# MINUTES OF THE MEETING INSTITUTIONS AND CULTURAL EDUCATION SUBCOMMITTEE 50TH LEGISLATIVE SESSION HOUSE OF REPRESENTATIVES

February 4, 1987

The twenty-first meeting of the Institutions and Cultural Education Subcommittee was called to order in room 202-A of the state capitol at 8:10 a.m. on February 4, 1987 by Chairman Miller.

ROLL CALL: All members were present as were Keith Wolcott, Senior Analyst for the Legislative Fiscal Analyst, (LFA); Alice Omang, secretary; George Harris of the Office of Budget and Program Planning (OBPP); Carroll South, Director of the Department of Institutions; and various other representatives of the Department and other guests.

### DEPARTMENT OF INSTITUTIONS:

### **EXECUTIVE SESSION:**

Veterans' Home Tape: 21-1-A:010

Mr. Wolcott advised that he met with the Department yesterday and they went over the proposal for converting 10 domicillary beds into nursing care beds and converting 24 domicillary beds into nursing care beds at the Home. See exhibits 1 and 2. He explained the fiscal adjustments that this would create.

After some discussion, Pat Estenson, Superintendent of the Veterans' Home, indicated that this would allow them to run at approximately 96% of capacity in both the domicillary and the nursing care unit.

Senator Bengtson noted that there seems to be a lot of economy in convering 24 domicillary beds into nursing care beds and Mr. Wolcott agreed that to add 5 average daily population (ADP) for a cost of \$20,000 is a pretty good deal.

Senator Bengston suggested that they listen to Represenative Menahan's bill (HB 392) so they could compare this proposal.

Institutions Subcommittee February 4, 1987 Page Two

CONSIDERATION OF HOUSE BILL 392: (201) Representative Menahan said that this bill, which would establish an annex to the Montana Veterans' Home to be located at Galen, was first proposed in 1981. He advised that the only cost they would have would be food, the FTEs, medical, etc., as the room is already there.

PROPONENTS: Rich Brown, Administrator of the Veterans' Affairs, Dvision of the State of Montana, stated that there are 48 beds available and there is an empty wing at Galen, which is a state facility; and it is maintained by the state and is sitting empty and could be used for the benefit of the veterans in Montana.

There was some discussion on utilizing the facilities at Glasgow Air Force Base, which are now empty for the benefit of the veterans and Chairman Miller indicated that he would be willing to put the wheels in motion to do this, but they just flat do not have the money this time, but it may be something they can look at two years down the road.

After some discussion on funding, Mr. Wolcott advised that if there is somebody on Medicaid already, one-third of the Medicaid might be off-set because that is all the general fund kicks in.

Representative Menahan stated that then they could save general fund money with this proposal.

Chairman Miller suggested that they place this on the back burner for now and the people involved should work together to get these figures from the Department of Social and Rehabilitation Services that would show where this could save money and who knows what will happen at the end of this session.

### DISPOSITION OF HOUSE BILL 392:

(660) Senator Bengtson moved that they <u>TABLE</u> this bill. The motion carried unanimously.

## **EXECUTIVE SESSION:**

Veterans' Home (continued) Tape: 21-1-B:010

Institutions Subcommittee February 4, 1987 Page Three

Senator Bengtson moved that they ACCEPT the executive's recommendations on personal services using a 4% vacancy savings on other than direct care and \$1.6% vacancy savings on direct care. The motion PASSED unanimously.

Senator Bengtson moved that they ACCEPT the LFA's recommendation on operating expenses and include taking out the audit fees. The motion CARRIED unanimously.

Senator Bengtson moved that they <u>ACCEPT</u> the executive's recommendation of \$11,596 for equipment. The motion CARRIED unanimously.

Senator Bengtson moved that they ACCEPT the LFA funding and the motion CARRIED unanimoulsy.

Senator Bengtson moved that they ACCEPT the recommendation to convert the 24 domicillary beds to nursing care beds based on a 135 average-daily-population (ADP). The motion CARRIED unanimously.

## Montana Arts Council:

(200) David Nelson, Director of the Montana Arts Council, introduced Carlene Lassise, a Certified Public Accoutant, who specializes in non-profit accounting. He advised that, as of January, the agency is twenty years old and is a citizen group of fifteen people who are appointed by the governor and they just receive per-diem and the cost of attending a meeting. He distributed exhibit 3 and explained it to the committee.

He also distributed exhibit 4, which is a biennial report of the Montana Arts Council for 1985 and 1986, and exhibit 5, which indicated the county-by-county impacts of the Montana Arts Council.

(545) Mr. Harris presented the budget issues as per exhibit 6, pages S-96 to S-98.

There was a discussion concerning the problems the state has with using contracted services and there was some clarifications offered the committee. Institutions Subcommittee February 4, 1987 Page Four

Tape: 21-2-A:005 Mr. Wolcott gave an overview of this budget as per exhibit 7, pages E-68 through E-76. He distributed exhibits 8 and 9, and explained the issues under personal services and operating costs. He also distributed exhibits 10, 11, 12 and 13, explaining each of the issues on these handouts.

He also distributed exhibit 14, which is a memo from Madalyn Quinlan to Representative Thoft concerning House Bill 4, which appropriates cultural and aesthetic grants, part of which is for operating expenses for administrating those grants. He reviewed this letter and table 3 with the committee. He advised that, if they want to go along with the Long Range Planning Subcommittee, they will have to adjust this budget approximately \$23,000 a year and he handed out exhibit 15, and explained this worksheet to the committee.

He proposed that he would bring back a combined budget with one program and try to make it clearer how it all comes together.

(442) Brenda Schye, representing the Montana Cultural Advocacy, gave testimony in support of this program. See exhibit 16.

Janet Athwal, representing the Montana Alliance for Arts Education, spoke in support of the Montana Arts Council. See exhibit 17.

- J. D. Holmes, a long-time reporter of the capitol scene and a former lobbyist for the arts, stated that he had a hand in promoting some of the bills concerning the Arts Council and indicated that one of his favorite quotes is, "The arts are civilization's storehouse of felt values."
- (600) Bob Anderson, representing the Montana School Boards' Association, said that he has used some of the programs from the Council and they are very good and he urged the committee to keep the Council healthy.

Institutions Subcommittee February 4, 1987 Page Five

Mr. Nelson informed the committee that the art scene has become very competitive as many states are seeing it as a good promotional asset.

There was some further discussion on this matter.

ADJOURNMENT: There being no further business, the meeting adjourned at 10:35 a.m.

REPRESENTATIVE MILLER, Chairman

Alice Omang, Secretary

# DAILY ROLL CALL

# INSTITUTIONS AND CULTURAL EDUCATION SUB COMMITTEE

# 50th LEGISLATIVE SESSION. -- 1987

Date February 4, 1987

### Agency Description

As authorized by section 22-2-101, MCA, the Montana Arts Council exists to encourage the expansion of opportunities for all Montana citizens to create, participate in, and appreciate the arts, regardless of age, sex, race, income, place of residence, or physical condition. The Montana Arts Council

encourages the study and presentation of the arts throughout the state. It stimulates public interest and participation in arts activities and cooperates with public and private institutions engaged in artistic and cultural activities. It also provides grants for technical assistance, distribution of art resources, special project assistance, and pilot project development.

#### Program Description

The promotion of the Arts program provides for the core administrative function of the Council, including the Executive Director, Executive Secretary, office manager, accounting support, public communication and coordination, document processing, clerical support, Council operations, and audit.

### **Budget Issues**

The Montana Arts Council is requesting recognition of the entire staff of the agency as state employees. The legislative auditors have recommended state employee status for all Montana Arts Council staff, pointing out that these positions do not meet the state requirements for an independent contractor as set forth in the ABC test of the employment laws of the state.

Also, the IRS determines whether an individual should be an independent contractor or an employee. An employer who incorrectly classifies individuals as independent contractors instead of employees is responsible for payment of future and back withholding taxes, unemployment compensation, and worker's compensation.

This budget request takes all positions out of contracted services and places them in personal services as state employees. We strongly urge legislative support of this recommendation to avoid potentially serious consequences of not complying with state and federal guidelines regarding independent contractor status.

In the Promotion of the Arts current level program, 2.10 FTE were classified as full time state employees and the equivalent of 2.00 FTE were in contracted services. This recommendation places the two FTE contracted services employees in personal services as regular state FTE.

In order to meet unfunded pay increases and to cover percentage reductions, a .10 FTE program specialist was deleted. The net effect is a recommendation of 4.00 FTE each year for this program. The salaries and benefits for

these FTE account for the increases in personal services. A 4% vacancy savings factor has been applied.

Most of the decrease in operations is the result of taking the two positions out of contracted services and placing them in personal services. There was also base reductions of \$1,396

to cover pay increases and budget reductions.

The increase in general fund is mostly attributable to increased audit fees. The increase in federal funds is offset by a decrease in federal funds in the Special Projects Program.

### **Program Description**

The Grants Program includes: 1) Council-initiated projects, 2) Council grants and fellowships, and 3) Cultural and aesthetic projects grants.

The definitions of these various types are as follows:

Council-initiated projects: These projects, carried out at the initiation of the Council, may or may not be on-going, are administered by existing staff, and are charged only for the direct costs incurred with no administrative costs allocated to them.

Council grants and fellowships: Applications are made by nonprofit organizations and individual artists and compete with all other applications submitted. Grants are reviewed by staff, evaluated by advisory panels, which in turn make their recommendations to the full Council which make the final awards.

Cultural and aesthetic projects grants: Applications are made by governing units and compete with all other Cultural and Aesthetic projects proposals submitted. Grants are reviewed by staff, evaluated by the Cultural and Aesthetic Projects Advisory Committee, which makes its recommendations to the joint sub committee on Education and Culture. The final allocations are legislated by the House and Senate.

#### **Budget Issues**

The Cultural and Aesthetic Project funds and the Coal Trust Tax funds are state special revenues which are appropriated by separate legislation. The amount of appropriated funds for FY88 and FY89 will not be known until the 50th Legislature acts on the recommendations of the Cultural Arts Advisory Committee and Long Range Planning Committee recommendations. The agency projects a 13% decrease in federal funds in their combined programs. The reduction in federal funding shown in the Grants Program is part of that overall decline.

SPECIAL PROJECTS	Actual	Budgeted	Recommendation	
Budget Detail Summary	FY 1986	FY 1987	FY 1988	FY 1989

Total Service Costs	\$261,971.27	\$229,992	\$235,174	\$235,204

#### Program Description

The special projects program carries out the on-going programs of the Council, including Organizational Services,

Artists Services and Artists in Schools, the Montana Folklife Project, Coal Tax Administration, data processing, Advisory Panels, and Public Art.

#### **Budget Issues**

It is recommended that the contracted services positions in the Special Project Program be placed in personal services as state employees to adhere to state and federal guidelines on independent contractor status of employees. Consequently, 1.57 FTE contracted services employees are now shown as state employees.

A 4% vacancy savings factor has been applied to this program.

There are several factors which account for the reduction in operations in this program. The moving of contracted services positions to personal services reduced over \$38,000.

There was \$3,840 in base reductions to cover unfunded pay increases and percentage budget reductions. There were over \$19,000 in operational reductions because of less MAC grant funds.

The general fund portion of the base reductions was \$2,093. The Cultural and Aesthetic funds are state special appropriations and are not known in FY88 and FY89 until legislative action is taken. The MAC Community match increases to include community dance drama funds which now must flow through the Arts Council to ensure proper accounting procedures. The agency anticipates receiving less federal MAC administration funds.

2/4/87 Ken Wolcott

# MONTANA ARTS COUNCIL COMPARISON OF EXECUTIVE BUDGET AND LFA CURRENT LEVEL

	FTE FY '89	Bienn <u>General Fund</u>	Total Funds	
Executive Budget LFA Current Level	7.47 4.00	\$229,988 209,044	\$ 1,033,668 	
Executive Over (Under) LFA	<u>3.47</u>	\$_ <u>2</u> 0 <u>.944</u>	\$ <u>(1,075,576)</u>	

The executive recommendation includes 3.47 additional FTE over LFA current level. The proposed general fund is \$20,944 over the LFA current level while total funds are \$1,075,576 under current level. The executive does not include any of the cultural and aesthetics grant funds in its recommendation while the current level presents the Grants Program at the fiscal 1986 level each year of the 1989 biennium, with total cultural and aesthetics project funding of \$1,096,973.

# ISSUE 1: CONTRACT VS STATE EMPLOYEES

The executive is converting contracted employees to full-time equivalents on the state pay and classification system. The addition of 3.47 FTE by the executive results in personal services costs of \$172,076 over the LFA current level personal services for the biennium. The LFA current level includes \$116,672 to contract for 2.97 positions. Overall, the executive proposal costs \$55,404 more than LFA current level.

### ISSUE 2: VACANCY SAVINGS

The executive includes a 4 percent vacancy savings factor, which amounts to \$15,495 in the 1989 biennium. The LFA current level does not apply vacancy savings to agencies with fewer than 20.0 FTE.

## ISSUE 3: CULTURAL AND AESTHETICS GRANTS

LFA current level includes \$1,059,817 for grants from the cultural and aesthetics grants, which maintains the overall Grants Program at the fiscal 1986 level of expenditure through the 1989 biennium, and \$37,156 to provide current level administrative services for the grants. The executive does not include the cultural and aesthetics grants in its recommendation.

The Montana Arts Council was created by the legislature in 1967 in recognition of the increasing importance of art in the lives of Montanans, the need to provide the opportunity for young people to participate in the arts and contribute to the cultural heritage of Montana, and the growing significance of the arts as an element which makes living and vacationing in Montana desirable. The responsibilities of the council are to encourage the study and presentation of the arts, to foster public interest in our cultural heritage and resources, and to encourage and assist in freedom of artistic expression.

The council is funded with general fund, federal funds and state special revenue from interest income from the coal tax park trust fund for the cultural and aesthetics program. Federal funds of \$332,400 per year are allocated to the council's three programs as follows: 1) Promotion of the Arts federal funds increase 0.7 percent in the same proportion to total funds as was spent in fiscal 1986 and appropriated in fiscal 1987; 2) the Grants Program federal funds provide the remaining funds required to maintain the fiscal 1986 expenditure level after general fund and all estimated state special cultural and aesthetic funds are included; and 3) the balance of available federal funds is used in the Special Projects Program.

# Fiscal 1986: Comparison of Actual Expenses to the Appropriation

The following table compares fiscal 1986 actual expenditures and funding to appropriations as anticipated by the 1985 legislature.

Table 1
Comparison of the Appropriation to Actual Expenses - Fiscal 1986

Budget Item	Legislature	Actual	<b>Difference</b>

Coal Tax Trust Continuing Au	thority	<u>\$361</u>	<u>\$361</u> _

The council allocated \$82,522 of the biennial cultural and aesthetics appropriation in House Bill 938 to operating costs in fiscal 1986. The personal services allocation was \$72,414 and the balance of \$10,109 was allocated to travel. Only \$23,404 of the personal services allocation was spent in fiscal 1986, which accounts for \$49,010 of the personal service savings shown in Table 1. The balance of the personal service savings comes from a vacant program specialist position.

The council allocated \$10,109 of the biennial cultural and aesthetics appropriation to travel under operating costs. The council actually spent \$25,814 of these funds under operating costs, which accounts for \$15,705 of the \$54,128 overexpenditure of operating costs reflected in Table 1. The remaining \$38,423 over the authorized occurred in contracted services where the council spent \$35,113 more on contract employees than budgeted. Supplies were overexpended \$6,289 and offset by savings in travel of \$6,362. Communication costs were \$2,376 more than authorized and other expenses exceeded the authorized by \$1,096.

The operating portion of the biennial cultural and aesthetics appropriation has a balance of \$33,309 for fiscal 1987.

Equipment was overexpended by \$1,544 after the council purchased equipment items with no equipment budget.

Non-operating cost savings of \$753,392 were realized primarily because cultural and aesthetics state special revenue is a biennial appropriation and grants may not be made in excess of 50 percent in the first 12 months. Non-operating costs from federal sources has a balance of \$25,545. Most of this balance results from budgeting contract employees under this category but coding the actual expenditure under contracted services. The Promotion of the Arts Program had \$12,123 budgeted in non-operating expenditures from federal sources that was expended in contracted services and the Special Projects Program had \$10,739. These two items account for \$22,862 of the non-operating costs from federal sources. The balance of \$2,683 are unused grant funds.

The general fund had \$2 left after the Governor's cuts totaling \$2,423. Federal National Endowment for the Arts funds had savings of \$19,376 because of federal cut backs, while \$761,150 remains of the biennial appropriation from the cultural and aesthetics fund. There are three programs in the Montana Arts Council--Promotion of the Arts, Grants, and Special Projects.

1. Convert contract FTE to					
state employees.	\$ -0- =====	\$17	172	\$ -0- =====	\$17,103

The functions in this program relate to the administrative functions of the agency and the council. Personal services increase 4.4 percent primarily due to vacancy savings realized in fiscal 1986. Operating costs increase 7.6 percent as costs of contract positions previously budgeted and expended in the non-operating category are now budgeted in operating expense. Funding is provided by general fund and federal funds. The general fund and federal funds increase at approximately the same rate, maintaining the same proportional share of total funding as in the 1987 biennium.

# Current Level Adjustments

Operating expenses are increased \$72 for insurance based on quotes from the Department of Administration, legislative audit fees are increased \$2,400 to \$10,800 in fiscal 1988 and professional contracts were decreased \$8,232 for a contract communications coordinator that was not authorized. Office supplies were decreased \$1,055 to the fiscal 1986 authorized level while all other expenditures are included at the fiscal 1986 level.

## ISSUE 1: CONVERT CONTRACT EMPLOYEES TO STATE EMPLOYEES

The agency has contracted for employees through the Montana Institute of the Arts Foundation for services that are a normal part of the council's business. The Office of the Legislative Auditor in its most recent audit of the Montana Arts Council recommended that the Council and the Office of Budget and Program Planning convert the contract employees to state employees. The audit findings state that the council's contracted employees do not fit the criteria of an independent contractor as defined by state law.

Section 39-71-120, MCA, defines an independent contractor as follows: An "independent contractor" is one who renders service in the course of an occupation and:

- (1) has been and will continue to be free from control or direction over the performance of the services, both under his contract and in fact; and
- (2) is engaged in an independently established trade, occupation, profession, or business.

Although the council concurred with the recommendation of the Legislative Auditor, the agency did not submit a modified request to convert the positions to state employees. Table 2 shows the cost to convert the positions in this program. The conversion adds 1.9 FTE overall. However, these costs reflect the deletion of the 0.10 FTE program specialist I and the reduction of the secretary position to a 0.50 FTE to allow the addition of: a 0.50 FTE grade 12 public information officer, a 0.50 FTE grade 16 deputy director/accountant, a 0.50 FTE grade 9 documents processor, and a 1.0 FTE grade 6 receptionist. The contract positions have been budgeted under grants from federal sources in the past with the obvious implication that they are funded with federal funds. If these contract positions are added as FTE, they should continue as federally funded employees. The current level contracted services of \$20,109 does not include a contract communications coordinator costing \$8,232 in fiscal 1986, as this contract position was above the fiscal 1986 authorized amount.

Tak Cost to Convert Contracted	ole 2 Employees to State Employ	7ees
	Fiscal 1988	Fiscal 1989
Added FTE	1.90	1.90
Additional Personal Services Costs Contracted Services Savings	\$ 37,281 (20,109)	\$ 37,212 (20,109)
Cost to Convert Employees	\$_ <u>17.172</u> _	\$_ <u>17</u> _103_

The additional costs shown in Table 2 should be funded using federal funds from the National Endowment for the Arts basic state grant.

Option A: Approve the conversion of the contract FTE to state employees and fund them using federal funds of \$17,172 in fiscal 1988 and \$17,103 in fiscal 1989.

Option B. Take no action.

Total Funds	\$670,166	\$896,018	\$670,166	\$670,166	(14.4)

All grant activity administered by the Montana Arts Council is recorded in this program. There are several types of grants, including: (1) community arts projects; (2) those projects initiated from either the council or by the grant recipient; and (3) projects funded by the cultural and aesthetic project funds and approved by the legislature.

Grants are included at the fiscal 1986 expenditure level but decrease 14.4 percent from the 1987 biennium to the 1989 biennium because the fiscal 1987 appropriation level exceeds the available coal tax and federal funds. General fund of \$20,000 each year has been included at the fiscal 1986 and 1987 levels. As a result of House Bill 15, passed during the June 1986 special session, the park acquisition trust will not receive any coal tax funds in fiscal years 1987 through 1989. Therefore, the principal of the trust fund will not grow and cultural and aesthetics funds which come from interest earned on the trust are dependent upon how the Board of Investments splits the fund between short and long-term interest investments. The Office of the Legislative Fiscal Analyst projects total biennium earnings of \$1,160,000. The current level includes \$1,096,973 of coal tax interest earnings, leaving a fund balance of \$63,030 as a contingency. Federal funds are expected to decline from the current biennium amount of \$726,183 to \$664,800 in the 1989 biennium, an 8.5 percent decrease. However, the Promotion of the Arts Program and the Special Projects programs will require \$146,928 and \$276,884 respectively, leaving a reduced balance for grants.

Activities in the Special Projects Program include the Artist-in-the Schools program (AIS), community arts, special project administration, and the Montana Folklife Project.

Personal services decrease 7.7 percent after adjusting for the FTE in the Montana Folklife Project. Operating costs decrease 2.8 percent after reducing the folklife project expenditures funded from cultural and aesthetics funds and adding expenditures for AIS dance and drama supported by community match fund in the 1987 biennium. Non-operating costs which were budgeted to provide contract positions for special projects were not expended in this category in fiscal 1986 and are included in operating costs in the current level budget.

Community matching funds for AIS dance and drama were not appropriated previously. Due to a recommendation by the Office of the Legislative Auditor, the council is requesting the inclusion of these funds in the 1989 biennium.

### . Current Level Adjustments

A 1.0 FTE folklorist in the folklife project and the associated operating costs of \$10,746 were removed from the base. A 0.50 accountant left vacant in fiscal 1986 is deleted. The base was also reduced \$26,314 to the fiscal 1986 authorized level while operating costs of \$18,577 associated with the coal tax administration are left in the base. Contracted services have been increased \$35,250 to add the drama and dance portion of the community match to the AIS program, while \$6,200 was reduced by the agency for a net increase of \$29,050.

General fund decreases 28.6 percent in the 1989 biennium as available federal funds replace general fund in support of administrative costs. General fund for the AIS program is maintained at the fiscal 1986 level of \$15,143. State special revenue cultural and aesthetics funds are included at \$18,577 in fiscal 1988 and \$18,579 in fiscal 1989 for administration of the coal tax funds. Community matching funds increase from \$34,200 expended in fiscal 1986 and \$49,970 appropriated in fiscal 1987 to \$69,450 in each year of the 1989 biennium. All available federal funds are used in this program. However, they still decrease 2.3 percent as total available federal funds decline.

## ISSUE 1: CONVERT CONTRACT EMPLOYEES TO STATE EMPLOYEES

The agency has contracted for employees through the Montana Institute of the Arts Foundation for services that are a normal part of the council's business. The Office of the Legislative Auditor in its most recent audit of the Montana Arts Council recommended that the Council and the Office of Budget and Program Planning convert the contract employees to state employees. The audit findings state that the council's contracted employees do not fit the criteria of an independent contractor as defined by state law.

Section 39-71-120, MCA, defines an independent contractor as follows:

An "independent contractor" is one who renders service in the course of an occupation and:

- (1) has been and will continue to be free from control or direction over the performance of the services, both under his contract and in fact; and
- (2) is engaged in an independently established trade, occupation, profession, or business.

Although the council concurred with the recommendation of the Legislative Auditor, the agency did not submit a modified request to convert the positions to stateemployees. Table 3 shows the cost to convert the positions in this program. The conversion adds 1.57 FTE overall. However, these costs reflect the deletion of the 0.90 FTE program specialist I and a 1.0 FTE administrative aide III position to allow the addition of: a 1.0 FTE grade 13 artists services director, a 1.0 FTE grade 13 organization services director, a 1.0 FTE grade 12 microcomputer operator, and a 0.47 FTE grade 6 general office clerk.

Tab Cost to Convert Contracted I		rees
	Fiscal 1988	Fiscal <u>1989</u>
Added FTE	1.57	1.57
Additional Personal Services Costs Contracted Services Saving	\$ 39,494 (38,242)	\$ 39,295 (38,212)
Cost to Convert Employees	<b>\$_1_252</b> _	\$1 <u>.083</u>

The additional costs shown in Table 3 can be funded using federal funds from the National Endowment for the Arts basic state grant.

Option A: Approve the conversion of the contract FTE to state employees and fund them using federal funds of \$1,252 in fiscal 1988 and \$1,083 in fiscal 1989.

Option B: Take no action.

# Personal Services

- The executive has added 1.57 FTE costing \$39,494 in fiscal 1988 and \$39,295 in fiscal 1989 that are not in the LFA current level. See issue #1, page E-75 of the Budget Analysis.
- The executive has applied a 4 percent vacancy savings while the LFA current level has applied -0- vacancy savings. The difference is \$3,227 in fiscal 1988 and \$3,228 in fiscal 1989. ς.

## Operating Costs

- The executive has reduced contracted services \$38,242 in fiscal 1988 and \$38,212 in fiscal 1989 after converting contract employees to FTE. These costs remain in the LFA current level.
- The executive reduced out-of-state travel \$3,936 each year that remains in the LFA current level. ;
- The LFA current level includes \$18,577 in fiscal 1988 and \$18,579 in fiscal 1989 of coal tax expenditures and funding that should be removed. 'n.

## Funding

1. The LFA funds operations of this program using \$15,318 more federal funds in fiscal 1989 than the executive. This reduces the LFA general fund a corresponding amount. 2/x/6,7 11 2/x/6,2 K. W. /c. H

## February 3, 1987

TO:

Representative Bob Thoft, Chairman

Long-Range Planning Subcommittee

FROM:

Madalyn Quinlan

Associate Fiscal Analyst

SUBJECT: House Bill 4 - Cultural and Aesthetic Grant Program

The cultural and aesthetic grant program is funded with one-third of the interest earnings from the coal tax park acquisition trust fund. The statute (Section 15-35-108, MCA) says that these interest earnings are to be appropriated "for the protection of works of art in the state capitol and other cultural and aesthetic projects."

The interest earnings available for appropriation in the 1989 biennium are estimated to total \$1,160,000. These revenues, along with a projected ending fund balance of \$86,975 in fiscal 1987, bring total funds available for appropriation to \$1,246,975.

Table 1
Long-Range Planning Subcommittee Action
Cultural and Aesthetic Grant Program 1989 Biennium

Funds	Available for Appropriation	\$1,246,975
Less:	Funding for 57 Grant Projects Operating Expenses, MT Arts Council	1,127,417 84,400
	Ending Fund Balance	\$35 <u>.158</u>

The subcommittee held hearings on 87 applications, approved funding for 57 of these and denied funding for another 30 projects. The projects are divided into four categories: 1) special projects, 2) operating support, 3) capital expenditures, and 4) challenge grants. Challenge grants are a new category this session, and the funds are used to help groups who are establishing permanent endowments. The "challenge" exists in that groups have to raise \$3 of matching funds for every \$1 that they receive from the cultural and aesthetic grant program. This same requirement of a three-to-one match applies to capital expenditures.

K.W.

Table 2
Categories of Project Funding
Cultural and Aesthetic Grant Program

		Amount <u>Funded</u>	Percent	
23 12 10 12	Special Projects Operating Support Capital Expenditures Challenge Grants	\$ 283,365 374,800 179,252 	15.89 25.72 33.25 25.14	
57	Total Projects	<u>\$1.127.417</u>	<u>100.00</u>	

The \$84,400 appropriation for operating expenses is an increase of \$51,100 and reflects a shift in the funding of administrative costs. The Montana Arts Council estimates the total cost of project administration to be \$143,557 for the 1989 biennium. In the 1987 biennium, cultural and aesthetic project funds provided 24 percent of the total administrative costs. Under House Bill 4, the cultural and aesthetic project fund would fund 59 percent of the administrative costs in the 1989 biennium. The increase in the appropriation of cultural and aesthetic project funds will free up \$39,000 of federal funds to be used for grants to artists and art programs.

## INSTITUTIONS AND CULTURAL EDUCATION SUBCOMMITTEE February 4, 1987

Testimony Regarding the Montana Arts Council Budget by Brenda Schye Montana Cultural Advocacy

Chairman Miller, Members of the Committee: I am Brenda Schye, and I represent the Montana Cultural Advocacy, which is a broad cross-section of concerned taxpayers who are committed to the development of our state's cultural resources.

Everyone knows this state has fallen on hard times. As legislators, you are faced with the difficult task of determining what can be sacrificed in 1987 that will have the least amount of negative impact on our state's future. With that in mind, I hope you will consider these points.

The Chamber of Commerce and other development organizations frequently remind you of the importance of improving this state's business climate. You have taken that task seriously, evaluating many of your legislative decisions in terms of what affect it will have on the economy. When you consider actions such as lowering the Coal Severance Tax, you do so knowing that there will probably be an immediate drop in coal revenues (with the tax at a lower rate), but in the hopes that it will stimulate the economy and provide greater benefits for the future.

Like the Chamber directs your attention to the business climate, we hope to direct your attention to the cultural climate of Montana, which is what determines whether Montanans live above the level of mere existence. It is not unrelated to the issue of the business climate; in fact, they are strongly related. This state will never grow and prosper if its spirit doesn't flourish. At times like this, neglecting community pride and spirit would be disastrous.

But aside from the quality of life issue, let's get back to the economic development issue. There are at least a couple of recurring themes in this session: increasing our potential for tourism and attracting business investments. Harvard economist John Kenneth Galbraith makes a strong argument that the artistic life of a state or country contributes greatly to its stability. The economic impact of the arts is no small matter, as it represents an industry in Montana that brings in somewhere in the neighborhood of &60 million. In the area of the state where I live, people believe that the tourists come to fish. That is undoubtedly true, and much attention has been given to improving the fishing in order to attract more people. But consider the fact that there are two fishing lakes in that general vicinity. The one that provides the best fishing is not the one that is fished the most. The one that provides mediocre fishing, however, is near a summer theatre, and after a day of fishing, tourists pack into the summer theatre. That should tell you that people choose their vacation spots according to more than just hunting and fishing. The arts play a major role in attracting tourists, and this state is missing the boat if we don't consider the arts as a major component of tourism development.

I'm sure that many of you have read studies over the last few years that have been compiled to help states determine what factors attract businesses to locate in a certain area. Such studies have consistently shown that the cultural climate is a major factor in such decisions, because businesses are looking at the quality of life that an area offers. Sure they want to know that their business will make a profit, but that isn't enough if life has nothing to offer when they leave work at 5:00 o'clock.

Allocating money for the arts makes good sense, not in spite of difficult economic times, but especially in difficult economic times. Knowing what happens to our state's revenues when the price of oil drops, consider what Texas has encountered. They face worse times than us, but they have had the foresight to keep tourism and the arts as high priorities in their state's budget.

The arts represent a positive force in our lives, and in times like this, it is especially important to nourish our spirits along with our economy.

Montana Alliance for Arts Education 1595 Virginia Dale Helena, Montana 59601

Exhibit 17 2/4/87 Janet Athwal Mt. Ants Council

February 4, 1987

To: The Sub-committee on Institutions & Cultural Education

Representative Ron Miller, Chair Representatives Menke and Menahan Senators Bengtson, Haffey and Tveit

Fr: Janet Athwal, Chair, Montana Alliance for Arts Education

Re: Support for the Montana Arts Council

The Montana Alliance for Arts Education is a state committee of the Alliance for Arts Education, a component of the Education Program of the John F. Kennedy Center for the Performing Arts, Washington, D.C.

As State Chair for this umbrella organization of supporters of arts education, I wish to express strong support for the Montana Arts Council.

Not only has it provided excellent services to arts education in this state for many years through artists residencies in all the arts, but also is presently cooperating closely with a statewide Arts & Humanities Task Force in efforts designed to improve arts instruction in schools in Montana.

Special projects are underway which mean training especially for elementary teachers in art instruction and in the development of arts curricula. This is in keeping with and with the encouragement of the National Endowment for the Arts.

The finances which support this arts agency support our children's arts education in schools for life-long benefits which neither you nor I can measure.
