The Executive had not figured the salaries on a direct care staff/patient ratio of 1:1. In order to come up close to that ratio, the committee raised the Executive's figures for personal services to \$6,065,000 for FY'80 and \$5,803,456 for FY'81. The committee also would like to have it stated in the appropriations bill that this budget was based on a 1:1 staff/patient basis for direct care and then also define direct care. The committee would also like to put language in the bill regarding the closure of the two old cottages by 1981.

The LFA presented new figures of \$572,215 for FY'80 and \$583,401 for FY'81 for supplies. The Executive's new figures were \$577,216 for FY'80 and \$589,406 for FY'81. After discussing the differences, the committee recommended and accepted \$574,715 for FY'80 and \$585,901 for FY'81.
