

MINUTES OF THE MEETING OF THE HOUSE APPROPRIATIONS COMMITTEE
March 24, 1983

The Appropriations Committee met at 7:40 p.m. on March 24, 1983, in Room 104, with Chairman Francis Bardanouve presiding and all members were present. Judy Rippingale, Legislative Fiscal Analyst, was also present. The end of this meeting was not taped due to machine failure. HOUSE BILLS 120, 153, 435, 601, 640, and 905 were heard. EXECUTIVE ACTION was taken on HOUSE BILL 435.

(Tape 7: Track 4:1749)

HOUSE BILL 640: A BILL FOR AN ACT ENTITLED: "AN ACT TO APPROPRIATE ALL MONEY COLLECTED FROM THE METAL MINES LICENSE TAX FOR CALENDAR YEAR 1982 PRODUCTION, THE TAX ON WHICH IS RECEIVED IN 1983, FOR USE BY THE LOCAL GOVERNMENTS OF AND SCHOOL DISTRICTS IN BUTTE-SILVER BOW AND ANACONDA-DEER LODGE; AND DISTRIBUTE SUCH FUNDS DURING THE BIENNIUM ENDING JUNE 30, 1985; PROVIDING AN IMMEDIATE EFFECTIVE DATE AND AN APPLICABILITY DATE."

Representative Dan HARRINGTON introduced the bill. This bill would provide impact aid to the Butte-Silver Bow and Anaconda-Deer Lodge city/county governments.

Proponents:

TOM BROPHE, representing the Butte-Silver Bow local government as a commissioner, supported the bill and provided written testimony (Exhibit 1). In summary, this bill would provide aid due to the closure of the Anaconda copper mining operations.

GARY ROWE, budget administrator of the Butte-Silver Bow local government, supported the bill and provided written testimony (Exhibit 2). In summary, Mr. Rowe's testimony outlined the precise impact to the city-county government.

WILLIAM MILLIGAN, superintendent of schools in Butte, supported this bill and provided the committee with budget figures for the school system (Exhibit 3). He noted that the impact to the school system would be lay-offs and closing schools.

DANIEL MARINKOVICH, superintendent of Anaconda schools, supported this bill and provided written testimony (Exhibit 4). In summary, the impact to the Anaconda school system would hurt the education of the children.

DAN WORSDELL, city-county manager of the Anaconda-Deer Lodge local government, supported the bill and asked the committee for this assistance.

SENATOR JUDY JACOBSON, Senate District 42, supported this bill as its co-sponsor. She emphasized that this request is not for ongoing assistance. The minerals license tax money has come out of these communities for many years and should rightfully be used for this kind of impact aid.

Minutes of the meeting of the Appropriations Committee
March 24, 1983

Representative JOE QUILICI, House District #84, voiced his support for this bill.

Representative BOB PAVLOVICH, House District #86, voiced his support for this bill.

Representative RED MENAHAN, House District #90, assured the chairman that he would vote appropriately during Executive Action.

Opponents: None.

Discussion:

Representative HARRINGTON told the committee that Butte-Silver Bow has put almost \$50 million into the General Fund from the Metal Mines License Tax. At one time, almost 25% of the total state budget came out of this tax. This bill would give back one year of that tax to the community to help them through the next two years. Hopefully, in that time the economic condition will improve. This bill would be split 80% to Butte Silver-Bow and 20% to Anaconda-Deer Lodge with 60% going to the school district and 40% going to aid. This community has given a lot to the economy of the state and only asks that some of that money go back to help the economy of Butte-Silver Bow and Anaconda-Deer Lodge.

The hearing was closed to further testimony.

(Tape 7: Track 4:1981)

HOUSE BILL 601: A BILL FOR AN ACT ENTITLED: "AN ACT TO APPROPRIATE MONEY TO THE DEPARTMENT OF JUSTICE FOR COORDINATING THE IMPLEMENTATION AND OPERATION OF THE MONTANA CRIMINAL JUSTICE INFORMATION ACT OF 1979 BY THE BOARD OF CRIME CONTROL."

Representative BOB PAVLOVICH introduced this bill. He submitted proposed amendments to the bill (Exhibit 5). He then read a description of the bill's intent (Exhibit 6).

Proponents:

LARRY PETERSON, chief of Research and Crime for the Board of Crime Control, voiced his support for this bill. This project would revise the state Information System Plan.

Opponents: None.

Discussion:

Representative BENGSTON asked how often this system is updated. Mr. Peterson said this would be the first update of this system since its implementation in 1977.

Representative PAVLOVICH explained the amendments.

The hearing was closed to further testimony.

Minutes of the meeting of the Appropriations Committee
March 24, 1983

(Tape 7: Track 4:2056)

HOUSE BILL 153: A BILL FOR AN ACT ENTITLED: "AN ACT AUTHORIZING THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES TO CONTRACT WITH A SENIOR CITIZENS' ORGANIZATION TO ESTABLISH A MOCK LEGISLATURE; APPROPRIATING MONEY FOR THE CONTRACT ON A MATCHING BASIS; AND PROVIDING AN EFFECTIVE DATE."

Representative Les KITSELMAN introduced this bill. This bill would appropriate money on a 1:2 match as raised by the senior citizens for a mock legislature commonly known as the Legacy Legislature. This would allow a forum to participate in a mock legislature.

Proponents:

LADD SHOREY voiced his support for this bill and provided written testimony (Exhibit 7). In summary, he felt this mock legislature teaches senior citizens about the government process and gives senior citizens a method to participate.

ROBERTA NUTTING, chairman of the Legacy Legislature Planning Committee, voiced her support for this bill and provided the committee with a handout that illustrated the Legacy Legislative process from nominations to committee bills (Exhibit 8). There were 10,922 people who voted on Legacy Legislature bills. Funding was solely from donations and fund raisers.

LOIS SHOREY, state director of the American Association of Retired Persons and state treasurer of the Legacy Legislature Planning Committee, voiced her support for this bill and provided written testimony (Exhibit 9). She reiterated previous testimony that this process is a good learning tool for senior citizens to see just what is involved in making laws.

WALTER TAYLOR, member of the interim committee for the Legacy Legislature and past majority leader of the Senate, voiced his support for this bill and mentioned that many people could not attend the Legacy Legislature in Helena because they did not have the money for travel and expenses. Mr. Taylor was asked by the Low Income Senior Citizens' Association (LISCA) to voice their support for this bill.

DOUG OLSON, registered lobbyist for the Montana Senior's Advocacy Assistance, voiced his support for this bill. He worked with the last Legacy Legislature and noted that they worked very hard and spent a lot of their own money to make it work.

Representative KITSELMAN read a letter of support from STAN ROGERS, Area II Senior Citizens Advocate (Exhibit 10). The letter noted that this bill should not be considered an expense but an investment.

GORDON MCGOWAN voiced his support for this bill as its past President of the Senate and past Secretary of the Senate. He noted that, in the 1980 Legacy Legislature, the forum heard 14 bills and killed 11 of them.

Minutes of the meeting of the Appropriations Committee
March 24, 1983

This aids the "real" Legislature by weeding out "bad" bills. He noted that the \$3,000 raised by asking senior citizens for \$1 each was spent for the hotel rooms occupied by the Legacy Legislature but all other expenses, like meals and travel to and from Helena, were paid for out of their own pockets.

JOHN LAFAVER, director of the Department of Social and Rehabilitation Services, voiced his support for this bill as the administering agency.

Opponents: None.

Discussion:

Representative WINSLOW said the original request was for a 1:1 match for a \$5,000 appropriation and asked Mr. Shorey if the Legacy Legislature could live with that original request. Mr. SHOREY responded that the 1:1 match would be fine because he knew the financial bind the state is in this session.

The hearing was closed to further testimony.

(Tape 7: Track 4:2276)

HOUSE BILL 120: A BILL FOR AN ACT ENTITLED: "AN ACT TO PROVIDE FOR STATE FUNDING OF THE OPERATIONAL EXPENSES FOR DISTRICT COURTS, INCLUDING DISTRICT COURT STAFF, COURT REPORTERS AND THEIR STAFF, AND JUVENILE PROBATION OFFICERS AND THEIR STAFF; TO ESTABLISH CONDITIONS OF EMPLOYMENT FOR SUCH PERSONS; TO PROVIDE FUNDING FOR INDIGENT DEFENSE; TO PROVIDE BUDGETING CONTROL IN THE SUPREME COURT; TO CONTINUE COUNTIES' RESPONSIBILITY FOR PROVIDING COURTROOMS AND OFFICES; ESTABLISHING A FEE ON MOTOR VEHICLES FOR THE SUPPORT OF DISTRICT COURTS; AMENDING SECTIONS 3-5-511, 3-5-604, 3-15-204, 7-6-2313, 7-6-2324, 7-6-2426, 7-6-2426, 25-1-201, 40-3-125, 41-5-704, 41-5-705, 46-8-114, AND 46-8-201, MCA; REPEALING SECTIONS 3-5-404, 3-5-510, 3-5-512, 3-5-602, 7-6-2361, 7-6-2362, 7-6-2511, 40-3-114, AND 46-8-202, MCA; AND PROVIDING AN EFFECTIVE DATE."

Representative Steve WALDRON introduced this bill. He presented the committee with a revised bill (Exhibit 11) which would reflect his proposed amendments (Exhibit 12). This bill rose out of a concern that local governments did not have control of district courts. This bill would allow the State to know what they are funding. The proposed bill as amended would pick up costs for indigent defense. Funding would be General Fund but would actually come out of HB 447 and would not come out until FY'85. There was opposition from Clerks of Courts because they felt this bill affected them but Representative WALDRON assured the committee that this bill would not affect Clerks of Courts. The budget for indigent defense for FY'83 was \$1,396,000. This bill would provide \$1.1 million for this defense.

Proponents:

MARGARET DAVIS, president of the Leage of Women Voters, supported this bill. She felt this bill would require the state to provide a service that is mandated by state law. She asked that the committee look

Minutes of the meeting of the Appropriations Committee
March 24, 1983

favorably on this concept and see it as a legitimate expense of state government.

LEE JELLISON, budget and finance officer for the Montana Supreme Court, voiced his personal support for this bill and stressed that he was not representing the Supreme Court in his testimony. He felt this bill would provide the state with a better idea of how their money is being spent.

Opponents:

LORRAINE SAMUEL, Clerk of Court in Lewistown, was not really sure if she opposed the new proposed bill. She, like many other clerks of courts, felt this bill would intrude on their territory. She felt this bill would be an erosion of local government control. She told the committee that the judges appoint counsel for indigent defense and they usually appoint young, inexperienced attorneys. This provides the attorneys just out of law school with a "foot in the door" and aids the local economy.

Representative BARDANOUVE asked why this committee has received so much input from clerks of courts. Ms. SAMUEL responded that the clerks of courts do not have a paid lobbyist and, consequently, handle their own affairs. She provided written testimony (Exhibit 13).

HARDIN TODD, Clerk of Court in Billings, also opposed this bill because he felt it affects the Clerks of Courts. He provided written testimony (Exhibit 14).

CHARMAINE FISCHER, deputy clerk from Billings, opposed this bill because she felt any control that goes to the state hampers their job.

Discussion:

Representative WALDRON reiterated his previous statement that this bill does not affect clerks of courts. His concern was with the grants-in-aid to the district courts and not having any fiscal control of those funds. This bill addresses this problem by providing the state with a means of finding out what that money is used for.

The hearing was closed to further testimony.

(Tape 7: Track 4:2541)

HOUSE BILL 905: A BILL FOR AN ACT ENTITLED: "AN ACT TO APPROPRIATE \$15,000 FROM THE GENERAL FUND TO POWELL COUNTY TO ASSIST IN A COMMEMORATION OF THE CENTENNIAL OF THE COMPLETION OF THE FIRST TRANSCONTINENTAL RAILROAD ACROSS THE NORTHWEST."

Representative Joe BRAND introduced this bill. He introduced amendments to the bill (Exhibit 15) because there was a question of legality with the original wording.

Minutes of the meeting of the Appropriations Committee
March 24, 1983

Proponents:

GEORGE WINSHIP, representing the Last Spike Centennial Commemoration Committee, voiced his support for this bill and provided written testimony (Exhibit 16).

CHUCK WALDRON, coordinator of the Last Spike Centennial Commemoration Committee, voiced his support for this bill. He reiterated previous testimony that this celebration would bring many visitors into Montana. He felt this was the single most important event in the history of Montana. The present budget for this project is \$68,260 which is a reduction from the original budget of \$108,000. The committee has raised \$26,400 in cash and pledges to date for this project. There are insurances of \$5,500 more which does not include grant requests.

(This portion of the meeting was not taped.)

Discussion:

Representative MANUEL noted that this request is also in the Long Range Building Committee under Cultural and Aesthetic Grants.

Representative QUILICI asked if the project was taken to the Montana Travel Promotion Bureau. Representative BRAND responded that they did present this project to that bureau and were told that this celebration will be aired nationwide but that Bureau cannot provide any funding assistance.

Representative BRAND explained that this is a celebration that will not come around again for another 100 years. He felt this type of project would "build Montana."

HOUSE BILL 435: A BILL FOR AN ACT ENTITLED: "AN ACT TO INCREASE AGENCY BUDGETS DURING THE BIENNIUM ENDING JUNE 30, 1983, WHICH INCREASES WOULD USUALLY BE MADE BY BUDGET AMENDMENT; AND PROVIDING AN IMMEDIATE EFFECTIVE DATE."

Representative BARDANOUE introduced this bill. The OBPP presented amendments to this bill (Exhibit 17).

Office of Public Instruction:

FRANCIS OLSON of the OBPP outlined these requests. There is a request for \$7,570 from the Earmarked Revenue Account for the driver's education program in Lewistown. This expenditure is recovered by a user's fee.

Vocational-Technical Centers:

FRANCIS OLSON of the OBPP outlined these requests. The Butte Vo-Tech Center has requested \$8,532 for the Federal Boilermakers Project for continuing the program. The Helena Vo-Tech Center has requested authorization to spend \$130,878 from Federal funds for the CETA project.

Minutes of the meeting of the Appropriations Committee
March 24, 1983

Department of Justice:

Colonel ROBERT LANDON of the Department of Justice, Highway Patrol Division, outlined this request for authorization to spend \$40,000 of Federal Highway Safety funds for the purchase of an aircraft. The aircraft would be used for Red Cross blood runs, rabies runs, looking for traffic violators, assisting citizens stranded by storms and floods, and other rescues. This appropriation would cover all operational costs associated with the aircraft.

Montana State Library:

SARAH PARKER, State Librarian, outlined this request for authority to spend \$99,848 and \$27,040 in Federal funds. The third request would be for \$3,000 from the revolving account.

Fire Services Training School:

FRANCIS OLSON of the OBPP outlined this request for authorization to spend \$12,000 in Federal Grant and Award money.

Department of Fish, Wildlife and Parks:

JIM FLYNN, director of the Department of Fish, Wildlife and Parks, outlined these requests. In the Enforcement Division, the request for \$100,000 from the Earmarked Account would be used for warden retirement. The request for \$31,807 would be to take over operations of the Miles City fish hatchery from the federal government and would cover operating costs until July 1 when the appropriations bill would cover all ongoing expenses.

Department of Justice:

Colonel ROBERT LANDON outlined this request for authorization to spend \$34,000 of Federal Highway Safety funds for the Field Services Division to put four officers on I-90 from border to border to enforce the 50 mile per hour speed limit in order to comply with federal regulations. Noncompliance would result in loss of federal funding.

There is a problem with this amendment because it overlaps two fiscal years. The LFA will work on getting this appropriation in the appropriations bill that will be heard on March 25.

Department of Health and Environmental Sciences

RON WEISS of the OBPP outlined these requests. There is a request for \$1,513 for air quality studies in Plevna, \$6,500 for air quality studies in Glacier National Park, \$2,540 for a contract with Champion International to do water sampling, and \$7,120 to provide air quality assistance to various Indian reservations.

Department of Livestock:

LES GRAHAM of the Department of Livestock outlined a request for \$14,573 for termination pay for two employees: one with 41 years of service and one with 19 years of service. This is a small agency and cannot absorb these costs. The request for \$100,000 for the Beef and Pork Research and Marketing Program would be passed on to the Beef Council which would pass it on to the Federal government.

Minutes of the meeting of the Appropriations Committee
March 24, 1983

Department of Natural Resources and Conservation:

BOB ROBINSON, deputy director of the Department of Natural Resources and Conservation, outlined these requests. There is a request for authorization to spend a \$293,946 grant from the Bonneville Power Administration to implement an energy conservation program in Western Montana. There is a request for \$36,000 for the Water Resources Division for a hearings officer and a secretary to work on the backlog of water permit appeals. This division is about 145 cases behind. There is a request for authority to expend \$30,866 in carryover funds. \$13,000 would authorize termination pay for Daly Ditch employees and \$10,000 in Earmarked Revenue would cover unanticipated legal expenses.

Department of Administration:

RICK MORGAN of the Department of Administration outlined these requests. \$117,174 from the Revolving Account would be for the purchase of office equipment and supplies for the Central Stores Division; \$73,059 from the Revolving Account for the Publications and Graphics Division would cover production costs and printed material; \$3,000 for the Worker's Compensation Judge would be for a law clerk who retires each year and would cover updating rules and publishing costs for the rules; and \$62,340 for the Surplus Property Division: \$12,000 to cover the PCP spill and \$50,000 for termination pay of five employees.

DICK KAIN of the Board of Investments outlined this request for \$255,000 for the purchase of a new computerized accounting system. The oldest system which does the bulk of the accounting and reporting for the Board is ten years old and is prone to major system failure at any time.

Department of Agriculture:

MARY EVANS of the Department of Agriculture outlined these requests. The request for spending authority of \$3,000 from Federal and Private Revenue sources is to test efficacy and environmental safety of several alternative field rodenticides. The request for spending authority of \$8,086 from Federal and Private Revenue sources would allow for the EPA approved expenditure of carryover grant funds to support the Endrin study.

Department of Institutions:

BILL GOSNELL of the OBPP outlined these requests. Mountain View has a spending authority request to spend two small grants which total \$8,716. The Corrections Division is requesting spending authority of \$1,000 from Federal and Private Revenue sources for the Missoula Youth Home. Pine Hills School has a spending authority request for \$9,067 from Federal and Private Revenue sources for computer equipment.

Department of Commerce:

BRIAN MCCULLOUGH of the Department of Commerce outlined these requests. The Board of Morticians budget amendment of \$5,236 relates to unanticipated hearing costs. The Board of Physical Therapists budget amendment of \$1,550 was increased to \$2,500 and relates to costs due to a reciprocity case and special hearings. The Board of Architects budget amendment

Minutes of the meeting of the Appropriations Committee
March 24, 1983

of \$8,400 relates to increased exam costs and room rental associated with those exams.

Proponent:

THOMAS G. LARSON, a physical therapist from Butte, supported the budget amendment for the Board of Physical Therapists. The reciprocity case costs amounted to about 20% of the Board's total budget.

Department of Labor and Industry:

The budget amendment for the Human Rights Commission was withdrawn in the amendments to the original bill.

Department of Military Affairs:

KEN COTTRILL of the Department of Military Affairs explained this request for spending authority of \$56,248 for a contract with the Department of Defense to provide telephone service for federal employees who work in the Department of Military Affairs.

Legislative Council:

DIANA DOWLING, executive director of the Legislative Council, outlined this request for spending authority of \$33,000 from the Revolving Account due to an underestimate of the number of pages printed for FY'83. Fees charged for this service will cover these costs.

School for the Deaf and Blind:

The School for the Deaf and Blind did not have a representative at this hearing so PAM JOEHLER of the LFA outlined this request for increased spending authority of \$90,000 from Interest and Income funds and \$10,000 from the School Lunch Program.

Department of State Lands:

DENNIS HEMMER, acting director of the Department of State Lands, outlined this request for spending authority of \$376,753 from Federal and Private Revenue sources for Environmental Impact Statements.

Department of Highways:

BILL SALSURY of the Department of Highways outlined these requests. Spending authority of \$125,000 of Federal and Private Revenue funds is requested to contract with the University of Montana for studies. The Department requests a transfer of \$1,618,943 spending authority from the Federal and Private Revenue Account to the Earmarked Account for the Preconstruction Program.

State Auditor:

KATHY BEHM, administrator of the Central Payroll Division, outlined this request for \$45,000 from the Revolving Account due to an underestimate of costs for the PPP program.

JUDY RIPPINGALE of the LFA outlined some minor revisions to the amendments to HB 435. The request for Field Services (No. 1, Exhibit 17) should be decreased to \$34,000. Page 2, lines 6 and 7 of the bill should be changed from Federal and Private Revenue to Revolving Account

Minutes of the meeting of the Appropriations Committee
March 24, 1983

for the General Library Services. Page 4, lines 5 through 9 should be struck for the School for the Deaf and Blind because there will be a reversion of General Fund.

*****EXECUTIVE ACTION:**

Representative WALDRON moved to accept the amendments as amended by this committee.

The motion was passed UNANIMOUSLY.

Representative WALDRON moved that HOUSE BILL 435 DO PASS as amended.

The motion was passed UNANIMOUSLY.

The meeting was adjourned at 10:10 p.m.

FRANCIS BARDANOUE

EXHIBIT 1
HOUSE BILL 640
March 24, 1983
Full Committee

Discontinued

Mr. Chairman, I am Tom Brophy and I am a commissioner of the Butte-Silver Bow Local Government. I am here tonight to speak in favor of House bill No. 640. I am representing Butte-Silver Bow.

This bill would provide critically needed assistance to Butte-Silver Bow during the period of time that the Anaconda Company will suspend or close mining operations in the community. It is important to keep in mind that the demand for local government services will not decline as tax revenue from mining operations decline. It is perhaps ironic that the reverse is true in that the demand for services will increase while Butte-Silver Bow's capability to produce those services will decline.

Consider for a moment the increase in demand for social services caused by the unemployment of over 700 people which will occur from January 1, 1983 to July 1, 1983. It is also obvious that the local government will have after the suspension the same number of miles of roads to maintain, the police will still have to patrol the same areas and fire protection must still be provided. Yet at the same time that services must be continued, local government revenues will drastically dry up.

Butte-Silver Bow has been in a progressively increasing cut-back mode of management since consolidation. The government's initial reductions were attributable to elimination of duplication of services and economies of scale. Butte-Silver Bow continued to cut-back in the last few years of the 1970's in a reaction to inflation and a stagnant local economy.

In the 1980's the community was particularly affected by the national economic downturn because copper's primary markets are in the areas of housing and autos. This, in turn, increased pressure on local government management to continue to scale back services to meet declining tax revenues.

It is readily apparent to the most casual observer that the announced Anaconda Company suspension simply ^{intensifies} ~~exacerbates~~ Butte-Silver Bow's already bleak economic profile.

House Bill 640 would greatly aid Butte-Silver Bow during the time immediately after the suspension of mining operations. It would allow the local government some breathing room to further reduce the overall level of services without reducing the quality of the remaining services.

To place into perspective the size of mining's contribution to local government operations consider that the current taxable valuation of the Anaconda Company totals \$14,385,993. This represents 30% of Butte-Silver Bow's total taxable valuation of \$48,164,803. Total taxes paid by the Anaconda Company in 1982-83 amounted to \$6,041,208. This was distributed to the local government, the school districts and the state.

Butte-Silver Bow's portion amounted to approximately \$2.23 million (less) which represents 33% of all property taxes the local government has anticipated for the current fiscal year. The ^{house} \$2.23 ~~represents~~ 19% of total revenue. I am not saying that Butte-Silver Bow will lose this money immediately but rather I am just trying to place into perspective for you the potential effect of the closure.

I would ask you to consider these facts and the potential impact to the citizens of our community. House bill 640 would go a long way in assisting the evolution of Butte-Silver Bow from a mining based economy. ~~I urge you to support this bill.~~

On behalf of the 38000 residents of Butte Silver Bow, I urge you, I beg you to support HB 640

Thank you

audience of the committee

Mr. Chairman, I am Gary Rowe and I am the Budget Administrator of the Butte-Silver Bow Local Government. I am here tonight to speak in favor of House Bill 640. I am representing Butte-Silver Bow.

On July 1, 1983 Butte-Silver Bow will experience perhaps the most fundamental event in the history of the community. That is, the suspension of mining operations. The total impact to Butte-Silver Bow caused by this action is difficult to precisely predict because we do not know if or when the Anaconda Company will dispose of all its real and personal property holdings.

We do know however that with 30% of the total county taxable valuation at stake the scope and magnitude of the potential revenue loss is such that it compels Butte-Silver Bow to act now. With that in mind the local government has prepared an economic ^(forecast) ~~model~~ which attempts to ^(estimate) ~~forecast~~ within certain assumptions the budgetary and service level impacts caused by the suspension.

This was achieved by taking an inventory of the various classifications of real and personal property holdings currently owned by the Anaconda Company. Then we gathered whatever information was currently available concerning these properties and we have attempted to project what will happen to their future taxable valuations and how this will affect the local government's budget over the next three fiscal years.

I will briefly summarize our findings. In fiscal year 1983-84 we are anticipating a \$2.9 million taxable valuation loss. In 1984-85 the projected taxable valuation loss is \$2.5 million and another \$2.5 million in 1985-86. The two single largest property classification items which will cause this loss are the gross proceeds tax and

Machinery and Equipment. The Anaconda Company has been systematically disposing of its machinery and equipment for about a year now.

This estimated taxable valuation loss was then converted into an estimated tax revenue loss. This calculation projects a budgetary loss of \$446,825 in 1983-84, \$386,803 in 1984-85 ^(84-85 and 387,363 in 1985-86) ~~1985-86~~. The cumulative total revenue loss over the three years would be \$2.5 million.

A revenue loss of this size would obviously be devastating to the level of services provided by Butte-Silver Bow and would obviously force the local government to take some draconian measures to reduce its outlays to offset this potential revenue loss. However, with the temporary funding allowed by House Bill 640 the transition from the existing level of services to a lower level could be accomplished more gradually with less of an impact to the citizenry.

Without the fiscal ^(Assistance) ~~relief~~ provided by House Bill 640 the local government will most likely have to initiate immediately a drastic across-the-board cut to offset the potential revenue loss. Tentative plans have already been drafted which spread the budgetary loss over every function and activity for the three years.

These plans indicate that Butte-Silver Bow's primary service delivery capacity, that is, police, fire and public works, will have to be reduced by \$622,706 over the three year period and all other activities will have to be reduced by \$598,285 for a total budget reduction of \$1,220,991. A budget cut of this size would obviously affect every category of expenditure including personnel.

Our forecast indicates that over the three years the fire department would lose 5.61 full-time equivalent (FTE) positions, law enforcement would lose 6.54 FTE sworn officers and 2.45 support personnel. Public Works would lose 6.91 positions and all other activities would have to be reduced by 18.85 positions for a total personnel reduction of 40.36 positions.

The passage of House Bill 640 would not eliminate the fiscal problems facing Butte-Silver Bow. However, it would allow the local government to effect a logical, gradual downsizing of its levels of services instead of a drastic forced decline and ^{this} would minimize the impact to residents of the community. I urge you to support House Bill 640. Thank you.

3/16/83

March 24, 1983

Honorable Chairman Bardanouve, Members of the Appropriations Committee. My name is Daniel W. Marinkovich, Superintendent of the Anaconda Schools, and I am speaking as a proponent of H.B. 640.

As you are aware, Anaconda has been dramatically hit economically since 1980 with the closure of the Anaconda Smelter. Our A.N.B. has fallen drastically that even with a 4% increase in the Foundation Program we would still lose Foundation Program dollars compared to last year. This is magnified when you look at the taxable valuation of the county. It will drop another 2.5 million dollars next year. You all know what this does to the local mill. From 1977 to 1983, the taxable valuation of Deer Lodge County will drop from 21 million to 10 million. This is approximately 55%. In other words, what one mill would bring on the local level six years ago now takes two mills. This places a greater burden on the individual taxpayer as the only industry the county had is being dismantled and removed from the tax rolls.

As I mentioned two weeks ago, if the Foundation Program is not raised, or a zero increase is given, we will lose \$351,000 dollars. If the Foundation program is increased 4%, we will lose 222,541.89.

Our A.N.B. for 1982-83 was 1139 for grades K-6 and 367 for grades 7 and 8, or a total of 1506 for the elementary and 815.57 for the high school. An estimate for the 1983-84 school year is 1087 for K-6 and 342.5 for grades 7 and 8, a total of 1429.5 on the elementary and 732 for the high school.

The taxable valuation for the 1982-83 school year in Deer Lodge County is as follows: Elementary District No. 10 - \$12,605,812 and

High School District No. 10 - \$13,218,780. The projection for 1983-84 is a 2.5 million dollar reduction on each. Elementary District No. 10 - \$10,105,812 and High School District No. 10 - \$10,718,780.

The amount of money we received per mill in 1982-83 is as follows: Elementary District No. 10 - \$12,605.81 and High School District No. 10 - \$13,218.78. The projection for 1983-84 for Elementary District No. 10 - \$10,105.81 and High School District No. 10 - \$10,718.78.

The taxable valuation and mill value will drop because of the Anaconda Company's tearing down of buildings will remove them from the tax rolls and thus place higher tax burdens on the individual taxpayer.

At the present time School District No. 10 is the biggest employer in Deer Lodge County. If the Foundation Program were to be set at 4 and 0 it will probably force the District into further curtailments and thus increase the unemployment in Deer Lodge County besides adding to the adverse economic plight of the area. For next year we have eliminated 3 additional teaching positions.

The Anaconda Public Schools have bitten the bullet. The Board of Trustees have made tough decisions. From 1980 to 1983, a period of four years, the budget at Anaconda has only increased a little over 9% while absorbing an additional 20% of the Special Education budget when the Legislature removed indirect costs from State Special Education funding. We have closed three (3) buildings, laid off 35 teachers, a week ago the Board of Trustees eliminated 3 more positions bringing this total to 38, 3 administrators, 7 engineers and 6 janitresses.

The lay-offs in Butte put an additional 288 Anaconda people out of work which will make it necessary for them to seek employment elsewhere. This will result in an increase in the drop of enrollment which will further decrease our A.N.B. in the next biennium causing a further reduction in Foundation Program monies.

Last year our voted levy was 30% of our budgets. The taxpayers of Anaconda-Deer Lodge County can not afford an increase in the voted levy. If it increases and the voted levy is rejected, it will be the children who will suffer with an education inferior to that which other children of Montana will receive. Thus, the State will not be providing equal educational opportunity for all of Montana's children, as called for by the State's Constitution.

We respectfully request your support for H.B. 640 which could help us a little as we are running out of places to go for help. I know that the revenue situation at the State is in tough shape, multiply that by ten fold and you are looking at the situation Anaconda Schools face. We are going to have to have some help someplace if we are going to be able to offer the same quality programs next year that we were able to offer this past year.

I would like to thank you for your support in the past and hope that we will merit your support this time.

Thank you.

A handwritten signature in cursive script, reading "Daniel W. Marinkovich".

DANIEL W. MARINKOVICH
Superintendent
Anaconda Public Schools

TELEPHONE No. 449-3604

EXHIBIT 6
HOUSE BILL 601
March 24, 1983
Full Committee

IN REPLY REFER TO:

H.B. 601, An appropriations bill requested by the Montana Board of Crime Control to coordinate the operation and development of state and local criminal justice information systems:

The development and operation of criminal justice information systems should be coordinated at the state level by a management oriented policy committee with a support agency. This would facilitate the sharing of information, technology and expertise; long range planning; and the proper interface of federal, state, and local systems.

There is a need for greater compatibility, coordination and integration in the development of criminal justice information systems. Standards to assist in the design of manual, microform and computerized systems, data collection, data definitions, documentation, the reporting of information, computer programming and security and privacy procedures are necessary to accomplish this task.

A clearinghouse function is needed for the exchange of data and technical assistance to eliminate costly duplication of effort and to provide maximum utilization of information and technical resources in the criminal justice system.

TESTIMONY

H.B. 153 - "AN ACT AUTHORIZING THE DEPT. OF S.R.S. TO CONTRACT WITH A SENIOR CITIZENS' ORGANIZATION TO ESTABLISH A MOCK LEGISLATURE AND APPROPRIATE MONEY."

TO: HOUSE APPROPRIATIONS COMMITTEE: Mr. Bardanouve, Chairman, and Mr. Manuel and Mr. Waldron, Vice-Chairmen and members of the Committee.

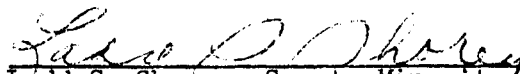

My name is Ladd S. Shorey. I served in the first and second Legacy Legislatures and I am presently serving on the Legacy Legislature Planning Committee as the appointed representative of the Montana State Federation of Chapters, National Association of Retired Federal Employees. I currently serve as the President of Midland Empire Chapter No. 459, Billings, Montana.

I come before you today to weigh and consider carefully a most important decision that your committee will make concerning the Senior Movement in Montana and every senior in this State. The concept of a Legacy Legislature for Montana is no longer at issue. The first biennial session occurred in 1980 and the second in 1982. I sincerely hope and trust there will be a third one in 1984.

A mock legislature for senior citizens is certainly not a new concept. It has been around for awhile. Usually an idea or concept survives only if it proves worthy and is needed by society. The idea behind this whole thing was to have a rather large and vocal segment of our society, namely the senior population have a forum to come together, argue and debate, and then to speak with one voice. One disgruntled politician was said to have remarked; "This is akin to inviting your mother-in-law to Sunday dinner. You will hear a lot that you don't want to hear". We in the Legacy Legislature hope we have proved the point that while a great deal of arguing and debating was done - and while everyone went away not completely satisfied - they did go back to their homes a lot more enlightened and respectful of Montana State government and the hard working, devoted, conscientious members of the State Legislature.

Now there is another valuable side to this coin. Not only did seniors learn there were other seniors with problems different than theirs but they became aware of other segments of our society, both in and out of their age group who also had their own problems. I refer to developmentally disabled, the frail elderly in nursing homes, mothers with dependent children, poverty stricken people of all ages, just to name a few. And our Legacy Legislators then began to learn the hard facts of politics: finances, budgets and appropriations. There never is enough money and segments of society must learn to share, and give and take. This is the hardest lesson to learn but one with the greatest award of achievement.

With your forbearance, I would like to close with the Article II of the official By-Laws of our Committee - our purpose for existing: "To educate Montana senior citizens as to the Montana legislative process in its entirety, and to enlarge their capabilities to intelligently advocate for themselves, with special emphasis on sponsoring and assisting in conducting a senior citizen legislature in the State of Montana." As leaders throughout time have learned, the teaching of social action is simple in the abstract and complex in the delivery. We have tried to provide a process by which a disparate and unorganized group of older persons can be molded into a driving force for change. We hope you will understand where we come from. All we really want is a little help and understanding. Thank you.

Ladd S. Shorey, Senate Minority Leader
1982 Montana Legacy Legislature

Mr. Chairman + Members of the Committee

The following pages give a brief outline of the scope of activity connected with the 1982 session of "Legacy Legislature." It includes only highlights. *Statistics*

The total number of votes cast in the election was 10,922 which is about 9% of the total senior citizen population of Montana. That is especially significant as only those over 60 could participate. All voting was supervised and counted by the state office (Walter Marshalls) so you know it was done properly. Mr. Easby is one of our more efficient senior citizens. It is estimated only 15% of all seniors take an active participant role in Senior Citizen programs at the centers.

9 out of 15 voted

I like the clipping below because it emphasizes the training given, of course the real learning experience

is when they move into committee meetings at the Session and experience the pressures and frustration of trying to move their favored piece of legislation, in a severely limited time frame. One "Doctor Degree" college graduate declared it was more educational than anything in college.

'Legacy Legislature' voting is next week

By BILL SKIDMORE
IR Staff Writer

Montana senior citizens will begin voting next week to elect representatives to this year's Legacy Legislature.

The goal of the mock legislative session in Helena is "a better Montana and a better quality of life for its senior citizens." The session's top priorities will be passed on to the state's real legislature in the form of bills.

The three-day session is open to winning candidates over the age of 60 who filed nomination applications at senior citizens' centers last month. The election will be between May 12 and May 18.

The 42 successful House candidates and 21 Senate candidates will be announced May 19, a day Gov. Ted Schwinden has declared Montana Senior Citizens Day.

Like the "Silver-haired Legislature" in

Missouri and the "Senior Legislature" in California, Montana's Legacy Legislature is operated in the same way as a real legislative session. It will be Sept. 20-22 at the Capitol.

The first such legislature was held in Montana in 1980, prior to the 1981 session.

Seniors elected to the Legacy Legislature, which is being coordinated by Walter Marshall of Helena, will be trained in bill writing and amending, parliamentary procedure and protocol, and how to conduct and testify at committee meetings.

The three most important bills passed by the seniors will go into the hopper at Montana's 1983 Legislative Session the following January. Last session, senior citizens from throughout the state lobbied for the 1980 Legacy Legislature's to three bills, all of which were approved.

District 28/29 Stan Rogers, Billings	

March 25 Nominating petitions given out to coordinators

April 1 Nominating petition (forms) distributed to contact persons

April 15 Nominating petitions returned to Center or contact person
all filled out with name of person/town/10 endorsers names

April 18 Return filled in petitions to coordinators.

April 21 Coordinators get the petitions in to the state so ballots printed

May 5 Ballots should be to regional coordinators who should in turn
distribute them to contact persons as quickly as possible.

May 12 through May 18 Elections held at centers or other designated
polling place. Polls must close on May 18 by 5:00 P.M. and the
results called in to Walter Marshall that evening as he wants
to announce the winners as part of Senior Citizen Day celebration.

May 19 State-wide Senior Citizen Day (as proclaimed by the Governor
Ted Schwinden..Suggested that each Center plan a banquet. Invite
city officials as mayor and councilmen, suppliers, donators etc.
Could be used as a nutrition dinner and use regular cooks if a
share of donations are put into Title program.

First half of June Training for elected Legislators

Now to the end of June Encourage organizations and legislators to get
bills written up and turned in to a legislator. Note These do not
have to be technically correct as to wording just so they express
concerns. Only those bills that pass Legacy will be submitted to
Legislative Council.

NO MORE BILLS MAY BE ENTERED AFTER THE REGIONAL MEETINGS START

July Regional meetings of Legislators with approsimately 10 legislators
in each region (6 x 10 = 63) At this meeting bills will be
studied to eliminate duplication..to consolidate similar concerns.
Each group elects a Chairman.

August Same process as above is repeated. This time by the six persons
elected as Chairman meeting as a state-wide representative group.
They once again try to eliminate duplication of concerns and consolid-
ate similar ones together, each chairman bringing the bills from
his region so all of them from the whole state are in and when this
group finishes what is left goes into Legacy Legislature.

Sept. 19 Registration for Legacy .. Some special meetings

Sept 20-21 and the morning of 22 Legacy Legislature meets.

ABOUT BILLS- Anyone can write one but it must be carried by a Legislator
and each Legacy Legislator can only carry two (2) bills. You can
contact any Legacy Legislator from any Region to enter your bill.

ABOUT TRAINING-Suggested that it be done by qualified Committee members
as many are experienced Legislators (real) or experienced lobbyists.

About Legacy Session- That all hearings should made before joint meeting
of the house and senate so all hear the same thing.

ABOUT ECONOMY- No banquet - no frills - get the job done then enjoy the
Governors Conference

Please send in The Honor Roll pages with the check
That is important. Put your District No. on each page

TO: ALL THE FRIENDS OF LEGACY LEGISLATURE

ABOUT MONEY

No one likes to talk about money, but it is the belief of the Planning Committee, and many others we have talked to, that in order to keep our loyalties committed to senior citizen interests, most of our funds should come from that source. With 120,000 seniors in Montana, it shouldn't be any problem, but there will be many we never contact.

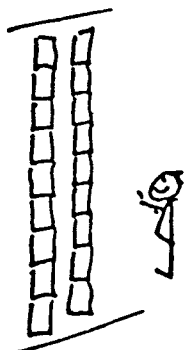

We had \$25,000.00 to work with for our first Legacy. Even cutting to a bare bones budget this time, we are talking about lots of dollars just for food, lodging, and travel. We do have to spend some money for mailings, printing, telephone, etc. We have no funds. That has to change. Lodging for our legislators in Butte will come to at least \$4,000.00, and meals to at least \$3,000.00. Mileage will have to be paid (the biggest item of all). Well, that's the way it is.

The idea of an Honor Roll was suggested where we sign our name and give a dollar or more. A simple form is enclosed. If you do not have a copy machine available perhaps your Area Agency would make additional copies as needed. The easiest way to send in the money would be by Cashiers check, made out to the Legacy Legislature Planning Committee, mailed to our Treasurer Lois Shorey, 2115 Dahlia, Billings, Mt. 59102.

We believe our seniors will see us through. We have gone ahead planning and believing. We are united in a common goal "A Better Montana and a Better Quality of Life for our Senior Citizens".

Perhaps you have an idea on ways to raise funds. Share it with us.

PROPOSED CANDIDATES APPLICATION
MONTANA LEGACY LEGISLATURE-1982

I _____ HEREBY CERTIFY THAT I AM 60 YEARS OF AGE OR
OLDER, AND RESIDE IN TOLSON MONTANA. I ALSO
CERTIFY THAT I AM A RESIDENT OF MONTANA FOR OVER 1 YEAR, AND A RESIDENT
OF THE _____ DISTRICT FOR OVER 1 YEAR.

I ALSO AGREE, THAT IF I AM NOMINATED AND ELECTED TO THE 2ND MONTANA
LEGACY LEGISLATURE, THAT I WILL SERVE AND WORK FOR THE BETTERMENT OF ALL
MONTANA SENIOR CITIZENS.

NAME OF CANDIDATE _____ CHECK ONE BOX: You Can't Run for Both

ADDRESS OF THE CANDIDATE _____ HOUSE OF REPRESENTATIVES ☐

TELEPHONE NUMBER OF THE CANDIDATE _____ STATE SENATE ☐

****INSTRUCTIONS:** YOU MUST FILL OUT THIS FORM, AND RETURN IT TO YOUR SENIOR
CENTER NO LATER THAN APRIL 18, 1982. THE REGIONAL COORDINATOR WILL MAIL
THE COMPLETE LIST OF ALL CANDIDATES FOR THE 2ND MONTANA LEGACY LEGISLATURE
TO THE STATE COMMITTEE IN HELENA, WHO IN TURN WILL MAKE OUT THE OFFICIAL
BALLOTS FOR EACH OF THE DISTRICTS. THESE WILL THEN BE MAILED TO THE
INDIVIDUALS SENIOR CITIZEN CENTERS THAT ARE PARTICIPATING IN THE FORMAL
ELECTION. THESE BALLOTS WILL BE THE ONLY ONES USED FOR THE ELECTION FROM
MAY 12-MAY 18, 1982.

THE BALLOTS WILL THEN BE COUNTED BY A COMMITTEE SELECTED BY THE REGIONAL
COORDINATOR.

A FORM WILL BE FURNISHED TO THE SENIOR CITIZEN CENTER TO TALLY THE VOTES.

THE TOTAL OF THE VOTES WILL BE CALLED TO THE STATE OFFICE NO LATER THAN
9:00 P.M., ON THE EVENING OF MAY 18, 1982.

THE LEGACY LEGISLATURE COMMITTEE WILL THEN ANNOUNCE THE FINAL VOTE THROUGH
THE MEDIA AND WILL ALSO SEND A COPY OF THE FINAL RESULTS TO EACH SENIOR
CITIZEN CENTER THAT HAS PARTICIPATED, AND WILL ALSO CONTACT THE WINNING
CANDIDATES BY TELEPHONE OR MAIL.

* * * * *

IN ORDER TO QUALIFY TO BECOME A CANDIDATE FOR THE 2ND MONTANA LEGACY
LEGISLATURE, YOU ARE REQUIRED TO HAVE 10 SENIOR CITIZENS CERTIFY THAT THEY
ARE ALSO OVER THE AGE OF 60 YEARS, AND ARE RESIDENTS OF THE STATE OF
MONTANA AND OF THE DISTRICT IN WHICH THE CANDIDATE IS RUNNING. THEY ALSO
MUST CERTIFY THAT THEY WILL SUPPORT YOUR CANDIDACY FOR THE POSITION OF A
MEMBER OF THE 2ND MONTANA LEGACY LEGISLATURE.

TAXATION

Senate: Ray Managhan - 1100, 4th St. W. Kalispell

House: Martha Irwin - 402 N.

59901

20th Ave., Bozeman, 59715

Bill: An act to provide Property Tax Relief - Increase Tax subsidy for Low Income.

Bill: Reinstate \$3600 pension tax exemption... (The same as originally asked for in the last Legislature and was passed as a \$360 exemption)... Bill of 1981

Bill: To pass a regulated Sales Tax, revenue from sales tax to replace the present 40 M 1 foundation funds (to relieve the financial crunch of counties and cities)

Resolution: To encourage the IRS to suspend penalties, when reporting errors of senior citizens are obviously the result of lack of understanding the instructions.

CONSUMER AFFAIRS

Senate: Robert Pythian - 515 Pattee Canyon Dr.

House: James Taplin - Box 299

Missoula, 59801

Dayton, Mt. 59914

Bill: Provide for an Office of Aging ranking with others within executive branch of the state of Montana.

Bill: Requiring 1/3 of the members of each appointive commission, committee, board or council to be lay persons not employed in area of interest.

Resolution: Asking Congress to help restore Amtrack Southern Route.

Bill: To provide 15% reduction on Automobile Premiums for over 60 drivers who pass the safe driver course.

Resolution: To let the County decide who administers the Food Stamp program.

Resolution: Opposing further land to be designated as "Wilderness".

SOCIAL SERVICES

Senate: Ladd Shorey - 2115 Dahlia Lane

House: Al Hartwig - 525 2nd Ave.

Billings, 59102

P.O. Box 749 Havre 59501

Bill: Reinstate H.B. 217 based on it's original draft form asking for two million dollars to be used for in-home services distributed through aging network.

Resolution: To encourage the employment of over 60 persons in key positions in aging services whenever qualified and available.

Resolution: To support Area Agency concept

Resolution: To support distribution of Energy Assistance through some office other than Welfare and stop all senior citizen programs from being associated with Welfare.

Bill: To place a check-off box on all State Income Tax forms, that when checked would allow one dollar of the tax paid to be used to support future Legacy Legislature activities.

Bill: To adopt a State "Older American Act" with funding at \$50,000.

HEALTH

Senate: Helen McGregor - 1139 Mercury, Butte

House: Henry Siderius - 3020, Hwy 93

59701

South, Kalispell 59901

Bill: An act to require inspection by the Health Board of nursing homes and retirement homes at intervals of one year or less on an unannounced schedule.

Resolution: That a condition of licensing of doctors be they must indicate whether they will or will not accept medicare assignment payment schedule of payments.

Resolution: A study be made of problems connected with the state medicare program.

Line summary of bills & resolutions

continuation..HB LPH

Resolution: To encourage continued funding of Retired Veterans Homes and Hospitals and Veterans Affairs offices.

Bill: To allow dental technicians and retired dentists to repair dentures unsupervised.

JUDICIARY

Senate: Jennie Andriolo - R. 1 Box 199 Three Forks 59752 House: June Stewart - Box 383 Belt, 59412

Bill: Insurance Companies must report liability Insurance cancellations to the Motor Vehicle Dept.

Bill: Mandatory imprisonment for no less than one year without parole, for assault or robbery of Senior Citizens.

Bill: An Act to subsidize the elderly to stay in their homes- available to the low income only. Subsidy not to exceed 75% of costs of insurance-utilities-repairs (comparable to rental subsidies given to residents of low income housing projects) Subsidy not to be paid back.

Resolution: To encourage appropriate state housing departments to promote any program that would tend to raise the level of available housing for elderly.

Resolution: That a study be made of the Legacy Legislature Districting and a revision be made where possible to encourage more consolidated areas.

Resolution: A Study be made of the foundation program of the State Courts and of County Welfare.

FINANCE

Senate: Walter Taylor - 920 7th St.W. House: Al Comer - Box 272
Riverside, Missoula, 59801 Pony, 59747

Resolution: To support HB 45 and the concept of COLA for employees not presently covered.

Bill: An act to allow the maximum county levy to be used for senior citizen programs be raised from 1 mill to 3 mills.

Bill: An act to exempt all interest income from State taxes for all persons over 62.

Bill: An act to amend HB 279 to raise eligibility for property tax relief from the present level of income exemption to 10 or 12 thousand

Resolution: To request the appropriate department to base the funding formula for distribution of aging services money, to some extent on the provider's past record of services given. (Partial restoration of Grandfather clause)

TO: MONTANA SENIOR CITIZEN LEGACY LEGISLATORS "1982"

SEP 20 1982

FROM: PLANNING COMMITTEE CHAIRMAN - ROBERTA NUTTING

Congratulations on a job extremely well done. Your devotion to the task at hand and your cooperative attitude was recognized by all, and that was so important because I believe the future support of Legacy Legislatures will be determined by the impact of this one.

Let your friends and fellow seniors know that it was a learning experience, that we appreciated their support, that the future of senior citizens will be determined not only by our efforts and theirs but by securing the cooperation of all the organizations and persons working in the senior arena.

A warm "thank-you" is often the key that opens the door to new friendships and stronger commitments. Please help spread a warm glow of senior appreciation and let it be known that senior clout is often used as a "pat on the back" as well as a kick-in-the-pants.

I thought we had great support from Governor Schwinden, Director of SRS-John LaFaver, Secretary of State-Jim Waltermire and his staff, Diana Dowling and the Legislative Council, Jim Grainey and the Neighborhood Senior Center, LISCA and staff, all of the Area Agencies; Walter Marshall at the State Aging office and his staff did so much to make things run smoothly and efficiently, and then there were all those wonderful individual individuals that I just don't dare mention because it would take pages and pages. I wish you would get out your rule book and read the names of the Area Coordinators again and if you see one of them, say "Thank-you". It has been a terrific experience for me, and there are still lots of good things ahead.

All of the Planning Committee want you to know you delegates were the cream of the crop and we say hat's off to a wonderful hardworking, straight-shooting bunch of Legislators!!!

By the way, the average age of the Senate figured out to be 69.75 and the average age of the House members was 69.79 very nearly the same and just under 70 years of age. Who says life begins at 40.

I think Legacy Legislature is teaching us to disagree agreeably and we all are ready to say "Long Live Legacy". Thank you for your contribution, whatever it may be.

See you at the Legislature,

Roberta Nutting

LOIS C. SHOREY

A.A.R.P. - LEGACY LEGISLATURE

HB 153 Testimony

Re: Funding for Legacy Legislature

Mr. Chairman, members of the Committee - my name is Lois Shorey and I presently serve as State Director for American Assn of Retired Persons and State Treasurer of the Legacy Legislature Planning Committee. I also serve as secretary of the Yellowstone County Council on Aging and am a member of the Area II Advisory Board.

In this work, I meet seniors from all walks of life, the educated and uneducated, the sick and the well, the prosperous with no money worries and those barely keeping their lives together with a semblance of dignity. The sad fact is that many of our people, not only seniors, have no idea how this great government functions at federal, state, county and local levels.

We are requesting favorable action on HB 153 to help fund Legacy in a very small way, so that people from all walks of life can be involved, not only those financially able.

Granted we are amateurs playing at a real game, but we learn fast. The learning experience which ripples out in all communities is invaluable, both to the pretend legislator and the real legislator like yourselves.

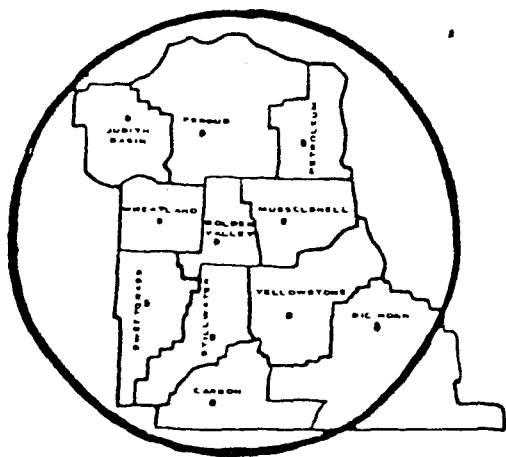

The senior learns what real legislators do; the long hours, the hard decisions, the financial aspect and that sometimes what we think is good for our State does not always prevail because of lobbyists or special interest groups.

It is imperative that seniors continue to be a part of life, to learn, to help, and to understand that money is the lifeline of life, whether it is their personal money, state money or federal money.

We strongly feel that this issue should have a dollar match from seniors. We only ask start up money or seed money to keep Legacy Legislature alive and ongoing. We want to be a help to the real legislature and not a hindrance. It is not our purpose to ask for unrealistic issues, but rather to work as a coalition of seniors with dignity and for the betterment of all Montanans, regardless of age.

We feel this pool of volunteer help and hopefully with some expertise in govt. can be invaluable to elected legislators if used correctly and wisely.

Thank you for your courtesy in hearing us.

AREA AGENCY ON AGING MONTANA - AREA II

2031 Hewitt Drive
Billings, Montana 59102

March 24, 1983

Representative Francis Bardanoue, Chairman
House Appropriations Committee
Capitol Station
Helena, Montana 59620

Dear Chairman Bardanoue:

I understand that your committee will be holding hearings on HB-153 which was introduced by Representative Les Kitselman of Billings. This bill authorizes the Department of SRS to contract with a senior citizens organization to establish a mock legislature.

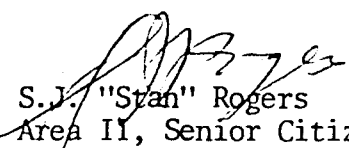

As the Area II Agency on Aging Advocate for Senior Citizens, I would appreciate your support on HB-153 as amended. Area II covers an eleven (11) county area with a resident population of approximately 24,200 senior citizens, 60 years of age and over.

The legacy legislature planning committee in 1982 raised approximately \$5,000 to provide some financial support to 63 legacy legislators. Most of these funds were raised at senior centers, senior organizations, in addition from non-seniors. Because of limited funds many senior citizens could not afford to run for the legacy legislature, also many of those elected could not afford to pay their expenses to attend the mock sessions in Helena. I guess from your experience as legislators you know better than anyone else how expensive such an undertaking is especially for those who do not have the financial means.

We are only asking for matching funds to give all senior citizens the same opportunity to run for the legacy legislature. In my judgement, these funds should not be considered an expense but a prudent investment in helping seniors to help you to do a better job as legislators.

Again on behalf of all the senior citizens that I represent, your favorable support of this bill will be very much appreciated.

Sincerely,

S.J. "Stan" Rogers
Area II, Senior Citizens Advocate

cc: House Appropriations Committee Members

HOUSE BILL NO. 120

INTRODUCED BY WALDRON

A BILL FOR AN ACT ENTITLED: "AN ACT TO PROVIDE FOR PARTIAL STATE FUNDING OF EXPENSES FOR DISTRICT COURTS BY FUNDING FOR INDIGENT DEFENSE; AMENDING SECTIONS 40-3-114, AND 46-8-202, MCA; REPEALING SECTION 46-8-202, MCA; PROVIDING AN APPROPRIATION; AND PROVIDING AN EFFECTIVE DATE."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

NEW SECTION. Section 1. Funding of district court indigent defense. The operations, salaries, and other expenses of district courts provision of indigent defense within the state is the financial responsibility of the state.

NEW SECTION. Section 2. Defense of indigent defendants. The supreme court shall establish by rule the operation of indigent defense in the state. The rules shall allow the maximum operational flexibility within local conditions. The supreme court administrator shall allocate funds for indigent defense to each judicial district, and the judges of such districts shall administer the provision of indigent defense within the counties of the judicial district subject to the rules promulgated by the supreme court and the supreme court's supervisory control.

Section 3. Section 46-8-114, MCA, is amended to read:

"46-8-114. Time and method of payment of costs. When a defendant is sentenced to pay the costs of court-appointed counsel, the court may order payment to be made within a specified period of time or in specified installments. Such payments shall be made to the clerk of the district court state of Montana and deposited in the general fund. The clerk of the district court shall disburse the payments to the county or state agency responsible for the expenses of court-appointed counsel as provided for in 46-8-201."

SECTION 4 Section 46-8-201, MCA, is amended to read:

"46-8-201. Remuneration of appointed counsel. (1) Whenever in a criminal proceeding an attorney represents or defends any person by order of the court on the ground that the person is financially unable to employ counsel, the attorney shall be paid for his services such sum as a district court or justice of the state supreme court certifies to be a reasonable compensation therefor under the provisions of section 2, and shall be reimbursed for reasonable costs incurred in the criminal proceeding.

(2) The expense of implementing subsection (1) is chargeable to the county in which the proceeding arose state, except that:

(a) in proceedings solely involving the violation of a ~~city~~ local government ordinance or resolution or state statute prosecuted entirely in a justice's, municipal or city court, the expense is chargeable to the county, city, or town in which the proceeding arose; and

(b) when there has been an arrest by agents of the department of fish, wildlife, and parks or agents of the department of justice, the expense must be borne by the state agency causing the arrest."

NEW SECTION. Section 5. Saving clause. This act does not affect rights and duties that matured, penalties that were incurred, or proceedings that were initiated before the effective date of this act.

NEW SECTION. Section 6. Repealer. Section 46-8-202, MCA, is repealed.

NEW SECTION. Section 7. Appropriation. There is appropriated from the general fund to the Montana Supreme Court \$1,100,000 from the general fund for the fiscal year ending June 30, 1985, for the provision of indigent defense as provided in this act.

NEW SECTION. Section 8. Effective date. This act is effective July 1, 1984.

Dear Representative:

I oppose House Bill No.20 because it further erodes local control of government and would be an extra expense to the taxpayers of Montana.

District Court funding for unusual expenses can be best and most economically accomplished by Senate Bill #19, which provides assistance when needed, through direct grants to the counties. There are occasions when counties have lengthy jury trials, etc., which are expensive and SB19 best meets this need.

House Bill #120 provides for state control of budgets and personnel of District Courts, and therefore creates another layer of state bureaucracy and non-productive expense.

The Judges and Clerks, as elected officials and as local residents and taxpayers, are usually responsible and cost conscious. If not, the voters have effective and direct control on election day.

Many court expenses are mandated by Federal and/or State laws, i.e.: court appointed counsel for indigents, juvenile offices and counselling, jury trials, evaluations and state supervision would not control, but just add to the expense. The salary of court reporters is set by law, and it is obvious that each judge is capable of selecting a qualified reporter. Under HB120, Counties would still be required to provide and maintain courtrooms, offices and other court facilities, so this cost would be unchanged.

The Clerks of Court are not included as "employees" at this time--but we are Clerks of District Court, and it is obvious that everything except our salaries would be controlled by the state bureaucracy under HB 120.

No one knows for sure how many new employees would be added in Helena to administer and supervise under HB 120, and to what level it would expand, but bureaucracies do tend to mushroom. The "supervisory" control by the state would substantially add to state personnel, printing, supplies, office space, and costs in general, but produce no positive results for the taxpayers--it would actually have an adverse effect on counties. The funding proposal has changed from mill levy to additional vehicle fees, but it makes no difference how one proposes funding this unnecessary bureaucracy, it is an unfair expense to Montana taxpayers. We Montanans must spend our funds wisely to meet our needs and attain our goals.

Sincerely,

Lorraine T. Samuel

County of Yellowstone

HARDIN E. TODD
CLERK OF DISTRICT COURT

BILLINGS, MONTANA

March 23, 1983

Representative Francis Bardanouve
Chairman, House Appropriations Committee
Capitol Station
Helena, Montana 59620

Dear Representative Bardanouve:

I am Hardin E. Todd, Clerk of the District Court of the Thirteenth Judicial District, Yellowstone County. I have held this position for the past eighteen years.

It would appear that every two years the Montana Clerks of Court have to travel to Helena in opposition to being appointed rather than elected. This time I am appearing before your Committee in opposition to H.B. 120.

H.B. 120 would take away local control plus add another layer of government on the poor Montana taxpayers.

My present opinion is that the fastest growing employer in the State is State government, not only the fastest growing but each separate branch needs to build its own building. It is time that the Montana taxpayer is considered when a new bureaucracy is about to become law July 1, 1983.

I would ask that you and your Committee oppose H. B. 120.
Thank you for your time.

Very truly yours,

A handwritten signature in cursive script that reads "Hardin E. Todd".

HARDIN E. TODD
Clerk of the District
Court

TRANSCRIPT OF TESTIMONY PRESENTED TO
THE LEGISLATIVE APPROPRIATIONS COMMITTEE,
MONTANA STATE LEGISLATURE,
HELENA, MONTANA,

EXHIBIT 16
HOUSE BILL 905
March 24, 1983
Full Committee

ON
MARCH 24, 1983

Mr. Chairman, and members of the appropriations committee:

One hundred years ago this August, an event which was to have vast local, regional, national and even international significance took place just outside of Gold Creek, Montana.

That event -- the completion of a transcontinental rail line linking Puget Sound with the Great Lakes region -- was attended by foreign dignitaries, former President Ulysses Simpson Grant, cabinet officials representing then-President Chester Alan Arthur, U.S. senators and representatives from the nation's capital, governors of many states and territories, army generals, railroad executives, as well as judges, mayors and approximately 50 journalists.

Ex-President Grant and Henry Villard, president of the Northern Pacific Railroad, drove that last rusty spike in front of 3,000 spectators while distinguished journalists such as Joseph Pulitzer, E. L. Godkin, Carl Shurz, and Joseph Medill rushed to spread news of the event to a waiting world.

The completed rail line opened up for settlement, exploration and development the vast territories of North Dakota, Montana, Idaho, Washington and Alaska, as well as much of western Canada.

Hundreds of Montana towns, hamlets and cities, including many of this state's grandest metropolitan areas today, owe their birth and subsequent growth to the success of this epic venture which the Montana Historical Society refers to as "rivalling statehood itself" in importance to Montana and its citizens.

But I did not ask to speak to you tonight merely to recount the dusty lessons of history. I am here to talk about this state's future. A future which shines brightly, in part, because of a small group of far-sighted individuals who have gathered together without

produce and promote a centennial observance worthy of this significant historical event.

Members of the Last Spike Centennial Committee have toiled ceaselessly since August 1982 to ensure that a re-enactment ceremony and centennial celebration befitting the grandeur, sweep and dignity of a ceremony sure to grab the attention of Western Montana, and I dare say the entire state, neighboring states, the Pacific Northwest and even the entire nation, can and will be performed at Deer Lodge and Gold Creek later this summer.

The Last Spike Centennial Celebration has the potential to attract ~~hundreds of thousands~~ ^{→ tens of thousands}, perhaps millions, of railroad and history buffs to Montana this summer; tourists who will spend their vacation time and money in our state and who will spread the word back home of Montana's scenic splendors, genuine western hospitality, historical treasures, and inviting accommodations.

Furthermore, a permanent display of historical photographs, multi-media presentations, a video-tape of the re-enactment ceremony, historically accurate costume reproductions, plaques and highway markers will tell the story in various form for decades and generations to come.

It is for these reasons that we ask your assistance in funding a portion of this auspicious event. An event which will tie together all the other centennial celebrations throughout Montana during 1989. An event which will put Montana on the map as a travel destination for years to come. And an event of which we can all be proud.

I believe it is appropriate, and even imperative, that all Montanans share in the expense of this commemoration through partial funding provided by the state legislature.

(more)

We therefore respectfully ask you, our elected representatives, to lend your financial and physical support to a venture which is sure to reap future benefits for the state's embryonic tourist industry, and thus, for all Montanans. Your support will also have vast psychological impact on those dedicated individuals who have donated much of their time, effort, and energy to the success of the Last Spike Centennial Celebration.

In closing I would thank each and every one of you for your time and thoughtful consideration of our modest grant request, and may I personally extend an invitation to each of you, your families, relations and friends, to attend a portion or all of the Last Spike Centennial Celebration and its related events, to be held August 22 through 28 in Deer Lodge and Gold Creek.

Ya'll come, ya hear.
