Office Memorandum •

Sen. Gary
STATE DEPARTMENT OF HEALTH
AND ENVIRONMENTAL SCIENCES

TO : Senate Agriculture, Livestock
and Irrigation Committee
FROM : Dept. Of Health and Environmental Sciences
SUBJECT : HB 118

DATE: March 17, 1983

Attached you will find a copy of the calculations used to determine the fee that should be charged for the review of subdivision lots. Assumptions have been made as to the number of lots which will be submitted for review during the coming biennium. These assumptions were based on the number of lots submitted during the last two years and are as follows:

Minor lots-----2017
Major lots -----2539
Trailer lots ----- 323

Total lots -----4879

Records from the past seven years indicate that one staff FTE is needed for every 1200 - 1300 lots submitted for review. This is due in part to the fact that the law requires that the Department must give final action on the proposed plan within 60 days.

The submittal of approx. 5000 lots will require a staff of 4 FTE. A budget for such a staff was submitted to and tentatively approved by the Joint Appropriation sub-committee for Human Services. Calculations were then made to determine the revenue that would be generated from review fee levels of \$30, \$35, \$40, \$45 and \$50 keeping in mind that the State does not retain the entire amount but refunds a portion of the fee to local units of government that assist in the review.

From the attached sheets you will see that an increase to \$50 is necessary to support the required staff.
