BILL # SJR 11; TESTIMONY BY: Andrew C. Neal

DATE 3/01/89; SUPPORT yes; OPPOSE _____

Mr. Chairman, members of the Committee, for the record, my name is Andy Neal, and I represent the 3600 member Montana Farm Bureau Federation.

Farm Bureau supports SJR 11.

Montana Farm Bureau believes that predatory animal control is most appropriately managed by the use of 1080 and strychnine. These applications help allow for the proper order between livestock, wildlife, and land management. 1080 and strychnine also control predators that are carriers of infectious diseases such as rabies. Montana Farm Bureau would like to go on record in support of SJR 11.

I thank you for the opportunity to testify before the committee today.
