Testimony:

Discussion regarding possible differences in the rates of pay between regular state employees and legislative employees. Also discussion regarding differences in positions, rate of pay, grade scales, between House and Senate. There was a consensus that classifications should be consistent between both houses. Representative Vincent recommended that time restrictions be eliminated (some employees are only allowed 48 hours per week.) It was mentioned that some of the job titles are unclear. There was discussion regarding some jobs still unfilled, and where extra money for them might come from. Also discussed was finding out the actual needs of the departments in regard to hiring and employees. Mr. Fasbender suggested that money could possibly be used from other
