### MINUTES OF THE MEETING STATE ADMINISTRATION COMMITTEE MONTANA STATE SENATE

February 16, 1981

The twenty-eighth meeting of the Senate State Administration committee was called to order by Senator Pete Story, Chairman, on the above date, in Room 442, of the State Capitol Building at 10:00 a.m.

ROLL CALL: All members of the committee were present.

#### CONSIDERATION OF SENATE BILL 437:

AN ACT ELIMINATING THE REQUIREMENT TO PROVIDE PAPER BALLOTS WHERE VOTING MACHINES ARE USED.

Sen. Mike Anderson, district 40, asked that this be put on the Consent Calendar. This bill eliminates paper ballots.

#### **PROPONENTS:**

Bill Romine, speaking for the clerk and recorders, stated it is too expensive to provide paper ballots.

#### **OPPONENTS:**

Margaret Davis, LWV, stated that there are some people who distrust or are unfamiliar with the devises on the machines; also, there can be malfunctions, etc. Elections are held for the voters, expensive, but a part of the process.

Questions from the committee: Sen. Hafferman asked about senior citizens. Mr. Romine could understand people who have a fear but still feels it should be standardized.

The hearing was closed.

#### CONSIDERATION OF SENATE BILL 432:

AN ACT TO MERGE THE DEPARTMENT OF PROFESSIONAL AND OCCUPATIONAL LICENSING AND CERTAIN FUNCTIONS OF THE DEPARTMENT OF COMMUNITY AFFAIRS WITH THE DEPARTMENT OF BUSINESS REGULATION AND TO RENAME THAT DEPARTMENT THE DEPARTMENT OF COMMERCE: TO ALLOCATE CERTAIN FUNCTIONS OF THE DEPARTMENT OF COMMUNITY AFFAIRS TO OTHER DEPARTMENTS OF STATE GOVERNMENT: TO GENERALLY REVISE THE LAWS TO CONFORM TO THE MERGER: TO ABOLISH OTHER FUNCTIONS OF THE DEPARTMENT OF COMMUNITY AFFAIRS, INCLUDING THE STATE AIRCRAFT POOL: TO PROVIDE FOR A STATE INFORMATION AND RESEARCH SYSTEM. Sen. Fred Valkenburg, district 50, introduced the bill at the request of the governor to create the Department of Commerce by merging the departments of commercial affairs, professional and occupational licensing, and business regulation. Their functions will be transferred to other agencies. There are benefits to the state by combining these functions. Enclosed in this bill is a portion of the state of the state message. It is the governor's opinion that the state will be better served by putting the regulating functions with the developmental functions in the same house.

<u>PROPONENTS</u>: Gary Buchanan, enclosed three items and explained them briefly and stated this bill will streamline the governor's proposals in the state of the state.

Dave Weizenried, Department of Community Affairs, submitted enclosures. He stated this is the only department that is being dismantled and offered amendments, which are enclosed.

Janelle Fallan, from Montana Chamber of Commerce, stated the executive board has unanimously endorsed this bill, claiming it is good to consolidate and disperse.

#### OPPONENTS: None.

Questions from the committee: Sen. Towe asked about amendments required by federal law. Mr. Buchanan said it should be housed in the Department of Justice with the governor retaining final authority.

Sen. Ryan asked a question that had come from the visitors, regarding from where the funds would be coming. Mr. Buchanan stated they would remain in earmarked relationship. He enclosed typographical errors.

The hearing was closed.

#### CONSIDERATION OF SENATE BILL 405:

AN ACT TO ELIMINATE THE DUTIES OF THE DEPART-MENT OF COMMUNITY AFFAIRS UNDER THE MONTANA SUBDIVISION AND PLATTING ACT AND ASSIGN CER-TAIN OF THESE DUTIES TO THE BOARD OF PROFESSIONAL ENGINEERS AND LAND SURVEYORS. Page 3 State Administration Minutes

Sen. Pat Regan sponsored this bill because of the problems of DCA being reorganized. It provides that the local government will be changed with its review and enforcement. Amendments, enclosed, will be offered by DCA, and she briefly reviewed each section of the bill.

#### **PROPONENTS:**

Dave Buchanan said this bill effectively removed the legacy that is going to the Department of Commerce.

Hal Price, Community Development Division, said every city and county in the state has adopted subdivision regulations. The bill proposes to remove the state agency rule making in the subdivision regulation process.

Richard Weddle, Department of Community Affairs, offered an amendment concerning section 76-3-503.

Cliff Christianson cited page 4, section 5, line 13, commented that there will be a conflict if another bill passes.

**OPPONENTS:** None.

Questions from the committee: Sen. Hafferman discussed with Sen. Regan about having professional land engineers and surveyors, and she said the functions will still be performed on a state level wherever this group of people go. Mr. Buchanan said they will go to the Department of Commerce as his board of surveyors.

Sen. Towe asked Mr. Weddle about section 3. He stated they are putting into the statutes what are already rules, and they have addressed a framework for local governing bodies no longer rule-making bodies. Since 1973 all local governors have worked with the subdivisions.

Chairman Story announced there will be a meeting at 1:00 today with Sen. Towe, Mr. Buchanan, Mr. Weddle, and anyone who would like to work on the bill.

The hearing was closed.

## CONSIDERATION OF SENATE BILL 441:

AN ACT TO INCLUDE LOCAL GOVERNMENT CONTRACTS FOR THE TRANSPORTATION OF SOLID WASTE AMONG THOSE CONTRACTS THAT ARE OF THEMSELVES SUFFI-CIENT PROOF OF PUBLIC CONVENIENCE AND NECESSITY AND REQUIRE NO PUBLIC HEARING PRECEDING ISSUANCE OF A CERTIFICATE. Sen. Ed Smith district 1, enclosed his testimony, which he read and said this will not change the law.

#### **PROPONENTS:**

Arne Skedsvold, city councilman from Culbertson, showed letters signed from all the councilmen, which are enclosed.

Wayne Budt, MPSC, stated this would still maintain safety regulations and only relates to the collection of garbage. It works well now with state contracts.

Gordon Bollinger, PSS, states it is necessary as far as the Public Service Commission is concerned.

#### **OPPONENTS:**

Bill Romine, representing the Solid Waste Contractors Assn., said this bill does not affect the 5-year clause, whereby a private carrier is given five years to depreciate his equipment. This bill is a deregulation bill and affects people's livelihood.

Other opponents who testified were many persons from throughout the state who have sanitation businesses, many of whom belong to the Montana Solid Waste Contracters: Neil Ugrin, Vester Wilson, Lester Folvig, John Polazi, Mike McMullen, Charles Kelly, Donna Hartley.

In closing, Sen. Ed Smith stated that the public service did not convince him to introduce this legislation. It had not been a problem in his particular area, but he could have brought up as many people who would have been proponents.

Questions from the committee: Sen. Johnson asked if the complaints were documented; answer was no. She understood that the applicant can apply for an area that is either approved or disapproved, whereby the approval is for a defined area. That assumption was correct, according to one of the witnesses. Sen. Johnson said this is deregulation because another permit could be issued that could overlap, and lines of one's area could be crossed.

Chairman Story put this bill into a subcommittee of Senators Johnson, Hafferman, and Hammond until Thursday.

The hearing was closed on Senate Bill 441.

#### CONSIDERATION OF SENATE BILL 435:

AN ACT TO ESTABLISH A MONTANA COMMISSION ON HISPANIC AFFAIRS.

Sen. Pat Regan, sponsor of the bill, stated this would establish a commission on Hispanic affairs. She briefly pointed out the sections of the bill, and in her discussion she said many hispanic persons are treated with discrimination, needing a more positive approach to what they perceive as problems.

Chairman Story said they would hold this bill till Thursday.

Sen. Johnson asked if this could be coordinated with the other groups. Sen. Regan answered this could be possible, but she stressed the importance for their self-acceptance because they must feel good about their heritage.

Sen. Story suggested if the bill does not pass, perhaps Sen. Regan could find a grants source. This was answered by Sen. Regan with the fact that the state does have some obligation to meet the needs of all its citizens.

Sen. Ryan asked about a termination date being put upon it; Sen. Regan agreed that is a good idea.

Sen. Hammond stated his experiences with minorities who became stronger because of it.

The hearing was closed.

Chairman Story announced an executive session would be held on Friday, Feb. 20, because all legislation must be reported out of committee by then.

ADJOURNMENT: 11:50.

Senator Pete Story. Chairman

## ROLL CALL

STATE ADMINISTRATION

COMMITTEE

47th LEGISLATIVE SESSION - - 1981 Date 2 - 16

|                              |         |        |         |

Each day attach to minutes.

2-16-81 Americantone 17 422.

Amend Senate Bill 432, Introduced Copy as follows:

1. Amend page 7, line 12

Insert: new subsection

"(2) The program is attached for administrative purposes only as prescribed in 2-15-121. However, the program may hire its own personnel, and 2-15-121(2)(d) does not apply."

Renumber: subsequent subsections

PROPOSED AMENDMENT TO SENATE BILL 432

Page 10, Line 14 and 15

" No member other than the director of business regulation <u>commerce</u> may serve more than two consecutive terms. "

The purpose of the amendment is merely to change the words, "business regulation" to "commerce" in the affected lines. The former reference was inadvertantly left in when the change in the section was made.

## Section-by-Section Summary of SB432

)\_\0

## (Introduced Bill)

<u>Section 1</u>. Eliminates the Departments of Community Affairs and Professional and Occupational Licensing, and changes the name of the Department of Business Regulation to the Department of Commerce.

<u>Section 2</u>. Transfers the entire Department of Business Regulation to the Department of Commerce.

<u>Section 3</u>. Transfers the entire Department of Professional and Occupational Licensing to the Department of Commerce.

<u>Section 4</u>. Transfers the several boards now attached to the Department of Professional and Occupational Licensing to the Department of Commerce. <u>Section 5</u>. Defines term "board" to mean each board reallocated by section 4. <u>Section 6</u>. Abolishes the Department of Community Affairs and transfers a number of its current statutory functions to the Department of Commerce. <u>Section 7</u>. Transfers DCA's local government services program i.e. auditing accounts and financial transactions of political subdivision, to the Department of Administration.

<u>Section 8</u>. Transfers DCA's highway traffic safety program to the Department of Justice.

<u>Section 9</u>. Transfers DCA's home weatherization program to the Department of Social and Rehabilitative Services.

<u>Section 10</u>. Deletes reference to the DCA as a human services agency to reflect the transfer of its human service functions to SRS.

<u>Section 11</u>. Reallocates the board of housing to the Department of Commerce along with the functions relating to the board of housing now lodged in the Department of Administration.

Section 12. Reallocates the Board of County Printing, the Board of Aeronautics, the Coal Board, and the office of the State Coordinator of Indian Affairs from

DCA to the Department of Commerce.

<u>Section 13</u>. Establishes a state information and research system in the Department of Commerce. There is currently no specific law creating this function, although there are many references to research and information functions within the laws authorizing the various other functions of DCA. These activities are now carried on by DCA's Research and Information Systems Division.

<u>Section 14</u>. Designates the director of the Department of Commerce, rather than the Department of Business Regulation as the chairman of the State Banking Board.

<u>Section 15</u>. Substituting "Department of Commerce" for "Department of Professional and Occupational Licensing" in statute providing for the licensing of private investigators.

<u>Section 16</u>. Transfers the rail planning function from the Department of Highways to the Department of Commerce.

<u>Section 17</u>. Transfer responsibility for adopting minimum requirements for local subdivision regulation from DCA to the Department of Commerce. <u>Section 18</u>. Provides that the reorganization authorized by this bill will be governed by the same reorganization provisions authorized in 1971. These provisions provide for:

- protection of rights of state personnel

- transfer of property

- continuity of legal and contractual rights

- continuity of administrative rules

- continuity of legal proceedings

- continuity of federal aid

<u>Section 19</u>. This section authorizes the Governor to implement the provisions of this act by executive order.

2

Section 20. Codification instructions.

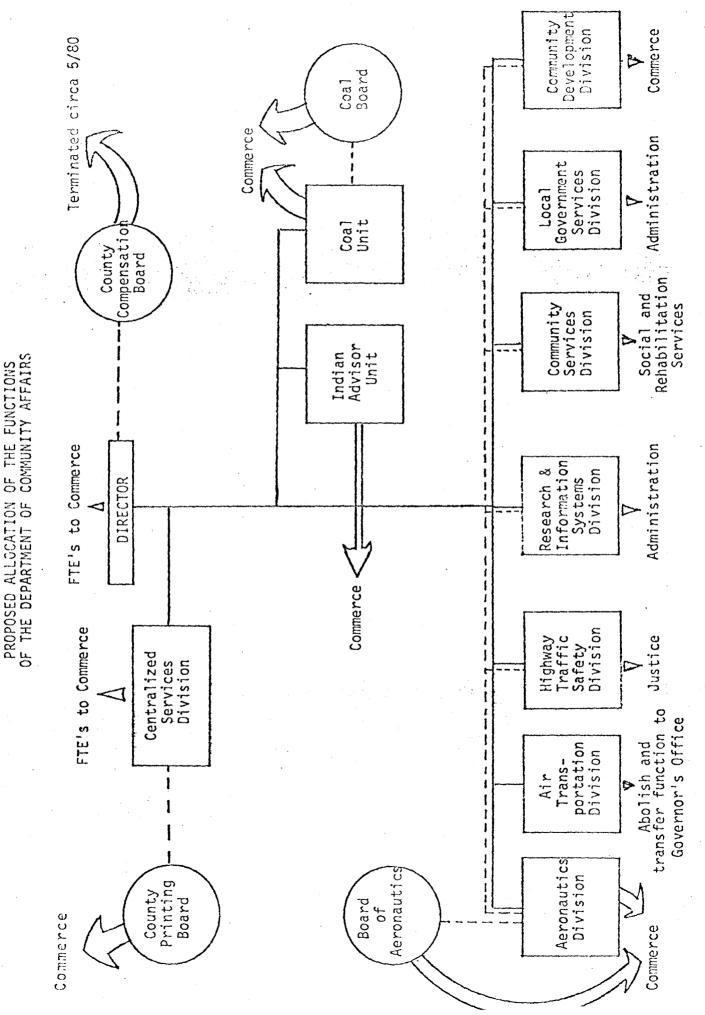

Section 21. Severability clause

Section 22. Repeals the sections creating the DCA, the Department of

Professional and Occupational Licensing and the state air pool.

Section 23. Provides for implementation of act prior to July 1, 1981,

upon the governor's signing of the executive order authorized by section 19.

SB 441

## THE PROPOSED SOLUTION

The bill presently before you would extend to local government units (counties, cities, solid waste disposal districts) the same method of contracting for garbage service and is now enjoyed by the State of Montana and its agencies.

Montro Paple

A local government would contract with a carrier to provide garbage service. The person receiving the contract would present it to the Public Service Commission and the Commission would issue a certificate for the length of the contract. The certificate would not be issued until compliance (ie. insurance, fees) is met.

This procedure would allow the local government unit to place the service on bid and be assured that the carrier they chose would be given an authority by the PSC. The local officials could then monitor the carrier's activities and control his service in their community. In addition, the PSC would still have authority to enforce equipment safety regulations over the carrier and would be available to assist the local people on these safety matters upon request.

#### THE PROBLEM

Under the present law a local government may solicit bids for garbage service, however, if the carrier granted the contract does not have a PSC authority he must obtain a PSC Certificate before beginning garbage service. He must make application to the PSC and if application is protested, a hearing must be held. The applicant must prove that:

- 1. He is fit, willing and able to provide the service.
- 2. There is a public need for the additional service.

To prove the second point, the burden is on the applicant to show that the present carrier cannot provide adequate service. It must be pointed out that price is not a factor in determining public need; therefore, the fact that one bid is lower than another has no bearing on the outcome of the authority case.

If the low bidder cannot prove a public need, the PSC is prohibited from issuing a Certificate. If this happens, the governmental unit issuing the contract is forced into hauling their own garbage or taking a higher bid.

The Montana Public Service Commission believes that the local governments are in the best position to judge the need and type of garbage service that should be available to their citizens. The local officials may also monitor the service that is being provided. Let me again state that the Commission is available to assist in equipment inspections on the equipment that is being operated.

Given the above reasons, the PSC feels that the people of Montana would be better served by allowing local governments to contract for garbage services and monitor that service in their areas. Culbertson, Montana February 12, 1981 a. = 1. 2

Senator Ed Smith Helena, Montana

Dear Ed,

We strongly support the Bill to return to the local Municipality the control over local municipal Garbage collection and disposal system.

We have in the past year had problems within our Culbertson Garbage and Disposal Program. The solution could only be attained to our Garbage Problems, by our appearance before the Montana Public Service Commission with a plea that we be allowed some freedom in solving our problem. The resultant temporary permits has solved our problems temporarily.

The return of decision making power to the local Municipality that this bill will accomplish, will provide a solution that we can handle on a local basis.

Sincerely

Paul Finnicum Mayor of Culbertson, Montana

Gene, Councilmen

Culbertson, Montana February 12, 1981

Senator Ed Smith Helena, Montana

Dear Ed.

We strongly support the right of the Local Municipality to regulate and control their own Garbage Programs.

We feel that we as the elected councilmen for the town of Bainville, Montana, best represent the interests and understand our local problems. Therefore we are in the best position to administer a Garbage Program for Bainville, Montana.

We strongly support your bill to remove the M. R. C. permit requirement for local Garbage hauling.

Sincerely,

Hern- Jacking, Counilman 6 W Detremme II
