# MINUTES OF THE MEETING EDUCATION AND CULTURAL RESOURCES COMMITTEE MONTANA STATE SENATE

February 20, 1985

The fifteenth meeting of the Senate Education and Cultural Resources Committee was called to order at 12:30 p.m. by the Chairman, Senator Chet Blaylock, in Room 402, Capitol Building.

ROLL CALL: All committee members were present.

CONSIDERATION OF SENATE BILL 397: SENATOR PINSONEAULT, District 27, sponsor of the bill, said he was asked to carry the bill by the security people at the Montana college campuses. He said the bill drops out the hour restrictions as to when guns may or may not be carried by security officers and gives the Board of Regents the authority to set the policy re carrying of firearms.

### PROPONENTS:

MARV SMITH, University of Montana Security, reveiwed the attached materials for the committee (Exhibit #1). He noted the campus security officers receive training at the Police Academy in Bozeman and take an oath to uphold the law just as police and sheriff officers. He noted they cannot carry a weapon between the hours of 8:00 a.m. and 5 p.m. even though the public can. He noted incidents happen every now and then with firearms and the officers are at a severe disadvantage when they are not armed.

RICHARD THURMAN, University of Montana Security, said the security officers receive 80 hours of training at the Police Academy. Twenty hours are spent in basic instruction with sixty hours being spent on the firing range. Additional courses and training are offered on an ongoing basis.

KEN HEIKES, Administrative Vice President, Eastern Montana College, said the average age of students on the EMC campus is 26. He conducted an informal survey of students asking if the security officers are armed. He said a large majority responded they were, although, in fact, they are not. He said security officers are uniformed and a firearm is an "assumed" part of that uniform. Mr. Heikes also suggested the

Senate Education and Cultural Resources Committee February 20, 1985 Page 2

Board of Regents might want to develop a special procedure for coverage of unusual circumstances such as a presidential visit to a campus which occurred in Billings. He presented a letter in support of the bill to the committee (Exhibit #2).

### OPPONENTS:

MONTE KOCH, Associated Students of the University of Montana, said he does not question the training and qualifications of the officers. He had several concerns:

- 1) the need for carrying firearms should be justified
- 2) the security organization needs a chain of command; who sets policies, qualifications, job descriptions, etc., liability questions need to be clarified,
- 3) if officers are changed from security officers to police officers, does the Board of Regents then have authority over an armed police force,
- 4) feasibility study needs to be done defining the mission and scope re security versus a police force.

BRUCE STAFFORD, an MSU student, said he felt the atmosphere created by armed officers would be detrimental during daylight hours. He questioned the security officers training and competency and wondered exactly what their role is.

### "PONENT":

Larry Weinberg, Board of Regents Counsel, submitted a copy of the security policy (Exhibit #3) and said the Board of Regents would have to set the appropriate policy for whatever changes are made.

### DISCUSSION:

SENATOR HAFFEY asked if students can have guns in their dorms.

MR. THURMAN replied they are supposed to be turned in and locked up, but that doesn't always happen. He also stated there are no restrictions re married housing.

SENATOR YELLOWTAIL asked what are the standards for use of a firearm by an officer.

Senate Education and Cultural Resources Committee February 20, 1985 Page 3

MR. THURMAN replied a firearm can be used only if there is a clear danger to the life of an officer or someone else.

SENATOR PINSONEAULT closed by saying there is a marvelous innocence in Montana and feasibility studies are not going to predict when or how an incident may occur. He mentioned the pilot-hostage who was shot in Kalispell, the officers in Anaconda and Missoula who recently lost their lives as examples of incidents no one would have predicted as life threatening. He quoted a case which occurred at San Diego State in which a girl was raped and murdered in her dorm room. The mother is sueing the University for negligence saying security should have been provided. He said officers are being sent into unstable situations and they need to be able to protect themselves as well as others.

### **EXECUTIVE SESSION:**

### ACTION ON SENATE BILL 305:

SENATOR MAZUREK moved SB 305 DO NOT PASS. The motion carried unanimously.

### ACTION ON SENATE BILL 289:

SENATOR SMITH moved the amendments as per the attached standing committee report.

CHIP ERDMAN, Montana School Boards Association, stated the bill originally was a flat statement that would not allow any agency rule to be enacted until the legislature acted on the funding. These amendments enable the Board of Public Education to solicit input from the districts and the Office of Public Instruction. If there is a substantial financial impact they would then petition the legislature for funding. If the proposal is not funded, the Board can make the rule if available funds can be found to implement it.

The amendments were adopted as per the attached roll call vote.

SENATOR SMITH moved SB 289 DO PASS AS AMENDED. The motion carried as per the attached roll call vote.

Senate Education and Cultural Resources Committee February 20, 1985 Page 4

### ACTION ON SENATE BILL 382:

SENATOR REGAN moved the amendments as per the attached standing committee report. The motion carried unanimously.

SENATOR HAFFEY moved SB 382 DO PASS AS AMENDED. The motion carried as per the attached roll call vote.

### ACTION ON SENATE BILL 397:

SENATOR YELLOWTAIL moved SB 397 DO NOT PASS. The motion <u>failed</u> as per the attached roll call vote.

SENATOR PINSONEAULT moved SB 397 DO PASS. The motion <u>carried</u> as per the attached roll call vote.

### ADJOURN:

There being no further business, the meeting was adjourned.

July 24, 1981

Mr. Fritz O. Behr Administrator Law Enforcement Services Division Montana Department of Justice 303 Roberts Helena, MT 59601

Dear Mr. Behr:

As I indicated to you on the telephone on Thursday, July 23, 1981, I am forwarding to you the resume and reference material of a person who is applying for employment as a criminal investigator in your division.

The person is Marvin J. Smith, Jr. and his interest in the job was brought to my attention by Larry Brennan, a former Commissioner in Deer Lodge County. As you will read in the reference material, Mr. Brennan and others think highly of Mr. Smith's ability in law enforcement.

I ask that you give appropriate consideration to Mr. Smith as an applicant for the criminal investigator position.

Sincerely,

tack Haffey.

Dear Sir:

I would like to take this opportunity to thank Chief Smith and Patrolman Kuczynski for their assistance in the apprehension of an armed robber on June 18, 1979 at 2330 hours. Without this valuable assistance a potentially dangerous person could still be at large and could possibly do more damage or injure more people. Through mutual assistance between law enforcement agencies the public's confidence in law enforcement is built up.

If I can ever be of any help to you in the future please feel free to contact me.

To Whom It May Concern:

This office first had contact with Marvin Smith commencing January, 1982, in his capacity as Hot Springs Chief of Police.

Since that date, during the course of the past nine months, Marvin Smith has been involved in several felony investigations which have been presented to our office for prosecution. We have been very pleased with Marvin's performance. He has displayed attention to detail and the specific elements of the respective crimes investigated. He has provided the results of his efforts in prompt written reports and witness and victim statements. When confronted with technical legal questions, Marvin has made a practice of obtaining outside advice before proceeding with further action. The impression of this writer is that Marvin is very capable as an investigator and has good rapport with the public, co-workers and other law enforcement personnel.

Throughout my contact with Marvin, I have had complete trust and confidence in all information provided by him, and dealings with him.

Sincerely,

### TO WHOM IT MAY CONCERN:

The above named subject has requested a letter of recommendation from me in order to pursue a career in law enforcement.

During my tenure as Sheriff of Deer Lodge County,
this young fellow served under me as a part-time deputy
and gave every indication of becoming a dedicated officer.

I feel, with the proper training, this subject could be an
asset to any department. Since my department was at full
compliment, at the time of his employment, it should be
no reflection on his ability.

Trusting you will give this application your utmost consideration, I remain

To whom it may Concern:

I am writing this letter in support of the University of Montana Campus Security Police.

The Reserve Deputies of the Missoula County Sheriffs Office work with these officers at a lot of University functions and we canot believe that these fellow officers are not allowed to wear their sidearms during the Daylight hours.

With the student Housing on the campus as well as all the Dorms and the problems that arise from a Campus this lagge, that they send these officers out to handle these problems with very little to protect themselves against any weapon assult that might accur. A person can pull a weapon anytime of the day or night. Answering a disturbance call or making a routine traffic stop endangers the officer. The Sheriffs office had a patrolman killed here recently while making a routine traffic stop.

These patrolmen are sworn Police Officers and are trained by the Montana Lawinforcement Academy in Bozman and have Firearms training. We believe that they are well educated in the use of Firearms and therefore deserve the sameprivilages as any other Lawofficer.

We, The Reserve Deputies of The Missoula County Sheriffs Office, urge you to give them the right to wear their sidearms day or night the same as all other Law Enforcement Agencies.

Thank you for listening and we hope that you will consider the officers request for carrying their saddearms..

Glen Williams, Vice President University of Montana Missoula, Montana 59812

Dear Glen:

I sincerely appreciate your involving us and allowing us input relative to arming campus security officers twenty-four hours a day.

As stated, we feel the officers on campus are doing an A- job and only reason for the minus is that all organizations, ourselves included, need to continually examine themselves to put the polishing touches on any rough edges.

Having officers who have received the same basic training as our new recruits plus a strong firearms policy (to include a minimum of twice yearly weapons qualification) is a definite plus for your City within our City and, likewise, for us.

We rely heavily on the campus officers and are appreciative of that they do for us and as I stated earlier. I unequivocably endorse them being armed around the clock.

Again, thank you for inviting our input.

Senator Leo Lane % The Senate Capitol Station State Capitol Helena, Montana 59620

Honorable Senator Leo Lane,

We, the following Security Officers at Montana State University, fully support Senate Bill 397. A bill which revises the limitations of University officers from carrying weapons between 0800 hrs and 1700 hrs.

The following issues are of concern in regards to officer safety while performing their duties and being unarmed.

### These concerns are:

The increased interaction between City and County Officers requiring assistance to mutual aid situations.

The University Security Department now answers all citizen complaints and conducts all investigations that occur on the University Campus.

The consideration that the only people denied, by statute, to carry firearms on the University Campus are the University security force.

Your unqualified support is greatly appreciated.

Respectfully,

### PHYSICAL PLANT DEPARTMENT

February 13, 1984

MEMO TO:

Kenneth A. Willett

FROM:

R. C. Thurman

SUBJECT:

1984 FIREARMS QUALIFICATION

On February 7, 8 and 9, Officers of the University of Montana Security Division fired their annual Firearms Qualification at the Missoula Police Department firing range. A minimum score of 70.0% was necessary to qualify. In the event an officer does not qualify his first time through, he is required to receive training until he does. An officer not qualified on the range may not carry a sidearm at any time until he does.

The qualification course consists of two courses of fire. The first is a relatively slow fire course and the second is a fast-timed course. Both courses require concentration and proper weapon handling techniques necessary when handling firearms. Following is a list of the officers that fired and their scores for both courses:

Κ.	Willett	93.6	94.4
R.	Robinson	100.0	98.4
Р.	Lean	96.4	100.0
R.	Thurman	98.4	99.6

Μ.	Smith	98.0	92.8
D.	Klusman	96.4	94.8
	Wade	98.4	95.6
L.	Hasbrouck	92.8	95.2

All members qualified well above the necessary 70.0%. Qualification firing and instruction was conducted, supervised and scored by R.C. Thurman, P.O.S.T. Certified Firearms Instructor.

Respectfully Submitted,

RE:

Proposed Amendment to Gun Bill

This issue has been a source of debate for many years. The members of my department and I feel that there are two things that should be addressed. One is the hours during which we are not allowed to carry weapons and the other is being referred to as Security Guards.

The first puts us in an awkward, ineffective and perhaps even a dangerous position if a situation would arise when a weapon is needed and we would not have one. The members of our department wear police uniforms and most people assume that a weapon is part of the uniform. If we were present when a serious situation dealing with an armed person arose that person too would assume that we were armed.

Secondly, being referred to as Security Guards creates an identity problem. People that we deal with have the impression that this is exactly what we are and that we do not have the powers of arrest or the other powers given to us as Peace Officers of the state. We have been told this by people who are breaking the law. They assume we have no authority to arrest or handle the problem. This creates an additional problem that we do not need when handling a law enforcement problem. It is equally disturbing to have to explain to other law enforcement agencies that we are not "Security Guards". The term implies that members of this department do not have to be hired and trained under the guidelines set up by Montana's P.O.S.T. Until recently, Security Guards did not need specialized training. As a result of this, other law enforcement officers do not accept us as fully trained police officers who have the same training and the same duties to perform as they do.

If the law is to be ammended to change the hours when Campus Security Guards are allowed to carry weapons, I would suggest that it have the term "Security Guard" stricken and insert Police Officer.

Senator William Farrell c/o The Senate Capitol Station State capitol Helena, MT 59620

Dear Senator Farrell,

I am writing to you in an effort to convey my deep concern over Senate Bill 397, which would allow the university's Security Guards to carry firearms without any hourly limitations being legislatively imposed.

I come to you with firsthand knowledge on this matter. I am a Sergeant with the Montana State University Police Department. I have been employed as a sworn officer for over eleven years. In 1979 I testified in a Committee Hearing on a Bill which was introduced by Representative Wallin that altered the origional restriction on carrying firearms. At that time we were allowed to carry firearms from "sunset to sunrise". Representative Wallin's Bill changed that and allowed the police officers at the University to carry their firearms from 5 o'clock P.M. to 8 o'clock A.M., or when guarding money or other valuables. This is the present policy.

One of the documents I presented at the committee hearing on Representative Wallin's Bill was the Firearms Training Policy at Montana State University. As the departmental Firearms Instructor, I testified that our training and firearms policies were one of the most stringent in the state. That fact still holds true today. Our officers are highly trained and very professional Peace Officers. Each is very cognizant of the liabilities inherent in the use of their firearm. They are not only trained in the usage of their weapon but also when not to use it.

In January of 1984 I was on duty when I observed what turned out to be an attempted armed robbery at the Mini Mart store just off campus. My intervention in that attempted armed robbery

Senator Farrell February 14,1984 Page 2

resulted in the arrest of the two perpetrators and their eventual conviction. It was certainly reassuring having access to my revolver when standing in the store with two men who each had fully loaded rifles. Fortunatly for me this crime occurred in the early morning hours. I wonder what the end result would have been if the crime had occurred between 8 O'clock A.M. and 5 O'clock P.M.

The need to use a firearm in the line of duty may never come. I sincerely believe the University Police Officer hopes this will be the case. However, we are not able to say this will be the reality. The dangers to any uniformed Police Officer are inherent in our ever changing society. It is for this reason that I ask for your assistence in the passage of Senate Bill 397.

If I may be of assistence to you in any manner please feel free to contact me at work or home. My work telephone number is 994-2121 and my home telephone number is 388-6524. Thank you very much for your consideration in dealing with this issue which is so very important to me.

Sincerly,

Mervin G. Gunderson Sergeant MSU Police

-- fiscal note -- effect without funding. (1) When
adopting rules, policies, end standards under 20-2-121
subsections (6), (7), (9), and (11), the board of
public education shall concurrently adopt a fiscal note
to determine the financial impact of the rule, policy,
or standard on school districts.

- (?) The superintendent of public instruction shall prepare a suggested fiscal note for submission to the board of education. The board may also accept other testimony and exhibits on the financial impact to school districts before adopting a final fiscal note.
- (3) (a) If the financial impact of the rule, policy, or standard is found by the board to be substantial, the board shall request the next legislature to fund implementation of the rule, policy or standard through the foundation program. A substantial financial impact is an amount that cannot be readily absorbed in the budget of an existing school district program.
- (b) A rule, policy, or standard found to have a substantial financial impact after formal adoption by the board is advisory to echool districts until the beginning of the fiscal year immediately following the next legislative session.
- (c) If the legislature refuses to fund requests made by the board under subsection (3)(s), the board shall declare that the rule, policy, or standard is advisory only as applied to school districts until such time as the board determines that appropriate funding is available to fund the rule, policy, or standard.
- (4) A rule, policy, or standard not found to have a substantial financial impact on school districts becomes effective as provided in Title 2, chapter 4.
