## MINUTES OF THE MEETING STATE ADMINISTRATION COMMITTEE 50TH LEGISLATIVE SESSION HOUSE OF REPRESENTATIVES

January 23, 1987

An executive discussion was called to order for the State Administration Committee by Chairman Sales on January 23, 1987 at 10:15 a.m. in Room 437 of the State Capitol. This followed a joint hearing with the State Administration Committee and the Human Services and Institutions Subcommittees of the Appropriations Committee on HB 325 in the Old Supreme Court Chambers.

DISCUSSION: Chairman Sales stated he had received numerous calls on HB 325 from people at the local level, and he wondered how much input there has actually been from the people that have been and will continue to perform services. Gene Huntington replied that, although he was not directly involved in the Advisory Council's deliberations, he was under the impression that there had been broad geographic representation on the council. Hearings were held around the state to address the concerns of social workers, probation officers, etc. which provided an opportunity for everyone involved. There will definitely be a decentralization in the future with local advisory councils at the local levels. Chairman Sales then asked Gene Huntington who would be appointing the local advisory council members, and he responded that appointments would be made by the governor from nominations submitted by county commissioners and the courts. Chairman Sales clarified with Gene Huntington that the concerns of loss of local control were probably unfounded as, under HB 325, there would actually more local input and control. Mr. Huntington concurred. The intent is that the services would be very local and community-based. Allocation of funding for the program would be determined by the local council based on their priorities in that particular community.

Discussion continued with Rep. Phillips asking Gene Huntington to give a rundown on the concerns of the social workers. He responded that he met in Great Falls with social workers and assured them that it was the system in Helena that was uncoordinated. He reassured them that they were doing a good job and that they would continue to have the opportunity to make recommendations and to comment on the council's proposals. Rep. Jenkins expressed concern that there might be another new state building in the future, and Gene Huntington replied that there would be no additional spending, and it was not the intention to add anything in Helena. There would possibly be facilities at the local level, however, for management purposes.

Chairman Sales then asked if anyone was present who could speak on behalf of the social workers. Norma Harris, Administrator of the SRS Community Services Division, responded that the social workers are concerned about State Administration Committee January 23, 1987 Page -2-

relocating but feel comfortable with the details of implementation laid out by Gene Huntington. She indicated she would personally encourage social workers to support HB 325.

Rep. Pistoria stated he has received letters from social workers in opposition to HB 325 and wondered what the real reason was why the probation officers do not want to be part of this new department instead of being under the judges. Mona Jamison, representing the Juvenile Probation Officers Association, responded to the question by stating it wouldn't be human if the probation officers weren't concerned as there is always a certain degree of apprehension inherent with a change of any kind. However, the main concern is that the probation officers feel they can better serve the kids if they are answerable to a judge and both of them are answerable at the county level. She does not feel the judges are in support of removing the Youth Court from the jurisdiction of the district court.

Chairman Sales requested Rep. Mercer to comment on the problem of the probation officers wanting to be answerable to the local judge rather than to someone in Helena. Rep. Mercer stated there were mixed feelings among the judges on this issue. He stated it was more efficient for the same person who places a youth in a correctional facility to be the person paying the bill. In that manner, the interests of the child can be balanced with available resources. He acknowledged that the probation officers will perhaps have some loss of local autonomy. If the proposed amendments are adopted, probation officers will be totally excluded.

Chairman Sales asked Rep. Mercer if taking away the probation officers' relationship with the judges would make their jobs more difficult as now they have a good handle on the disposition of their clients. Rep. Mercer replied that the probation officers would still be recommending to the judges, and in 90% of the youth cases, the judge adheres to these recommendations. It doesn't matter if the probation officers are county or state employees. There would be no change in salary structure for probation officers under the proposed new system.

Rep. Jenkins asked one of the probation officers present to explain the duties of a probation officer to him. Craig Anderson, Chief Probation Officer for the 7th District, replied that the youth court probation system is responsible for two classifications of youth, the first being delinquent youth and the second group being youth in need of supervision. All kids allegedly committing offenses in either category are taken to the probation office after being cited by a police officer or having been referred through other channels. At that point, there are procedures followed depending on the type of crime, etc. The educational requirements are MA or BA with three years experience for a chief probation officer. Deputy probation officers are statutorily

State Administration Committee January 23, 1987 Page -3-

required to have a BA in a related field with one year experience or a BA in any field with three years experience in a youth related field.

Chairman Sales then asked Mr. Anderson how he viewed the change insofar as how things are currently done and how they might be handled under the proposed new system. He replied that one of his main concerns is insufficient resources to provide for all the needy youth which, he feels, will result in a uniform criteria established that kids will be measured against to determine whether or not they will receive services. If they become part of the new state agency, he feels there will be more accountability for the placement dollar. He fears that decisions will be based more on dollars than on the needs of youth. Rep. Bill Strizich, deputy juvenile probation officer from Great Falls, made a few comments to the committee members. The key to this whole issue is children and families. One of the biggest problems in dealing with today's youth is the degeneration of the family system. Responsiveness from the public employees dealing with these problems is essential. The youth court traditionally has been responsive. Raising the level of bureaucracy simply cannot have a beneficial effect on the effectiveness of those individuals. On the other hand, he stated that we do have a present system of serving youth that has been established at the state level and reorganization of that particular aspect of youth services is long overdue. There has been a long tradition in Montana of maintaining local control over criminal justice agencies. Chairman Sales stated he understood the feelings expressed by Rep. Strizich and stated that it appeared to him that in this new system, the only hope of retaining that community feeling is going to be by way of the advisory council which, in effect, will be replacing the judge if this commitment is made. Rep. Strizich expressed the concern that the probation officers might be adjudicating more cases when dealing with criminal offenses, rather than diverting such cases from the court system.

Chairman Sales asked Rep. Mercer to explain just how the advisory council would work under the new system. He responded by stating that the probation officers seem to feel that by transforming themselves from being an employee of the judge to an employee of the state, they no longer care about the community. This is an insult to themselves as well as to other caring state employees dealing with youth. The advisory council would try to work to get community services set up at the local level. The spending of the money and the decision making has to be in the same place.

Chairman Sales asked Rep. Mercer if this advisory council would have any authority in determining disposition of a youth. Rep. Mercer replied "no" that the state agency will have the authority to say where the child goes, but the local people will have input in terms of what options are available. They will make suggestions and recommendations.

State Administration Committee January 23, 1987 Page -4-

People like Bill Strizich will be making the decisions subject to the constraints put upon them by a state agency that will advise what resources are available. Chairman Sales then asked if the advisory council would have as much influence at the state level as the judges currently have, and Rep. Mercer replied that he "didn't see how it possibly could"; the judges can demand whereas the advisory council will be recommending. Mona Jamison commented that without the proposed amendments, the bill transfers a judicial function to a state agency and, in effect, punishes the youth court. She stated that if it is the pleasure of the committee to work with the amendments, the Association would be very happy to work with the Legislative Council to determine if the 80% figure is appropriate and any other details in order to work things out. The Association also wishes to go on record in support of the new department because it feels it will fulfill a need in terms of services for kids.

Rep. O'Connell expressed the concern that we were measuring the future of youths by dollars and cents by moving it from the judicial experts to an advisory council which is usually political.

Chairman Sales indicated that executive action would not be taken on this issue until the fiscal note is received.

ADJOURNMENT: There being no further business to come before the committee, the executive discussion adjourned at 11:25 a.m.

Walter R. Sales, Chairman

HB 335

### OUTLINE OF HB 325 -- DEPARTMENT OF FAMILY SERVICES

Sections 1 through 4 merely create the new Department of Family Services.

Section 5 sets forth the powers and duties of the new Department and is a consolidation of current powers and duties of SRS, Dept. of Institutions, and youth court probation relating to children. Adult protective and aging services within SRS are also included.

Sections 6 through 8 creates <u>local service areas</u>, a <u>state youth advisory council</u>, and <u>local youth services advisory councils</u>. These are the only new functions/activities in the bill.

Sections 10 through 14 clarify the specific functions to be transferred from SRS, D of I, county welfare departments, and youth courts.

Section 15 specifies the Council's recommendations on probation officers' salaries. In essence, probation officers are transferred with their current salaries. Their positions will be classified by state personnel just as other positions. They will be placed at the step closest to their current salary. If the salary is above step 13 of the appropriate grade, the salary is frozen until the pay matrix catches up.

Sections 16 through 30 are amendments to existing statute changing the departmental name or adding the Department of Family Services to the statute. Most deal with child support enforcement or statutes dealing with minors.

Sections 31 through 48 deal with existing statute on child protective services and includes changing department names or minor clean-up.

Sections 49 through 64 amend some statutes within the Youth Court Act.

Specifically, <u>Section 49</u> adds a definition of "probation officer" to mean an employee of the department (of family services) whose duties generally involve the provision of services to youth in need of supervision and delinquent youth. Through this definition, probation officers become employees of the department but their jobs do not change. This is a major issue for probation officers.

Section 49 also adds a definition of a "serious juvenile offender" which relates to an amendment to the dispositional options available to the youth court judge in Section 60 of this bill.

Section 50 freezes the counties' obligation for youth probation services at their FY87 budgeted level. The Council recommended

that any future increase of probation services be an obligation of the state. Some counties indicated that the FY86 levels were higher than FY87 due to some federal revenue sharing monies that were available. The Council recommended the freeze be at the FY87 budgeted level.

Section 54 amends 41-5-205 to allow the youth court's jurisdiction of a youth to continue until the new department discharges a youth. Currently, this statute terminates the youth court's jurisdiction at the time the youth is committed to the state. This amendment is in accordance with the Council's recommendation to alter the dispositional options available to the youth court in Section 60, but to allow the youth court to continue to be involved at the judges' discretion by extending the court's jurisdiction. Some have indicated that allowing continued jurisdiction is messy, but the Council wanted to be sure that youth court judges have an obvious method to review cases if questions arise.

In Section 57, the method of communicating between probation and SRS regarding placements has been deleted due to the consolidation of these two parties.

Section 60 is the amendment to the dispositional options available to the youth court judge. The Council recommended that the youth court judge should have the authority to order placement of youth in need of supervision or a delinquent youth, but that the new department, which is responsible for the funding for placement, be the party responsible to place the youth. Under this proposal the departmental staff would include the probation officers who currently advise the youth court judges on appropriate placements. Placement advise and recommendations would become decisions by departmental staff who are currently youth court staff.

- 1) This change begins on page 76, line 14 and continues through page 77, line 19. This amendment continues all of the existing dispositional authority of the judge with the exception of the actual facility or home the youth is placed. Some judges indicated that they need to be able to protect their communities from dangerous juvenile offenders. The Council then recommended that the judges be able to require a physically secure placement in the case of public safety. With the definition of the "serious juvenile offender" added in Section 49 and the amendments on page 77, lines 5-9, that recommendation is accomplished.
- 2) The next lines 10-16 offer state-of-the-art protection of youth placed in physical confinement.
- 3) The amendment on page 78, lines 3 and 4, confirms the department's authority to determine the location of a court ordered evaluation.

Sections 65 through 71 are general name changing and clean-up amendments.

Section 72 removes child welfare and child protective services from SRS powers and duties.

Sections 73 through 79 either add the new department to existing statutes or remove children's functions from SRS and the county welfare departments.

Sections 80 through 87 amend the state assumption statutes in allow for the splitting of protective services from public assistance. Through these amendments nothing will change for either an existing assumed county or any county opting for state assumption. All the changes in funding and routing of funding will be the responsibility of the state.

Sections 88 through 96 either add the new department or continue to clarify and separate functions between the new department and SRS.

Sections 97 through 101 amend existing statute on protective services for the developmentally disabled to clarify the role of the new department for these protective services. Some clean-up is included.

Sections 102 through 111 amends existing statutes for the Department of Institutions to substitute the new department. There are no substantive changes.

Section 112 is the repealer section, repealing:

40-3-115 allows youth probation officers to assist with conciliation court which is not done to any great degree.

41-3-1106 is not needed with the inclusion of the youth court probation officers in the Department of Family Services. The regional managers will have authority over local budgets.

41-3-1113 allows the youth court judge to place a youth in a youth care facility. The new department will have the responsibility to place youth.

41-3-1121 is in regard to SRS paying for youth court placements which would not occur under this proposal.

41-5-702 specifies the qualifications for probation officers. This will be handled by the Personnel Division of Dept. of Administration.

41-5-704 specifies the salary and expenses for probation officers. The manner in which the transferred probation

officers' salaries will be handled is in Section 15, page 14 of this bill.

41-5-705 specifies deputy probation officers' salaries. See Section 15.

53-4-121 allows the county board of commissioners to administer child welfare services which is transferred to the Dept. of Family Services in Section 12.

53-4-122 allows county welfare departments to handle county's child welfare work. See Section 12.

53-20-404 allows for a petition to make developmentally disabled persons to become wards of SRS, but this procedure is handled under Title 72, chapter 5, part 4, rather than under this statute.

53-20-407 specifies the method of providing protective services to DD persons which is duplicated elsewhere in the statutes.

53-20-411 allows for termination of protective services for wards which is also covered in Title 72, chapter 5, part 4.

53-20-412 is also covered in the guardianship statutes under Title 72, chapter 5.

Sections 113 through 118 are boiler plate type sections which specify extension of rulemaking authority from SRS and D of I for these purposes, codification instructions, severability, reorganization procedures, implementation, and effective dates. The effective date for the Governor's authority to sign an executive order is immediate, but the implementation of all the other sections does not occur until the executive order or October 1, 1987 whichever comes first.

### PROPOSED DEPARTMENT OF FAMILY SERVICES

### HOUSE BILL 325

### **BACKGROUND**

In November 1985, Governor Schwinden appointed the 19-member Council on Reorganization of Youth Services to recommend "ways to reorganize and improve the delivery of services to Montana's problem youth." The Council--representing the courts, legislators, local government, agencies serving children and the private sector -- was created in response to growing concern about the lack of coordination and accountability in the youth services system.

Authority and resources for youth services are currently spread among two state agencies, district courts, probation officers and mental health centers. As it now stands, no single agency:

- can be held accountable for what happens or fails to happen to a child in the system;
- has responsibility for long range policy because plans or policies made by one agency are not binding on others in the system;
- can be held accountable to the legislature for the efficient use of funds for children with the greatest needs.

### THE PROPOSED DEPARTMENT

The Council recommended that responsibility and authority for youth services be consolidated within a single, locally responsive agency. It recommended that adult protective services and aging services be placed in the new department to retain current staff who serve both children and adults in rural areas and to have all family-related services within one agency.

### **Functions**

The Department of Family Services would incorporate the following existing functions into a new department:

- intake, investigation, case management and client supervision (SRS - Probation)
- foster care, group care, residential care and adoption (SRS- Probation)
- institutional services at Pine Hills and Mountain View School (Institutions)
- the Youth Evaluation Program and contracted evaluation and counseling services (Institutions-SRS- Probabtion)
- licensure of foster homes, group homes and youth care facilities (SRS)
- aftercare and youth court probation (Courts-Institutions)
- prevention services such as Big Brothers/Sisters, child abuse prevention grants and the Childrens' Trust Fund (SRS)

### Decentralization

To decentralize authority, management functions within the proposed agency would be organized into five regions, each with a local planning/advisory council. Council members would be nominated by local county commissioners and courts, and appointed by the Governor. There would be a direct line of authority and accountability between the local (regional) manager and the department director.

### Implementation

The new department would be implemented over the next biennium. Initially, field operations would change very little until local planning/advisory groups could be organized to review plans for local services.

### Funding

No additional funding would be required beyond existing budgets from the agencies being consolidated. Resultant savings could be directed to additional services. Since local government responsibilities would be assumed by the state, funds for those assumed services would be transferred to the state. However, local government contributions would not exceed fiscal year 1987 budget levels. For foster care expenditures over the 1987 level, the local government matching rate would be halved.

### Judges' Authority

The Council recognized that conflict will continue as long as the courts hold the authority to place a youth, but SRS must pay for the placement. To resolve this conflict, the Council recommended that the new department decide where youth should be placed. Judges would retain authority to decide if a child should be taken from the family or community and, if the child poses a threat to society, whether placement in a secure setting is appropriate.

Re: House Bill No. 325

Dear Walt:

As a member of the Governor's Committee that worked on the study that culminated in House Bill No. 325, I signed an endorsement of the result and would support the passage of the bill.

There were certain aspects of the bill that caused me some concern, one of which was losing the probation officers from the judge's supervision and appointment. However, it appeared that in the long run that consolidation of services for youth would be beneficial if it were under one depart-The Division of Labors in this field from probation of delinquent youth on the one hand and abused youth on the other hand should required correlation yet probation handles the delinquent youth and SRS handles the abused youth and often the abused youth becomes the delinquent youth, so there is not a continuity that this department could undoubtedly The question of After Care, also, requires a certain amount of continuity which at the present time probation has nothing to do with, and the Department of Institutions does and the committing judge and officer sometimes lose track and do not know what happens after the youth leaves the institution.

Representative Walt Sales January 22, 1987 Page 2

For these reasons, I feel that the department would be advantageous and recommend its passage.

Very truly yours,

From: Dee Cranmer, concerned parent

I'm writing to share with you a very personal, very frustrating experience. Partly, it's a story about my adopted son, Cesar, who, in about a year's time, evolved from being a fairly average, compliant, polite and good natured 12 year old, to a dishonest, defiant, emotionally disturbed youngster. I don't know why it happened; I was a good mother. The experts suggest to me that his problems were probably latent -- originating when he was an abandoned street kid in Guatemala City, but not manifested behaviorally until recently. At any rate, the thrust of the story is about the nearly insurmountable problems I had in getting him placed in the Children's Unit at Warm Springs State Hospital for an intensive evaluation.

Last fall, Cesar was acting-out in school and at home, to the

point where I was not coping well:

11/21/80--I had an appointment at Southwest Montana Mental Health Center with Agnes Johnson, who suggested that Cesar be evaluated by Dr. Evan Lewis, then at SMMHC.

12/4/80--Evaluation completed with Cesar.

12/11/80--Evaluation interpreted to me by Dr. Lewis, who had found him to be very uncommunicative, but nothing pathological showed up.

12/15/80--I had a final session with Ms. Johnson, who was positive about my ability to cope with Cesar and his behaviors.

Jan. 1980 through Easter 1981—Cesar was ion a home-school controlled reward system for both behavior and completion of work. If he complied, he was allowed privilages. If not, privilages were denied. The system involved the School Psychologist, Resource Teacher, Classroom Teacher and myself. Things ran roughly, but nothing was out of control. Also, I made application to Big Brothers and Sisters for Cesar.

4/28/81 Tues. -- Cesar ran away from home, but returned late that night.

5/17/81, Sun. -- He ran away again, and was found the next morning on

the school playground. At that point, I decided to make an appointment with a private psychologist for family counseling.

5/28/81. Thurs.--Cesar and I had our first appointment for counseling with Dr. Molinuex. Cesar was uncommunicative.

6/13/81, Sat. -- Cesar met with Dr. Molineux alone.

6/18/81, Thurs. -- I met with Dr. Molineux alone. He told me that Cesar was showing signs of disturbed behavior and we should start thinking in terms of an intensive evaluation on an in-patient basis; perhaps at Yellowstone Boys and Girls Ranch or the Children's Unit at Warm Springs State Hospital.

6/23/81, Tues.--Cesar ran away again.

6/24/81, Wed.--I went to the Police Station to file a Run-Away Complaint. Also called Dr. Molineux for advice.

6/25/81, Thurs.--I cancelled our appointment with Dr. Molineux, took a picture of Cesar to the police, and called most of his buddies--no-one had seen him.

6/26/81, Fri.—Called Capt. Sanguin, Juvenile Division of the Police Department, to tell him a neighbor girl may have information about Cesar, but she was unwilling to talk to me about it. Cesar was found that afternoon. He refused to come home, so was taken to Dick Meeker at Lewis and Clark County Probation, who placed him at the Attention Home. I spent 2 hours talking to house parents, to Cesar and to Dick Meeker, late that afternoon. Since Cesar refused to come home with me, we decided he could stay there for 2 days. It was hard for me to hear that my own son didn't want to come home.

6/28/81, Sun.--I brought him home form the Attention Home.

6/29/81, Mon. -- We had another family therapy session with Dr. Mol-ineux. Cesar was still not talking much.

6/30 through 7/9/81--Cesar's behavior was deteriorating--lying, stealing, sneaking out of the house at night, odd sexual curiosities and behaviors.

7/9/81, Thurs.—-We had another family session with Dr. Molineux. Again he strongly recommended an intensive evaluation. I agreed to make an appointment with Lewis and Clark County Welfare to find out about financial assistance for the evaluation at Yellowstone Boys and Girls Ranch. I was having a hard time accepting that the evaluation should be done a Warm Springs.

7/10-11/81, Fri., Sat.--A dreadful two days! Cesar's behavior was nearly out of control. He had thrown a tool at me and had repeatedly said that he didn't want to live at home anymore.

7/12/81, Sun.--I took Cesar to church camp as planned. Maybe a week with the priests would help?

7/13/81, Mon. -- I met briefly with Dr. Molineux expressing fear for

my safety and coping skills in dealing with Cesar's bizarre and new violent behaviors.

7/15/81, Wed. -- I met with Bill Minor at the L&C County Welfare Office. He took a brief history about Cesar, explained red-tape for financial assistance, talked about how expensive YB&GR is, and promised to assign a Social Worker to the case early the following week. Also, he asked if I'd considered Family Teaching Center. I thought that was rather inappropriate; it's a wonderful agency, but I felt our problems were bigger than they could handle. Besides, I'd sought out professional help already.

7/17/81, Fri.--I picked Cesar up from camp at Salmon Lake. He didn't talk to me all the way home. Late that night he ran again.

7/18/81, Sat.--I called Dr. Molineux for advice and support. Then I went to the police to file another Run-Away Complaint, and dropped by the Attention Home to let them know that Cesar would be back there when found. I came home to find that he'd broken into the house and taken many of his clothes and the money in his wallet. I reported that to the police.

7/20/81, Mon.--I called Dick Meeker to let him know that Cesar had run, then went to the Police to encourage them to look harder for Cesar. I left them with a list of his buddies, their parents' names, addresses and phone numbers, thinking perhaps the kids would talk to the police. even though they wouldn't talk to me or my friends. I came home to find that he'd broken into the house again to take a pillow, sleeping bag, and blankets, so I reported that to the police.

7/22/81, Wed.--I had not heard from Welfare yet, so I called them. Bill Minor had assigned the case to Joe Loos, who was in a meeting. I called back. Now he was out to lunch. I called back later. He was still not available, so I left a message. Received a call from Joe Baumgartner, who had been assigned the case by Joe Loos, who had been assigned the case by Bill Minor. We scheduled an appointment to begin the Case History at 9:00 the next morning. Then a neighbor called to say that Cesar had just been at her house. I called the police and told them.

(IF YOU'RE FINDING THIS WHOLE THING LONG, CUMBERSOME AND TEDIOUS, SO DID I. THAT'S MY POINT!)

In the meantime, I'd spoken to a friend who had arranged for me to meet with Dick Rosenleaf of Warm Springs Children's Unit at 3:30. I left the house just in time to see Cesar riding down the street on the back of a motorcycle, tried to catch them, couldn't, so stopped at a pay phone to call the police. I met with Dick Rosenleaf, who agreed that perhaps Cesar should come to his place for an evaluation. I was very impressed with what he said and was more comfortable with the idea of Warm Springs. I might need to go through the Office of Public Instruction and School District #1 of Helena to make recommendation for the placement. I talked with Judy Johnson at TOPI who suggested I'd need to meet with Jerry Roth, the Director of Special Services for School District #1 to begin the process. I had dinner with friends and came home at 9:00. At 10:30 I decided to police the

neighborhood in hopes of spotting my son, but decided to call in at the Police Department first. I was informed that Cesar had been found earlier in the evening and was at the Attention Home. I spent and hour and a half on the phone spreading the good news to friends and relatives. I wondered why the police hadn't called to let me know he'd been found.

7/23/81, Thurs.--Joe Baumgartner from Welfare came to my home to interview me about Cesar. Also, I called Dr. Molineux to tell him Cesar had been found and scheduled a session for both Cesar and I on Monday night.

7/26/81, Sun.—I went to visit Cesar at the Attention Home. He was defiant and hateful toward me. I told the house parents of the appointment with Dr. Molineux. I would pick Cesar up the next evening at 7:45 for the therapy session. I spoke with the house parents again later that evening; they said Cesar had been suspected of stealing money from another child there.

7/27/81. Mon. — I went to the Attention Home, as arranged, to pick Cesar up. He wasn't there; he'd been allowed to go on an "outing" with the rest of the kids. They were sorry, but they'd forgotten about the appointment. I was furious. I met with Dr. Molineux alone and finalized the decision to go through OPI and School District #1 for placement for the evaluation. First choice, Warm Springs. Second choice, YB&GR. I received a mountain of information and forms from YB&GR for possible future use. I also signed releases for information to go to about five different places. We were covering all bases and following the rules, right?

7/28/81. Tues.—I met with Jerry Roth to explain (in writing, copy to Judy Johnson) my request for an independent evaluation of Cesar. Mr. Roth was sympathetic and cooperative. He met with Dal Curry at OPI that afternoon in an attempt to define roles and responsibilities of the School District and of OPI in a case like this. Mr. Roth called me to let me know that a Child Study Team meeting had been called for the next afternoon.

7/29/81, Wed.--I met at the Special Services Center with the Child Study Team. Mr. Roth had called in a Core Team consisting of psychologist, nurse, resource teacher and administrator (himself). All came to the meeting willingly although all were on summer vacation. We did the appropriate paperwork. I called Dick Rosenleaf to tell him that Cesar would indeed be coming to Warm Springs. He said he'd call me back the next day with finalization plans.

. (PLEASE DON'T GIVE UP NOW -- THE BEST IS YET TO COME.)

7/30/81, Thurs.—Dick Rosenleaf called to say that he'd rather not take Cesar on a voluntary basis. He would rather have a Court Order determine his placement there, and that I should contact Dick Meeker to make those arrangements. I went to see Mr. Meeker who told me that the Court Torder process could take up to 2 weeks, that Cesar must have his legal rights explained to him by an attorney, that a petition be drawn up, that a hearing before a judge was required, and that it wasn't easy to have Cesar declared a Youth in Need of Supervision. Mr. Meeker said he'd make necessary arrangements for

an attorney to visit with Cesar, probably the next day (Fri.) or the following Monday. At this point, I was wondering what my rights were as a concerned parent—evidently none. I was extremely frustrated knowing that there was nothing I could do to expediate matters. Nothing was happening. All I wanted was for my son to be evaluated by a professional staff to determine why his behavior had changed so dramatically.

7/31/81, Fri.—I was close craziness knowing that nothing would be accomplished before the next week. I decided to go visit my parents in Billings. I called the Attention Home to let them know where they could reach me, and was told that Cesar was on maximum restrictions. He was causing trouble for the other kids and the adults, and was non-compliant, lying and stealing. I sensed they were hoping he'd be leaving them soon. I then called Mr. Meeker to tell him how to reach me. Still frustrated, I tracked down Dr. Molineux at a meeting in Billings (by phone since I had not left town yet), described the current stalemate and tried to blame everybody in sight, but—God bless him—he encouraged me to be patient and strong. I'd have to ride it out. I flew to Billings—on mental R and R.

8/4/81, Tues.—I was still in Billings and had heard nothing from Helena. I called Mr. Meeker who said that David Hull, an attorney, had talked with Cesar as legally necessary, and that the Court Order was ready to be signed by myself and a judge. Good news! Maybe things were going to work out after all.

8/5/81, Wed.--I signed the Court Order and made arrangements to take Cesar to Warm Springs the following day. I called Dick Rosenleaf to let him know we would arrive around 11:00 a.m. All I'd need to do the next morning was to pick up the Court Order, not yet signed by a judge, pick up Cesar, and go. I was really encouraged.

8/6/81, Wed.--At 4:20 a.m., I received a call from the Police Station to say my car had been stolen by two boys, and would I please come to identify and claim the car at the corner of 7th and Jackson. A police officer picked me up and, sure enough, there was my car with my son inside. He and another boy had runfrom the Attention Home. broken into my house through a basement window, stole the money in my wallet, my keys and my car, while I was asleep upstairs. I told Mr. Meeker on the phone from the Police Station that I was in no shape to take Cesar to Warm Springs later that morning and that he would have to make arrangements for his transportation. He said he would. I was furious, frightened and totally disillusioned at that I couldn't believe what was happening. This kind of thing happens to other people. Cesar spent the night in the County Jail. He's only 12 years old, for God's sake! Later that morning I went to see Capt. Morley at the Police Station, who said that charges of breaking and entering, robbery and car theft probably would be filed against the boys. At 1:00 that afternoon, Dick Meeker called to say that Judge Gordon Bennett refused to sign the Court Order. Apparently he didn't want Lewis and Clark County to have to pay the \$2500 for the evaluation at Warm Springs. If Cesar went on a voluntary basis, the financial responsibility belonged to the State of Montana, since Warm Springs is a state institution. I couldn't believe it! Apparently it was acceptable to have the child in jail or running on the streets

being destructive, but not okay to spend county tax money to have him evaluated. However, Mr. Meeker had arranged a meeting at 3:00 with Bill Evans as SMMHC to take care of the paper work which would enable Cesar to go for the evaluation on a voluntary basis (please refer back to page 4. 7/30/81; we're back to square one). We met, signed the voluntary committment papers and I cried all the way home. Cesar spent another night in jail. Mr. Meeker took him to Warm Springs on Friday. August 7.

Today is August 16. I went to Warm-Springs on Friday to visit Cesar, to deliver his birthday presents (he was 13 yesterday--every mother wants her child to spend his/her 13th birthday in the "nut house", right?), and to share information with his primary therapist. I was frightened; I'm still frightened. However, I'm satisfied that he's placed appropriately and that he's receiving excellent care.

Today, August 16, I'm still a 35 year old single parent, college educated, civic minded and law abiding. And, I'm still infuriated by the cumbersome process that I had to endure in order to get help for my emotionally disturbed child. Sadly, it's not over yet. After the evaluation is completed, recommendations will be made for a treatment plan. I'm apprehensive. Will I have to go through all this nonsense again to get him placed for treatment? Fortunately, I was not working this summer, which allowed me the time needed to make the endless phone calls, to meet with people, to search for help for my son. I'll be returning to work on August 26; I'll no honger have limitless free time. Do you understand my apprehension?

To those of you who plowed through this essay, thank you. Perhaps your senses of humanity have been touched. If so, please, please, work toward altering the steps of this process. Please work toward defining this process for parents and agencies. And, please work toward consistency within state controlled departments.

Sincerely,

Diedre J. (Doe) Cranmer Helena, Montana 59601 443-3945

From August 7, 1981 until April 30, 1985, Cesar was at Warm Springs State Hospital, Children's Unit. During the first two of those years I drove to Warm Springs every other Monday evening for Family Counseling. For the next year and a half, for various reasons, I made the trip much less often, but had frequent phone contact with Dick Rosenleaf and Julie Powers, his primary therapists.

In February of 1985, attempts were made by the staff at WSSH to get him placed in a group home. It was felt that he would adapt better to group home life than to making the transition to MYTC in Billings. Also, Cesar was at WSSH on a voluntary committment. There were some legal questions regarding his transfer to MYTC on that type of committment. Numerous letters were sent and phone calls made to Lewis and Clark County Human Services (Joe Connell), to SRS, to D of I, to Last Chance Group Home in Helena, all in the attempt to place Cesar. For reasons I never understood, it just "couldn't be done." I think no one wanted to take the fiscal responsibility.

Via legal action in Deer Lodge County which involuntarily committed him, Cesar was transferred to MYTC on April 30, 1985. During the year and three months he was there, what little contact I had with that staff was mostly at my initiation. Decisions were made regarding his education, vocational training (I use the term loosely), medical treatment and psychotherapy, without my knowledge, much less my input. Often my phone calls weren't returned, nor my letters answered. This was very frustrating for me being 240 miles away and feeling left out. I could get answers and/or action only when I went directly to Curt Chisholm at D of I or Kelly Moorse at the Board of Visitors.

In April of 1986, as Cesar came nearer to turning 18, talk began at MYTC of discharging him to a group home. I attended a meeting at MYTC in June, 1986 and there was still talk about it. On his 18th birthday, August 15th, he was discharged to an adult group in Billings. I found out about it via a copy of the legal notification to the District Judge, Thirteenth Judicial District, Yellowstone County, Montana. No one called me to let me know.

My son is 18, and therefore an adult. He chose to leave the group home (where, according to him, "all they do is smoke and rock"), in November and is living on the streets in the southside of Billings, taking his meals at the Rescue Mission and sleeping wherever.

The bottom line here is that during my 6 plus years of involvement with THE SYSTEM, I have found it always difficult and disjointed. Never has there been one person with most of the answers. No one seems to make anyone else accountable. No one has ever said to me, "I'll take care of it." There is a dire need for continuity. I see a Department of Family Services as being able to provide continuity.

PROPOSED AMENDMENTS TO HB 325, INTRODUCED COPY.

Delete all amendments to section 41-3-1114 in section 45 of the bill. Delete the repeal of 41-3-1106, 41-3-1113, and 41-3-1121 and amend those sections and 41-3-1114 as follows. Then amend the remainder of the act to take the youth court and its probation officers out of the act and maintain the status quo of current law.

41-3-1106. Allocation of money to judicial districts transfers between budgets -- reports. (1) The department shall allocate placement budgets, based upon historical placement patterns and current placement trends, to the judicial districts for the substitute care of youth in need of supervision or delinquent youth. The budget must be for a fiscal year beginning July 1 and must be determined by the department prior to July 1. The department shall send a written copy of each judicial district's budget to the district's youth court and chief youth court probation officer. The department must monitor each district's budget expenditures and submit to the youth court and its chief probation officer quarterly reports stating the beginning budget amount for the fiscal year and the percent spent as of the end of the quarter. The youth court judge or judges and chief probation officer must, upon receipt of a quarterly report, meet and examine the report and determine whether the rate of budget expenditures makes it advisable to consider changing the youth court's placement decision policies in order to remain within the budget.

(2) If the department determines that the balance in a district's budget is or may be insufficient to adequately fund the youth court's and department's substitute youth care placements under this part for the remainder of the fiscal year, the department may transfer to the district's budget account

funds in the budget account of a district that the department determines will or may end the fiscal year with a surplus in the budget account.

- (2) (3) The placement budgets may be monitored by a youth court committee as provided for in 41-5-105 or a foster care review committee as provided for in 41-3-1115.
- 41-3-1113. Authority of judge to commit youth. A (1) Except as provided in subsection (2), a youth court judge may in his discretion place a delinquent youth or a youth in need of supervision in a youth care facility for any period of time up to the child's 21st birthday, subject to the approval of the facility's sponsoring nonprofit corporation or association.
- (2) If 80% or more of the budget provided for in 41-3-1106 has been expended the youth court may not make any further placements for the remainder of the fiscal year and the department shall, after considering the youth court's placement recommendations, place all youths that the court determines must be placed.
- 41-3-1114. Continuing jurisdiction of youth court. The youth court placing-a-delinquent-youth-or-a-child-in-need-of supervision-in-a-youth-care-facility retains continuing jurisdiction over the a youth placed under this part until the youth becomes 21 years of age or is otherwise discharged by order of the court.
- 41-3-1121. Foster care payments for youth court placements.

  (1) The youth court may establish procedures for finding, maintaining, and administering substitute care and foster homes approved by the court for youth within the provisions of this part.

- (2) Pursuant to 41-3-1112, the department shall make a foster care payment for a child placed by the youth court or the department if:
- (a) the child is placed in a youth care facility licensed by the department or by an appropriate licensing authority from another state;
- (b) the youth court, with respect to placements made by it, enters into an agreement according to federal regulations with the department for the placement of children;
- (c) the placement of the child is reviewed as required by 41-3-1115; and
- (d) the youth court retains supervision of the child in placement.

Forest Heights Lodge, also contacted, indicated it would not accept any additional Montana children because of contract dispute.	No Montana program was available at the time of uk's need for placement. Beaconess flowe had no contract openings. YERS was not considered because their behavior modification program would not have been an effoctive treatment for this child. BK has experienced multiple losses and Forest Heights Lodge's program deals specifically with this type of child.	Available Montann facilities could not provide advoquate treatment to meet !W!s needs. Placement at beaconess lone ended after PN!s assaults on Deaconess staff. Deaconess recommended treatment at Kalispell's Clacler View Hospital, but this was found not possible because of economic factors.	Placement for treatment within Montana could not be secured. YBGR denied admission-could not handle MEP's issues/problems. Intermountain Deaconess was willing to try treatment, but had no openings. Colorado christian was finally chosen on the basis of previous good results and willingness to do frequent psychiatric consultations.

### Survey of County Commissioners

A second survey was sent to the County Commissioners in all the counties reporting capital equipment and office equipment currently provided. The Commissioners were asked to give their preferences for action regarding the capital equipment and space should the new state department incorporate Youth Court Probation services (see Appendix B).

A total of 37 surveys were sent out to counties which had reported capital expenditures other than mileage.

We have received responses from the following 19 counties: Blaine, Daniels, Dawson, Deer Lodge, Fergus, Gallatin, Hill, Jefferson, Lincoln, Missoula, Park, Powell, Prairie, Ravalli, Richland, Roosevelt, Stillwater, Valley, and Yellowstone.

### ADMINISTERING JUVENILE PROBATION

THE EXECUTIVE BRANCH OR
THE JUDICIAL BRANCH ?

### WHAT ABOUT OTHER STATES?

The administration of juvenile probation in the United States varies enough to suggest that there is no preferred means of organizing this service. TWENTY THREE STATES CURRENTLY ADMINISTER PROBATION THROUGH AN EXECUTIVE BRANCH AGENCY, WHILE THE JUDICIAL BRANCH HANDLES IT IN THE OTHER TWENTY SEVEN STATES. From state to state Juvenile Probation is administered by various agencies including:

Local Courts
State Office of Courts
The Department of Human Services, or Corrections at the state level
Executive Branch of County Government

While these represent the primary administrative vehicles there are endless variations. There are states like Texas that have attempted to develop this service by having it locally administered and state subsidized. In rural states, with one population center, the pattern is more likely to be one of state administered services in rural communities and local administration services in the more populated areas. Oklahoma has a system where services are locally administered in Oklahoma City and Tulsa; the remainder of the state probation services are handled tered by the State Department of Institutions and Rehabilitation Services.

### WHICH IS BEST?

There has not been a definitive study to determine which of these organizational schemes is most effective.

### WHAT DO EXPERTS SAY?

In the last decade there have been several major efforts to develop standards for guiding the administration of youth services. However, these studies seem to have no more wisdom to offer on this subject than state legislators. The American Bar Association/Institute for Judicial Administration Standards, and the National Advisory Committee on Juvenile Justice do not make specific recommendations, but rather leave the judicial or executive administration of probation a state option.

### WHAT ARE THE FACTORS THAT INFLUENCE PERFORMANCE?

It appears from looking at other states that the performance of juvenile probation has less to do with which governmental unit is administering the service and more to do with the power, money and interest of the responsible governmental unit.

SUBJECT: HB 325

The Governor's Advisory Council on Aging had some concerns about where Aging would fit into the proposed new Department of Family Services. After explanations and discussions with Gene Huntington, the Director of the proposed new Department, the Council agreed that we have no problems with the suggested change. We feel Aging Services will not suffer - maybe we may even see some gains.

Dear Representative Sales,

As a person who has worked 29 years with children especially abused/neglected I urge you and the committee to establish a Department Of Family Services.

In a state that has a department to protect wild life, it is my opion that a department for the protection of children in families is long over due.

January 20, 1987

The Honorable Walter Sales House of Representatives Helena, MT 59601

Dear Mr. Sales:

As Director of Discovery House, I ask your support of the single Youth Services Agency.

Discovery House is the only short-term facility for youth in need of care and/or supervision for six counties in Southwestern Montana.

Over the past 12 years, we have been caught between the Department of Social and Rehabilitation Services and the Department of Institutions. We have the care of youth from both departments.

It is time we look at youth services as a whole and base our services on the unique needs of the child rather than several sets of inflexible criteria and labels.

Again, as Director of Discovery House, I ask your support of "THE SINGLE YOUTH SERVICES AGENCY".

RE:

HB 325 (Mercer) - Department of Family Services

I have had sufficient opportunity to review HB 325 and to obtain limited comment from County Commissioners from across the state. I wish to therefore submit the following comments for consideration.

The Montana Association of Counties is supportive of the Task Force Recommendations. MACo has had the opportunity to actually participate in the development of the recommendations. We concur in the conclusions that call for reorganization of Youth Services. Further, we hope that progress will be made cautiously and cooperatively as the State, the Department and Counties move into the implementation phase following favorable legislative action.

On behalf of the Association I would like to offer the following observations, suggestions, and in some cases recommendations for amending the bill you now have before you.

- (1) Counties obviously have concerns in regard to overall finances. The bill should make reference to the need to conform with county budget law. It might also be advisable to consider temporary and special authority to deal with unforeseen, and hence unanticipated, expenses in the transition period.
- (2) Beginning on Page 42, Section 37 and through Page 47, Section 40, we find proposed revisions in current law dealing with legal duties in regard to providing protective services. A question arises in regard to the repetitive reference found beginning on Page 43, line 4:

"The county attorney, attorney general, or an attorney hired by the county. . ."

It occurs to me that the county attorney does, and will continue to have, an obligation to provide legal services in regard to all aspects of youth protective services. However, it

Rep. Walter Sales Montana State House of Representatives State Administration Committee State Capitol Helena, Montana 59604

Dear Representative Sales:

The Montana Residential Child Care Association supports the establishment of a Department of Family Services in Montana. We applaud the Governor's desire to focus on the very special needs of youngsters and families.

We know the legislature has always been concerned with the plight of troubled young people and believe a new department will allow that interest to be invested directly and positively. The current system of Youth Services is fragmented and ineffective with resources and responsibility scattered among many state departments and between many levels of government. This plan is simply critical in merging authority and responsibility. Such a merger should insure that needs are addressed or that a responsible party can be found to be held accountable for that failure. The need to put Institutions and Community Services together is essential if we are to be flexible enough to address the specific needs of a child in any of our communities. There is no question that our system, like so many others, could use more resources. However, this reorganization will allow us to be more effective in the use of whatever resources we have.

We hope you can join us in support of this reorganization and act in your position to make the plan a reality.

Singerely,

Président

Mr. Sales,

I am writing in support of the establishment of the Department of Family Services. I have been involved with the "system" of youth services for fifteen years, first as a SW at Pine Hills School, next as a Protective Services worker for SRS and currently as a Director of a group home for adolesents. In all aspects of my career I have seen youth getting lost between agencies and agencies referring to each other with no results. Each time a youth moves from one agency to another they begin over again. This is not only costly and time consuming but also delays the provision of the appropriate service. For example:

Cindy's behavior became increasingly self-destructive and promiscuous for a period of two years with brief involvements with various agencies. She was finally committed to the Department of Institutions.

Christine, aged 15, was jailed five times in the last two months for intoxication and is currently involved with no agency.

Brian was placed when age 14 for six months and then returned home with no follow-up as he was no longer on probation. By the age of 16 he had committed suicide.

The lives of the youth we deal with are already very chaotic. The current situation merely adds to this chaos.

Sincerely,

Mary Strouf, Administrator

Thany Strong

Dear Mr. Waldron:

As Director of the Gallatin-Park County Youth Guidance home in Bozeman, I am very interested in the Department of Family Services bill that Governor Schwinden is proposing.

Having worked in the youth services for the past seven years, I can see the value of only one department coordinating services that are in the best interests of the youth.

In the past I have been involved in cases where needs have not been met because too many agencies were involved. The new department would have accountability, responsibility, money and authority in one place. I feel this is very necessary for ongoing quality care.

I am a board member of Montana Residential Child Care Association, and, as a board, we are recommending, and see the value of, the proposed Department of Family Services bill.

I will be happy to answer any questions in regard to my involvement in working with youth and families.

Sincerely.

Dear Representative Sales:

You will be considering the Governor's proposed new Department of Family Services (HB 325) on Friday 1/23/87. I hope you will give the bill favorable consideration. I believe this is the direction needed for youth services in Montana.

Thank you.

Very truly yours,

Mr. Walter Sales, Representative Montana House of Representatives Chairman, State Administration Committee State Capitol Helena, MT 59604

Dear Representative Sales:

I am Executive Director of Missoula Youth Homes, a residential child care program for troubled youth. We contract with the State Department of Social & Rehabilitation Services in work with local Social Services and Youth Court Probation. I and the Youth Homes are members of the Montana Residential Child Care Association. I am Vice President of our State Association and was its representative on the Governor's Advisory Council for Youth Services Reorganization.

I am writing to express my support for the establishment of the new Department of Family Services. I truly believe in the need for organizational change and a consolidated look at the needs of young people in the State of Montana. I am convinced such reorganization can be done for the current cost of administration and possibly at a savings that would allow more services to reach the child. The youth of this state deserve the focus of a State Department.

Sincerely.
