

MINUTES OF THE MEETING
PUBLIC HEALTH, WELFARE AND SAFETY COMMITTEE
MONTANA STATE SENATE

JANUARY 21, 1983

The meeting of the Public Health, Welfare and Safety Committee was called to order by Chairman, Tom Hager on Friday, January 21, 1983 in Room 410 of the State Capitol Building.

ROLL CALL: All members were present with the exceptions of Senator Stephens, who was excused, and Senator Norman. Woody Wright, staff attorney, was also present.

CONSIDERATION OF SENATE JOINT RESOLUTION 7: Senator Pat Goodover of Senate District 22 in Great Falls, chief sponsor of Senate Joint Resolution 7, gave a brief resume of the bill. This is a joint resolution of the Senate and the House of Representatives of the State of Montana urging all Montana Veterans of the United States Armed Forces to joint the Montana Legislature in requesting that the Montana Congressional delegation introduce federal legislation to have Congress designate a new National Veterans' Cemetery to be located in Montana and named the "Arlington West National Cemetery".

Senator Goodover stated that he would be to see the resolution passed to give a final resting place to all those soldiers that have fought for our country. It would be an honored place, a place of grandeur, a national cemetery for everyone to enjoy. He asked that the cemetery be placed on government owned land picked by the proper authorities. He felt that Custer Battlefield is not quite suitable because it conjurs up in one's mind Custer's last stand. He asked that the cemetery not be placed on an Indian reservation. This resolution will not cost anything and over 30 members of the Senate signed the bill from both sides of the isles, and therefore, must be a good bill.

Senator Matt Hims1 spoke as an informational witness. He stated that Custers Battlefield Cemetery is now closed for having anyone buried there. However, a group has formed calling themselves Custer Battlefield Preservation Committee trying to acquire additional land to have a national monument. At present they are trying to acquire 9,257 acres of land. They have several backers, who have bought land and donated it to the cause. There is a national cemetery in Denver at the present time that seems to have alot of land available for burial. He stated that he done quite a bit of checking with Senator John Melcher and also the various offices in Washington D.C. in regards to the Custer Battlefield.

PUBLIC HEALTH
PAGE TWO
JANUARY 21, 1983

Senator Hims1 stated that when this land is all acquired the group is hoping to establish a Custer Battlefield National Monument.

Bob Durkee, representing the Veteran's of Foreign Wars, stood in support of the bill. He stated that along with his group the American Legion and the Disabled American Veterans all are in support of this bill.

With no further proponents, Senator Hager called on the opponents. Hearing none, the meeting was opened to a question and answer period from the Committee.

Senator Marbut asked if a site had been located to be named as Arlington West Cemetery. Senator Goodover stated that there has been no consideration given to location.

Senator Hims1 stated that he does not feel that this bill and Custer Battlefield go together. There is no conflict between the two.

Senator Marbut stated that there are certain standards to be maintained, equalled with Arlington Cemetery. It should be a shrine.

Senator Goodover closed asking for a favorable recommendation from the Committee.

DISPOSITION OF SENATE JOINT RESOLUTION 7:

A motion was made by Senator Marbut that Senate Joint Resolution 7 receive a DO PASS recommendation from the Committee.

Senator Hims1 stated that the Veterans' Home at Columbia Falls has a cemetery adjacent to the Home.

A vote was taken on Senator Marbut's motion. Motion carried unanimously.

DISPOSITION OF SENATE BILL 56: This bill sponsored by Senator Tom Hager of Senate District 30, is an act to give the Department of Health and Environmental Sciences the authority to adopt rules setting fees to be paid by hazardous waste generators, and providing an immediate effective date.

PUBLIC HEALTH
PAGE THREE
JANUARY 21, 1983

Roger Thorvilson of the Solid Waste Bureau of the Department of HES stated that the exclusions to the act would be household refuse, farmers exemption and quantity exemptions. Mr. Thorvilson handed out two sheets for the Committee to review. One handout told of the small quantity generator exclusions according to the EPA. (See exhibit 1) The other handout was the federal rules governing farmers exclusions. (See exhibit 2) A farmer disposing of waste pesticides from his own use which are hazardous wastes is not required to comply with the standards in the sub-chapter for those wastes provided he triple rinses each emptied pesticide container in accordance with ARM and disposes of the pesticide residues on his own farm in a manner consistent with the disposal instructions on the pesticide label.

Mr. Thorvilson gave everyone on the Committee a copy of the proposed amendment regarding the maximum charge in fees.

Duane Robertson, chief of the Solid Waste Bureau, stated that he has visited with different members of the industries effected by passage of the bill and they are comfortable with the bill as drafted. Everyone feels that industry should have to pay its own way.

If the state does not fund this program, it will fall back on the federal program. Whatever is collected from this program would be put back into the general fund.

Senator Marbut stated that he feels that the fee is unreasonable for inactive generators.

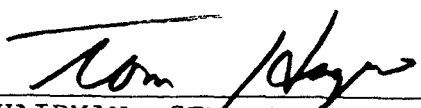

Senator Hims1 stated that the EPA only addresses part of the program.

A motion was made by Senator Tom Hager that Senate Bill 56 receive a DO PASS recommendation from the Committee.

A motion was made by Senator Marbut that a substitute motion override that SB 56 be considered for action in one week, on January 28, 1983.

ANNOUNCEMENTS: The next meeting of the Public Health Committee will be held on Monday, January 24, 1983 to consider SB 150 and 180.

ADJOURN: With no further business the meeting was adjourned.

CHAIRMAN SENATOR TOM HAGER

ROLL CALL

COMMITTEE ON

VISITORS' REGISTER

[illegible]

(Please leave prepared statement with Secretary)

SMALL QUANTITY GENERATOR EXCLUSIONS (EPA)

- 1000 Kg/MONTH - GENERAL EXCLUSION
- 1 Kg/MONTH - ACUTELY HAZARDOUS WASTES

QUANTITY LIMITS APPLY TO STORAGE

- EXCLUDED FROM:

1. MANIFEST USE
2. LABELLING
3. CONTAINER REQUIREMENTS
4. PERMITTING OR REGISTRATION

- CONDITIONAL EXCLUSION/OPTIONS INCLUDE:

1. DISPOSAL AT HAZARDOUS WASTE SITE
2. STATE-APPROVED ON-SITE DISPOSAL
3. STATE-APPROVED SOLID WASTE SITE
4. RECYCLE/REUSE

- PROPOSE TO REDUCE FROM 1,000 TO 100 Kg

C. J. Philbrick

Rules 16.44.426 through 16.44.429 reserved.

16.44.430 FARMERS A farmer disposing of waste pesticides from his own use which are hazardous wastes is not required to comply with the standards in this sub-chapter for those wastes provided he triple rinses each emptied pesticide container in accordance with ARM ~~16.44.333(3)~~ 16.44.307(5) and disposes of the pesticide residues on his own farm in a manner consistent with the disposal instructions on the pesticide label.

PROPOSED AMENDMENT TO SENATE BILL 56:

Page 2, line 15

Following: "generators"

Insert: "designed to collect an amount equalling 40% of the
state funds appropriated for each fiscal year to
implement the Montana Hazardous Waste Act"

KEY - Current Status (S)

- 1 - No hazardous wastes
- 2 - Small quantity generator
- 4 - Exempt (Mining; oil & gas; fossil fuel utilities)
- 5 - Recycling exemption
- 9 - Closed
