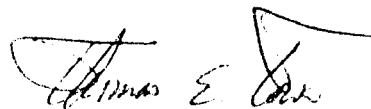

Mr. Korn reviewed the procedure and stated there are 301 associations presently active in the state.

There being no further questions, the hearing was closed.

SB 101 Senator Jergeson moved the amendments to the bill (see attached committee report). THE MOTION CARRIED UNANIMOUSLY WITH SENATORS DEVINE AND ROSKIE ABSENT.

Senator Jergeson moved SB 101 Do Pass As Amended. THE MOTION CARRIED UNANIMOUSLY WITH SENATORS DEVINE AND ROSKIE ABSENT.

There being no further business, the meeting adjourned to reconvene February 4 at 11:00 a.m.

A handwritten signature in dark ink, appearing to read "Thomas E. Towe", is written above a horizontal line.

TO: STATE ADMINISTRATION SENATE COMMITTEE

Senator Tom Tove, Chairman

Senator Pete Story, Vice Chairman

Members Bob Brown, Tom Rasmussen, George Roskie, John Devine,
Greg Jergeson, Chet Blaylock

FROM: COMMITTEE FOR LOCAL CONTROL OF TAXATION

RE: Senate Bill 121 FACT SHEET giving a few of the reasons for our
support of change from STATE CONTROL to LOCAL CONTROL OF TAX
ADMINISTRATION. (July 1, 1973 the state assumed responsibility
of tax administration as mandated by the NEW CONSTITUTION and the
Dept. of Revenue was assigned duty of implementation)

The staggering sum of \$25,214,800.00 has been appropriated to
the Dept. of Revenue through the biennium ending July 30, 1977. And this does not
include the cost at the local level, particularly in the Clerk and Recorder's office
in keeping accurate and legal records of service agreements, equipment use and rental
contracts between state and county.

County government spends approximately \$20,000,000.00 annually
to finance multiple services for a minimum of half million people in 56 counties, in-
cluding:

1. Collecting all local, all school, most city and town, ^{and} state taxes.
2. Conduct all state, federal and county elections; provide assistance in all elections.
3. Maintain and audit all school and county financial records.
4. Record and safe-keep for the public, over 100 different kinds of legal documents
in such a manner that they are available for instant retrieval for the public.
5. Issue all vehicle licenses, collect taxes thereon; issue driver licenses.
6. Provide district court services; maintain law enforcement.
7. Maintain an information bureau for all state and federal agency services.
8. And many many more services too numerous to mention.

Our committee members feel little has been accomplished by the
State Dept. of Revenue and at a very high cost to the taxpayers.....see below:

1. The last reappraisal was done by many counties in less than 3 yrs at a low cost.
2. Jan. 1977...three state agency men from Helena arrive in county via Miles City,
they walk in and immediately call Miles City for motel reservations. They arrived
in local office at approximately 3:30 P.M.-----went for coffee and left at 4:30 P.M.
3. In many of the 56 counties new appraisers were hired without receiving any instruc-
tion. They were not allowed to exchange work with the Assessor as had been done.
Many days they had absolutely nothing to do but were not allowed to assist any county
officers.....The low cost of county government sited above is not achieved in this

COMMENTS: Attached

Yellowstone 9/6/97 Ben D. May, Jackson
Yellowstone County, Wyo.

Mr. Norman & Members of their Comm.

Ladies & Gentlemen
I am Ben D. May, Jackson, Yellowstone
County, Wyo. Also Vice Pres. of
the Mont. Elected County Officials.
Today I speak in behalf of the
M.E.C. Officials, who are made
up of the following asso's:

Mont. Treasurers Assn.

" Clerk & Recorders "

" Clerk of Dist. Court "

" County Superintendents "

" Sheriffs "

Mont. Elec. Officials make up
an umbrella committee. This
committee elects 3 delegates a
year from their asso. to meet
with other asso. members to
discuss problems that arise in
County Govt. They are given
the full power & support of their
asso. to speak out on issues
concerning our positions & offices.
It is with this authority I
speak in support of A.B. 121
Further as Co. Treasurer for

6 years - I have worked ~~with~~
the County Assessors before and
after the State took over. It was
truly an experience to see the
difference between the two offices
since they, the assessors, have
come under the State jurisdiction.
With due respect to Credit Groves
our Co. Assessor ~~who~~ I have seen
an almost complete turn over
in employees in that office ^{since the state over} took.
Of course makes it difficult
for the Treasurer to work as
closely with employees who are
not familiar with the tax
structure. ~~and~~ ^{therefore} they
are most cooperative in every
way ~~when asked they can be~~.

The does not leave the working
of either office over night. It takes
months of training to familiarize
yourself with codes & tax
structure. ~~These therefore are the~~
~~past the assessor & the~~
The Treasurer and Assessor
must work very closely ^{together} as
our work is related in every
way. The assessor assesses
the tax. The treasurer collects the tax.

3) <sup>Excluded
it is account
now assessment.</sup>
assess. I speak ~~and~~ on behalf
of many Treasurer who share
the same feeling. I urge
your support for I.B. 121.
Thank you

Mary Perkins
I too concur with Comm. Lion
remarks.

To:
Committee on State Administration
Hon. Thomas Towe, Chairman
Hearing On Senate Bill 121

Mr. Chairman and Committee Members:

I wish to urge approval of Senate Bill 121 which would place on the ballot an amendment to Article VIII of the Montana Constitution to return property tax assessment to the counties within which such property is located. The assessment of property by the State Department of Revenue, has not allowed for efficient and equitable taxation between counties as it was intended to do under the present system. There is no reason equitable taxation and levying of state levies between counties cannot be achieved through control, under state law, at the local level.

STANDING COMMITTEE REPORT

February 7

19 77

MR. President

We, your committee on State Administration

having had under consideration Senate Bill No. 101

Respectfully report as follows: That Senate Bill No. 101, introduced bill, be amended as follows:

1. Amend title, line 5.

Following: "RULES"

Insert: "TO WHICH AN OBJECTION HAS BEEN FILED BY A LEGISLATOR"

2. Amend page 1, section 1, line 9.

Following: line 8

Strike: section 1 in its entirety

Insert: "Section 1. Legislator's objections — repeal. A rule adopted or amended by agencies since the convening of the previous regular session is only temporarily effective until the end of the regular session of the legislature convened following its adoption. If any five legislators during the first seven legislative days of the session, object to a rule by filing a statement setting forth reasons for their objection with the legislature and the department head of the agencies adopting the rule, the rule is repealed effective the last day of that session unless the legislature by joint resolution reaffirms the rule, or replaces with a new rule in accordance with the objections stated."

~~DO PASS~~

Renumber: subsequent sections

B.A.

Page 2
Senate Bill 101

3. Amend page 1, section 2, line 18.

Following: "an"

Strike: "order"

Insert: "objection"

4. Amend page 1, section 2, line 19.

Following: "by"

Strike: "an act"

Insert: "a joint resolution"

5. Amend page 1, section 2, line 24.

Following: "rule"

Insert: "but may adopt a rule in accordance with the objections"

6. Amend page 1, section 3, line 25.

Following: line 24

Strike: section 3 in its entirety

Reinsert: subsequent section

7. Amend page 2, section 4, line 6.

Following: "session"

Strike: "adjourned"

Insert: "to which objections have been filed"

AND AS SO AMENDED, SO PASS

Chairman

G.A.
