

MINUTES

MONTANA HOUSE OF REPRESENTATIVES 53rd LEGISLATURE - REGULAR SESSION

JOINT SUBCOMMITTEE ON NATURAL RESOURCES

Call to Order: By **CHAIRMAN ROGER DEBRUYCKER**, on February 11, 1993, at 7:30 A.M.

ROLL CALL

Members Present:

Rep. Roger DeBruycker, Chairman (R)
Sen. Cecil Weeding, Vice Chairman (D)
Sen. Gerry Devlin (R)
Sen. Greg Jergeson (D)
Rep. John Johnson (D)
Rep. William Wiseman (R)

Members Excused: None

Members Absent: None

Staff Present: Terri Perrigo, Legislative Fiscal Analyst
Florine Smith, Office of Budget & Program
Planning
Theda Rossberg, Committee Secretary

Please Note: These are summary minutes. Testimony and discussion are paraphrased and condensed.

Committee Business Summary:

Hearing: DEPARTMENT OF COMMERCE
Business Development Division
FISH, WILDLIFE & PARKS
House Bill 131
Business and Loan Administration
International Trade Office
ORIS AND CEIC Department

Executive Action: DEPARTMENT OF COMMERCE
Business Development Division

John Noel, Director, Department of Commerce, reviewed the department with the committee.

He said this department has 16 divisions. Budgets for each of these divisions will be presented to the committee over the next few days.

His only input is to counsel legislators involved in serving the state. They want to assist the legislature in the financial

crisis being faced.

With the help of the competent staff of the Department of Commerce they will try to achieve that goal. They will make do with fewer resources than what they had in the past. He said they have four modifications to present to this committee: 1) general fund request to continue the operation of the Canadian Trade Office which enhances Montana's ability to do business across the border, 2) a general fund request to continue partial funding of the dissemination of the Decennial Census Information, 3) a special revenue request for 1.00 FTE to allow the Financial Institutions Division to meet federally mandated requirements and to administer the transfer of banks from federal to state charter, and 4) a state special revenue request to properly staff the Building Codes Division to serve the expanded needs of the construction industry.

There will be requests from the divisions for computer equipment that do not affect the general fund.

Their target cuts are \$312,340 below the LFA current level for the biennium. The division submitted a list for an additional 5% vacancy savings for \$256,454. He said they can save their way to survival, but not to success.

HEARING
BUSINESS DEVELOPMENT DIVISION

Bob Heffner, Administrator, Business Development Division, gave an overview of this division with the committee. EXHIBIT 1 He showed slides of some of the successful small businesses.

He said the division is divided into four units: 1) Business Location and Loan Administration, 2) Small Business Development Center Programs, 3) International Trade Office and 4) Office of Research & Information Service (ORIS), Census & Economic Information Center (CEIC).

Questions:

REP. JOHNSON said he was curious about one of the slides they showed on jobs created by small businesses. He asked if they had any information later than the Montana Power Company study in 1986.

Mr. Heffner said no; that was a special study.

REP. JOHNSON said he didn't see any increase in small businesses in his area, even though the growth is supposed to be up by 41,600.

Mr. Heffner said the total employment growth was up by 41,600 from 1986 to 1992.

REP. JOHNSON asked if he had any information on income ranges or

how many jobs were created in different wage ranges; and if they were minimum wage or higher.

Mr. Heffner said he didn't have a report on that but the average and medium jobs have increased; it is not just hamburger businesses. He said he would try to get that information for the committee.

SEN. DEVLIN asked how they located the small businesses. He asked if the department contacted them or if they contact the department.

Mr. Heffner said they find the department. They have seven offices located around the state. They can go to the library or the Chamber of Commerce. The division also has a newspaper clipping service and keeps files on business opportunities.

SEN. DEVLIN asked about non-international trade and Canada. Mr. Heffner said they work in both those areas.

SEN. DEVLIN asked if shipments go to Canada by UPS, what the tax situation would be. Mr. Heffner said the division would have a presentation on that later.

REP. JOHNSON asked if the division had any information on the success of the office located in Glendive. Mr. Heffner said those offices do not work because they cannot attract businesses from out-of-state with federal funds.

CHAIRMAN DEBRUYCKER said if they were taking their growth now from the earlier down-slide. Mr. Heffner said 1987 was not the low in terms of employment. They had some decline, but overall they did not have a reduction in incomes or employment.

CHAIRMAN DEBRUYCKER asked if the growth in income had kept up with the cost of inflation. Mr. Heffner said yes, in most parts of the country income growth exceeded inflation.

Tape 1, B.

HEARING
FISH, WILDLIFE & PARKS
HOUSE BILL 191

SEN. DEVLIN asked what the committee's direction was to HB 131. Ms. Smith said it could be a recommendation to the full committee.

SEN. WEEDING said they were not passing judgement on the bill, only the appropriation.

SEN. DEVLIN suggested they talk to the Chairman of the House Appropriations Committee and see what that committee's recommendation is.

Terri Perrigo, Legislative Fiscal Analyst, said that General Government Committee had made a recommendation to the full Appropriations Committee.

CHAIRMAN DEBRUYCKER suggested waiting until tomorrow morning to take action on this and visit with **REP. ZOOK** for a recommendation as to what action the committee should take on HB 131.

HEARING
LOCATION & LOAN ADMINISTRATION

Rick Jones, Bureau Chief, Location and Loan Administration, Department of Commerce (DOC), reviewed this division with the committee. Pages 2-3, EXHIBIT 1

The three main programs in the bureau are Business Recruitment, Community Development Block Grant Program and Micro-business Finance Program. He said the division budget contains a mixture of state special revenue, general fund and federal funds.

He showed slides on some of the successful businesses in Montana. All of the work is currently handled by 5.00 FTE and they are scheduled to be reduced to 4.50 FTE on July 1st due to the 5% reductions. The .50 FTE that is scheduled to be cut helps with recruitment and data entry. It is the only FTE working with the recruitment program.

He said the division is requesting that position #5172, Administrative Assistant be restored. In closing, he hoped this committee would continue to support their efforts at the level requested.

CHAIRMAN DEBRUYCKER asked about the mortgage company in Great Falls that the division had invested \$25 million in; he had heard it was pretty shaky.

Mr. Jones said the Board did not put the \$25 million into that; it was \$5 million per year.

CHAIRMAN DEBRUYCKER said the Bear Paw Development with the shovels in Chester went by the wayside, also. Most of those people that are paid to come into the state to set up businesses don't turn out.

REP WISEMAN asked if the Heritage Bank in Great Falls was part of the Block Grant. **Mr. Jones** said not to his knowledge. The cities of 50,000 or more automatically get federal dollars.

SEN. WEEDING asked if they anticipated continued funding for the Community Development Block Grants. **Mr. Jones** said they expect it to increase. They have received word that next year they would receive about \$200,000. The total grants are about \$1.5 million each year.

SEN. DEVLIN asked the division about keeping businesses that are in Montana now, instead of recruiting new businesses. Mr. Jones said that will fall into a different area within the division. That division receives federal funding and cannot be used for recruiting.

SEN. DEVLIN asked what the monitoring process on loans entailed. Mr. Jones said the maximum loan is \$20,000 per job and they have to make sure those jobs are offered from low to moderate income households. So they have to track verifications on those employees, fair wages and equal employment opportunity.

SEN. WEEDING asked if the RC&D wanted to become a micro-business service, what they would have to do. Mr. Jones said they can become a micro-business developer by going through the certification process. There is also a requirement for a certain amount of local money. Currently it is one dollar for every three dollars that the division provides. The maximum is about \$83,000. There is a bill in the House to change that ratio from one dollar for every six dollars.

CHAIRMAN DEBRUYCKER asked how they backed the Bear Paw Development Company. He thought the Bear Paw money was federal money. Mr. Jones said most of it is federal money. They made a grant to Havre where they used the Bear Paw Company on the shovel grant. A corporation from Iowa is taking over the shovel plant now.

CHAIRMAN DEBRUYCKER asked if the Build Montana Program was through their division. Mr. Jones said they set up things like the coal tax loan program. The loans are made through banks and they also service the loans.

Tape 2, A.

HEARING

SMALL BUSINESS DEVELOPMENT CENTER PROGRAM

Mr. Bob Heffner, Chief Administrator, Business Development Division, DOC, reviewed this program with the committee. Pages 4-6, EXHIBIT 1

He showed slides to the committee on this program. In 1986 they joined with the federal government to put together the program. They received \$331,000 in federal funding, and local partners around the state contributed \$277,000, about \$25,000 in private fees and \$399,000 in general fund.

There are offices scattered around Montana. The head office counselors are all specialists who provide training and back-up to the local offices. They receive federal funding and an equal amount of local funding. Currently, they have full-service sub-centers in Sidney, Havre, Bozeman, Flathead Community College, Billings, Butte and Helena.

Testimony continued on this division. EXHIBIT 1

SEN. WEEDING asked if the RC&D's were administering their small business grants. Mr. Heffner said yes, that is the Eastern Plains in Sidney.

HEARING
INTERNATIONAL TRADE OFFICE

Moe Wosepka, Director, International Trade Office, reviewed this division with the committee. EXHIBIT 1, Page 7

He said last year they exported \$534 million worth of commodities and merchandise. That is new money that comes into the state. Over 10,000 jobs in Montana are dependent upon exports.

This program concentrates on value-added products such as livestock trailers and log homes. These have increased on a steady gradual scale.

Mr. Wosepka showed the committee a couple of products manufactured in the state: a fire-hose clamp used in shutting off gas lines and fire hoses and a mechanism used to install glass. The law enforcement officers use it to mount cameras on the windshields of their cars. It is also being used by the motion picture industry.

Tape 2, B.

The High Country Beef Jerky manufactured in Lincoln, Montana is another made in Montana product sold to other countries. Their labels are also printed in French because it is sold in Canada.

Log homes manufactured in Montana are about a \$40 million to \$50 million export to the Pacific Rim. Rocky Mountain Log Homes recently signed a contract with a company in Taiwan called the Taiwan Power Company for a resort complex. Mr. Wosepka showed slides on this development.

Mr. Wosepka said a T-shirt business in Billings had sales last year of \$994,000; they now employ twelve people and are growing every year. He introduced their product at a show in Japan and put together the largest order they ever received.

Montana Naturals Company from Arlee manufactures products for the health food industry. Nearly 30% of their \$3 million in sales are now international.

Leith Wimmer, Montana Naturals International, said they currently export to about thirty countries around the world. Their exports to Canada amount to about 35%-40% of their export sales.

He showed the committee a jar of honey with huckleberries added that would sell in Butte for about \$1.00 per jar. It contains \$.50 worth of huckleberries and it sells in Saudi Arabia

for \$6.00 per jar.

They have a trade office in Tokyo that has helped overcome some trade and communication barriers.

SEN. DEVLIN asked where they got their containers. Mr. Wimmer said from a company in California called Cal Pack Container. There is a group of Saudis that are looking for some natural hand creams. They will buy 5,000 jars a month.

SEN. WEEDING asked how they got started and if they received state assistance. Mr. Wimmer said they started with national trade shows. They did not receive any start-up funds from the state. They receive assistance from the U. S. Department of Agriculture's marketing program. In the past year they received \$77,000 and their allocation this year will be \$39,000.

SEN. WEEDING asked how long they had been in operation. Mr. Wosepka said their operation celebrated its tenth anniversary last summer.

Mr. Wosepka showed more slides on some of the Made In Montana products. There are some magazines in Japan that advertise Montana. One article is on the Custer Battlefield. A 17-page article on Montana costs about \$3,700 per page. That company is going to have another 21-page article on Montana, and it would cost about \$200,000. It cost the division about \$2,000 to bring those people over and take them around the state.

The result of that advertising has increased tourism from zero to around 20,000 visitors from the Pacific Rim. In conjunction with Northwest Airlines they put together a package to give away 4 cattle drive vacations from advertising done in Japan. He showed a video to the committee that was made showing an overview on Montana inviting people to apply for the cattle drive vacation.

He said the Japanese tourists spend about \$280 per day per person in Montana. That amount, times 20,000 visitors is approximately \$6 million spent in Montana. Governor Stan Stephens helped raise \$93,000 for a two-year test period with the Canadian office.

Karen Howard, Director, Canadian Trade Office, gave an overview on the Canadian-Montana trade office. She said the office was located in Calgary, Alberta and talked about some of the products requested by Canadians. EXHIBIT 2

Three Montana firms participated in shows at the Calgary Stampede and made about \$20,000 in sales. They would not have been able to do this without the trade office and the advertising they did for them.

Questions From Committee Members and Responses:

SEN. WEEDING asked what did the Canadians anticipate with the free trade agreement.

Ms. Howard said the agreement will be effective until 1998. The agreement was signed in 1988, and in ten years products will become duty free. The products have to be manufactured in Canada or the United States to qualify for the free trade agreement. Each year a percentage of the products become duty free. It depends upon what type product it is.

SEN. DEVLIN asked how the rate of money exchange was handled. Ms. Howard said U.S. Customs sets a quarterly rate for exchange. In Canada they probably do the same thing. When a product is sold in Canada, the amount is converted into Canadian dollars. The current rate is \$1.27.

HEARING

OFFICE OF RESEARCH & INFORMATION SERVICES (ORIS) AND CENSUS & ECONOMIC INFORMATION CENTER (CEIC)

Bob Heffner, Administrator, Business Development Division, gave an overview of ORIS and CEIC programs. He said they were asking for a budget modification of \$70,000 for the biennium. A similar modification was originally approved in 1991 and this modification is a continuation of the former one. It is a four-year task to process all the incoming data.

He quoted Statute 91-109 MCA. He said they have a cooperative agreement with the U.S. Census Bureau. They have 27 data centers that collect the census information.

The funding is 100% general fund, and the information is used by Montana people, institutions, businesses, hospitals, county governments, schools, state agencies, etc.

Tape 3, A.

Jan Clack, Administrator, ORIS & CEIC reviewed some of the things this division is involved in. She said they mapped items from data retrieved for a variety of topics. EXHIBITS 3, 3A, 3B

She reviewed a 22-page file from data records. EXHIBIT 4

SEN. DEVLIN asked if they cross referenced with the agricultural data statistician and asked what kind of information they receive from them. Ms. Clack said yes, they do exchange information. The state has statistical surveys every year and the census is only taken every five years.

SEN. DEVLIN said when the Montana statistician takes these surveys, they say they won't divulge any information. He asked if the division receives the information but without any names. Ms. Clack said that is right; they only receive the data.

Mr. Heffner showed more slides on what kind of requests the division receives from different interest groups.

He said they receive 5,519 data requests annually. Over the last four years, they had an average of 3,400 data requests per year.

They are requesting the approval of one programmer and operating expenses for \$36,000 in FY 94 and \$34,000 in FY 95. That FTE will complete the data that is still coming in. This position is currently filled and they are requesting the committee's approval of this budget modification.

REP. JOHNSON asked if there was a charge for the information. Ms. Clack said if there is a special tabulation that is needed, there may be a fee that would be charged for that. They are allowed to charge for their data and the funds received go into the general fund.

Ms. Perrigo then began discussing budget issues and reviewed the FWP Ground Maintenance fees, agency indirect charges and computer issues. EXHIBIT 5.

She said there are some significant difference between the LFA and the Executive budgets for indirects. The Executive calculated their indirects to include funding of the modification proposed for the director's office Management Services. The modification is for computer equipment and support.

Any FTE changes that took place during subcommittee action from any of the divisions will affect the indirect costs for the department. In the past years the Subcommittee has moved to allow the agency, LFA, and OBPP to adjust the indirect charges after all other subcommittee action is completed. The allocation of the grounds maintenance costs increased the Department of Commerce's budget by \$2,167 in FY 94 and \$2,196 in FY 95.

The department is requesting increased funding for computer purchases because they have been advised by the Department of Administration to switch from a UNIX system to a Local Area Network (LAN) computer system. She said computers could be considered a global issue, because they will show up in all the program differences.

Ms. Smith said Item 6, Computer Maintenance on the budget sheet, will show up throughout the Department of Commerce's budgets. There will be maintenance on the computer equipment and the network fees paid to the Department of Administration.

The LFA budget includes average or actual expenditures and the Executive Budget includes the department's request.

Ms. Perrigo reviewed the budget difference with the committee on the Business Development Division. EXHIBIT 6

Ms. Smith said in Contracted Services, the Executive is recommending \$50,000 per year for National Development Council to train consultants and \$3,508 per year for technical assistance. Education and Training costs have been reduced by \$4,500.

The Executive is recommending two modifications: 1) \$48,000 each year for Small Business Development Center for a statewide network, and 2) \$63,529 in FY 94 and \$65,120 in FY 95 of general fund for the Canadian Trade Office.

CHAIRMAN DEBRUYCKER asked if they had taken into consideration that the modifications would increase the division's target and will have to come out somewhere else.

Andy Poole, Deputy Director, Department of Commerce, said the modifications do not address reaching their target. If this committee approves those modifications, they will reach their target either through not taking the modifications or by taking cuts elsewhere. He said in the 5% vacancy reduction they are asking the committee to approve the .50 FTE and take the .50 FTE from the bottom of the position list. EXHIBIT 6, Page 4

Tape 3, B.

Mr. Heffner reviewed the budget items with the committee.

Contracted Services:

He said they are requesting the Executive budget on Contracted Services. On the \$50,000, they are asking for spending authority to spend private funds. They have a budget of about \$260,000 per year for consultants and \$210,000 of that budget goes to consultant partners. Over the years they have consistently lost staffing and funding for research and analysis.

REP. WISEMAN suggested advertising the quality of life here in Montana and not to worry about a study.

SEN. WEEDING asked for clarification of whether the \$50,000 would be repaid from the fees charged for the training sessions and the \$3,508 was general fund. Mr. Heffner said the \$3,508 is what they have in their current level and they are asking to retain that. They are asking for spending authority for \$53,508 each year of the biennium.

REP. WISEMAN said there is a quality of life here that appeals to people who live in major cities that are like zoos. He said the quality here is what those people are dreaming of. He didn't want to attract people to come up here looking for jobs, because there aren't any. If they would advertise what is here, they could attract people that have high capital and they could improve the economy of this state, because they have money.

Mr. Heffner said the Montana Futures Committee has identified and will pursue retirees as an industry for Montana.

EXECUTIVE ACTION
BUSINESS DEVELOPMENT DIVISION

Motion/Vote: REP. JOHNSON moved to approve the executive budget for \$53,508 each year of the biennium for Contracted Services. Motion CARRIED 5-1 with SEN. DEVLIN voting no.

Postage:

Mr. Heffner said the division would accept the LFA on Postage.

ADJOURNMENT

Adjournment: 12:00 P.M.

BIENNIAL REPORT
TO THE
LEGISLATURE

July 1990 - June 1992

I. DIVISION ACTIVITY AND PERFORMANCE

Business Development Division (BDD) is the lead agency for economic development in the Department of Commerce. Through the Small Business Development Center¹ and the International Trade Office, the Division provides consulting, training and information to businesses and communities in the areas of business finance, marketing, international trade, government contracting, business licensing and community development.

BDD funds community-level business loans through the Community Development Block Grant and Microbusiness Finance programs; publicizes and represents Montana to firms planning relocation or expansion; and provides economic, demographic and business data through the Office of Research and Information Services.

The Division's offices and telephones are listed at the end of this report.

Large increases in division activity between fiscal year 1991 and 1992 reflect community partnerships formed by the division to open new local offices in Missoula, Butte, Sidney and Havre.

Training Activity

	<u>FY 91</u>	<u>FY 92</u>	<u>Biennium Total</u>
Total number of training classes	142	245	387
Average attendance per class	15	16	15.5
Total attendance	2,098	3,911	6,009

Counseling Activity

Total number of counseling clients	694	1,556	2,250
Total number of counseling hours	2,464	5,578	8,042
Average counseling hrs. per client	3.6	3.6	3.6

¹
The SBDC program is jointly funded by the Montana Department of Commerce and the U.S. Small Business Administration under Cooperative Agreement SB-2M-00137-03.

II. INDIVIDUAL PROGRAM PERFORMANCE

A. Business Location and Loan Administration

1. Location and Business Recruitment

The Business Location program publicizes and represents Montana to firms planning relocation or expansion; initiates and develops relations with target industries and individual firms, and prepares and presents location data in response to inquiries received by the department. The location office also works closely with local development organizations in their efforts to recruit new firms to their communities.

RESULTS (July 1990 - June 1992):

- 405 prospects
- 25 companies relocated or started
- 1,171 new jobs*
- \$100,030,000 million in capital investment

* This figure includes company-provided estimates of anticipated employment. It also includes temporary construction jobs at major facilities.

2. Community Development Block Grants (CDBG)

The division administers Community Development Block Grant awards for economic development projects. This federally-funded competitive grant program awards approximately \$1.5 million annually to Montana cities, towns and counties. Local governments then lend the money to private business projects. Applications are made to the division by the local government sponsoring the project. Projects are selected by considering feasibility, economic impact and job creation for low to moderate income persons.

RESULTS (July 1990 - June 1992):

- 13 projects
- \$3.5 million in federal funds
- \$15.0 million in private funds leveraged
- \$18.5 million total financing to Montana companies
- Will create and retain 270 full-time equivalent jobs

(CDBG Locations/Projects are listed on following page)

CDBG LOCATIONS/PROJECTS

Beaverhead County:	Centennial Foods
Belgrade:	Quake Industries
Bozeman:	Lattice Materials
Carbon County:	Invention Development
Cascade:	Plasnetics
Chinook:	Sweet Medical Center
Fromberg:	Gateway Software
Garfield County:	Garfield County Feeds
Hamilton:	Direct Advantage
Powell County:	Precision Cartridge
Shelby:	Pamida
Toole County:	Northern Express Transit Authority
Yellowstone County:	ZooMontana

3. Microbusiness Finance Program

The microbusiness finance program, created in 1991, set aside \$3.25 million in the coal tax trust fund for lending to "micro" enterprises (companies with fewer than 10 employees). Up to twelve local organizations, capitalized at \$250,000 each by the program, will provide loans and technical help to micro companies.

- local programs funded, at \$250,000 in lending capital each: Bozeman, Havre, Kalispell, Missoula, Billings, Lewistown, Butte and Helena
- pending, for May 1993: Great Falls; Eastern Montana Resource Conservation & Development district (11 counties)
- expected microbusiness lending, FY 1993: \$940,000
 - Bozeman, Missoula 200K each
 - Billings, Kalispell, Havre, 100K each
 - Lewistown
 - Butte, Helena 50K each
 - Great Falls, Eastern MT 20K each

B. Small Business Development Center Programs

The Small Business Development Center is the outreach arm of the Division, providing training and consulting to small businesses at local offices throughout Montana.

IMPACT OF SBDC CONSULTING AND TRAINING

National Survey of SBDC Program Performance
University of Houston, 1992

1. Sales and employment growth of SBDC clients exceeded non-client growth rates in 28 of 30 states surveyed.
2. "The population of long-term clients is projected to have generated federal and state revenues over eighteen times greater than the cost of their counseling."

Montana State University Survey and Research Center
November 30, 1990

1. Sales and employment growth of client firms exceeds that of non-client firms.
2. Gross dollar revenue change attributed to SBDC assistance averaged \$26,182 per business.
3. Statewide, new revenues attributed by clients to SBDC assistance were \$2.7 to \$3.8 million.

Montana SBDC Client Survey
October 1992

- 87% of clients got specific recommendations
- 71% took direct action
- Of these, 76% said action had a positive impact
- Over 90% rated counselors knowledgeable, prompt and attentive
- 86% would recommend the service to others

The SBDC network currently has full service subcenters in Billings, Bozeman, Butte, Havre, Helena, Kalispell, Missoula and Sidney. Each subcenter operates as a partnership between the Montana SBDC and local development organizations. Montana-owned business can get information and consulting in the six program areas listed on the following pages.

Small Business Development Center Programs (cont'd)

1. Finance

SBDC finance officers consult with and train businesses in financial analysis, financial planning, loan packaging, public and private capital sources, and business tax incentives. The program also works with communities, businesses and private lenders to encourage the use of various public sector financing programs.

RESULTS (July 1990 - June 1992):

* loans packaged:	\$ 6.6 million
* public finance:	\$ 2.6 million
* private finance:	\$ 3.9 million
* private/public leverage	1.52 to one private/public leverage ratio

2. Marketing

The marketing program works with businesses to expand outlets for products manufactured or processed in Montana. Products of Montana manufacturers are represented at selected trade shows both in the United States and foreign countries. The program also publishes the Montana Manufacturers Directory and the Consumer Products Directory. The "Made in Montana" logo is available to Montana manufacturers through Color World in Bozeman.

TRADE SHOW RESULTS (July 1990 - June 1992):

- 14 shows
- 135 Montana companies
- \$1.4 million in actual sales
- * \$37,000 cost to Department of Commerce
- * \$35,500 cost to companies
- * \$38 in sales for every \$1 of DOC expense

3. Certified Communities

The Certified Communities program was discontinued in 1992 due to budget cutbacks. It was an action-oriented training program in community economic development for local leaders and professional staff of local development organizations. Cities, towns, counties and tribal governments received staff assistance in planning and carrying out effective economic development programs specifically designed to meet local needs.

Certified Communities, Major Accomplishment: The U.S. Forest Service recognized the achievement of "Montana Certified Community" status as a criteria for awarding economic diversification grants under authorization of the 1990 Farm Bill.

Small Business Development Center Programs (cont'd)

4. Business Information System

The Montana SBDC's Business Information System (BIS) is an electronic bulletin board, accessible free of charge to anyone with a personal computer, communications software and modem. The BIS posts a variety of economic, demographic and business data, including state government bid solicitations, export trade opportunity leads from the U.S. Department of Commerce, and population, income and employment statistics for Montana cities and counties.

ACTIVITY (July 1990 - June 1992)
300 clients
1,700 calls
1,300 "downloaded files"

5. Licensing Information and Business Advocacy

This office distributes information on state licensing requirements for starting and operating a business, and provides assistance to businesses applying for licenses and permits. The office also serves as an advocate for small businesses in their dealings with government.

ACTIVITY FY 1991 Licensing information packets mailed 1,321
FY 1992 Licensing information packets mailed 1,911

6. Procurement Technical Assistance Program

Procurement Technical Assistance (PTA) program was discontinued due to budget cutbacks as of October 1, 1992. The program provided a computer bid matching service to Montana businesses interested in selling goods or services to the Department of Defense and other federal agencies. Direct technical assistance in contract opportunity identification, bid and proposal preparation, preparation for pre-award surveys, and contract performance was also provided.

ACTIVITY (July 1990 through June 1992)

Technical Assistance Counseling Cases	1,748
Bid Matching Action	66,054
Bidders List Applications	5,329
Prime Contract Awards*	399
Prime Contract Award Value*	118 million
Subcontract Awards*	111
Subcontract Award Value*	24.5 million

* Received by clients, not necessarily attributable to PTA program.

C. International Trade Office

The International Trade Office works to increase the foreign sales of Montana companies. In addition, the international trade staff promotes foreign tourism and pursues inward foreign investment opportunities. One-stop technical assistance is available to businesses wishing to enter foreign markets. The office matches exporters with trade shows and foreign buyers, and conducts special training programs throughout the year to prepare more firms for export activity. The Division maintains a product showroom in the Taipei World Trade Center on Taiwan, and trade offices in Tokyo and Kumamoto, Japan, and in Calgary, Alberta, Canada.

RESULTS (July 1990 - June 1992):

Number of client contacts:	5,000+
Number of businesses served:	300+
Foreign buying missions to Montana:	36
(businessmen in groups ranging in size from 1-45)	
Montana trade missions overseas:	7
Overseas trade shows participated in:	8
Export sales directly connected with international office activities:	\$17 million
Direct investments in Montana:	6
Foreign tour companies now offering tours to Montana:	20
Number of visitors from Asia/Europe:	25,000
Major TV/news articles about Montana:	63
Foreign TV specials (longer than 30 minutes) about Montana on foreign television:	7

D. Office of Research & Information Services (ORIS)
and Census & Economic Information Center (CEIC)

The Office of Research & Information Services (ORIS) and the Census & Economic Information Center (CEIC) provide a central and comprehensive economic, demographic and business data and information resource that is available to individuals as well as public and private organizations.

ORIS/CEIC maintains documents and computer-retrievable files that address the economy of the state (historical as well as current) including special papers, annual, quarterly and monthly statistical reports from federal and other Montana state agencies.

ORIS produced the department's quarterly newsletter, INSIDE COMMERCE for Montanans interested in public policy implementation through the Department of Commerce (publication temporarily suspended due to budget cutbacks). The department's biennial report is also compiled and published by ORIS. CEIC maintains a County Database, which contains statistical compendia for the state and its counties.

As the lead agency in the Montana State Data Center program, CEIC is the state agency designated to receive, reproduce and distribute maps and data from the 1990 Census.

E. Montana Ambassadors

The Montana Ambassadors, a privately-funded membership association, is staffed through the Business Development Division. The Ambassadors, made up of approximately 200 business and university leaders from throughout the state, assist in business recruitment, help to market Montana products outside the state, and host foreign visitors and trade delegations. From July 1990 through June 1992, the group conducted three targeted recruitment missions to San Jose, Los Angeles and Seattle, and made presentations to 49 companies expressing an interest in locating to Montana.

Another event promoting business opportunities and expansions in the state is the Annual Ambassadors Catch and Release Tour. Since its inception, there have been 57 out-of-state business executives invited to Montana to fish with Montana executives and Governors in two different administrations. The Ambassadors also sponsor a winter visitation program, and are active in the Governor's Golf Classic and IBM's "Economic Development Through Education" program.

Indians bear brunt of poverty

By DAVE ZELIO
Associated Press Writer

The four poorest counties in Montana encompass Indian reservations, and two are among the 100 poorest counties in the nation, new U.S. Census figures released Sunday show.

One of every six Montanans lives below the poverty line, according to the 1990 census, but more than half the Indians in the two poorest counties live in poverty.

The poverty line is determined by the federal government to be income of \$12,675 per year for a family of four.

Overall, 16.1 percent of Montana's 775,484 residents live in poverty, the census shows. Only nine states and the District of Columbia have poorer populations.

Census: State's poorest on reservations

Glacier and Big Horn counties are the 95th and 100th poorest counties in the country, respectively, the census shows. Along with two others, Blaine and Roosevelt, they are the four poorest counties in the state.

In Glacier County, which covers much of the Blackfeet Reservation, 35.7 percent of its 11,832 residents live in poverty. Forty-three percent of the county's children, defined as those under 18 years of age, live below the poverty line.

In Big Horn County, which covers parts of the Crow and Northern Cheyenne reservations, 35.3 percent of its 11,187 residents live in poverty. The

county's poverty rate for children is highest in the state at 43.1 percent.

More than half of the counties' Indian populations — 52.3 percent in Big Horn and 51.2 percent in Glacier — live below the poverty line, the report says.

Blaine and Roosevelt counties are tied for 279th among the nation's poorest.

Blaine County, which encompasses much of the Fort Belknap Reservation, and Roosevelt County, which includes part of the Fort Peck Reservation, both have a poverty rate of 27.7 percent.

listed as the poorest in the nation with 63.1 percent of its residents living below the poverty line.

Jefferson County is the state's least impoverished, according to the census, with 7.4 percent of its 7,676 residents living in poverty. Sweet Grass County is second, with 10.4 percent of its 3,106 resi-

U.S.'s poorest counties 8A

dents below the poverty line.

Jefferson County Commissioner David Anderson of Clancy was skeptical of his county's ranking.

"I just don't see it here," he said. "There are people who work in Helena and migrate out here for the foothills sort of setting. But in Boulder there are a lot of low-and minimum-wage types of jobs."

HB

INDIRECT CHARGES

	FY 94	FY 95
Total Executive Budget	894,758	899,563
Total LFA Current Level	806,258	811,063
Difference	88,500	88,500

The Executive Budget includes indirects to fully fund Management Services/Directors Office and that program's mod. LFA current level does not fund the mod.

As all FTE changes and addition/subtraction of mods affect indirect cost allocations, the legislature has previously directed the LFA, OBPP, and the agency to work together to calculate indirects after all subcommittee action is completed.

FWP CAPITOL GROUNDS MAINTENANCE FEES

House Appropriations committee changed the allocation of capitol grounds maintenance costs. This action increased Commerce's budget by 2,167 in fiscal 1994 and 2,196 in fiscal 1995.

LFA and OBPP need subcommittee approval to increase program budgets to reflect the addition of a proportionate share of this increase.

LFA Budget Analysis (Vol II), p C 131-133
 Stephens Executive Budget, p C 49-50

Current Level Differences

Personal Services

5 Percent Reduction - The Executive Budget reflects elimination of 6.5 FTE and approximately \$201,050 per year to comply with Section 13 of House Bill 2. A portion of this reduction (approximately \$133,050 per year) is also reflected in the LFA current level where 4.0 FTE with the Defense Logistics Agency contract are eliminated.

55,161 (67,893) 55,2 (67,971)

Operating Expenses

Business Development

1. Contracted Services - The Executive Budget includes \$107,016 more for the biennium than the LFA current level for contracted services: 1) \$50,000 per year for National Development Council (NDC) training consultants; and 2) \$3,508 per year for technical assistance and training consultants. The department states all NDC costs will be recovered through registration fees.

53,508 53,508

2. Postage - The Executive Budget includes \$12,728 more postage for the biennium than LFA current level which reflects the division's three year average annual postage expenditure.

6,364 6,364

3. Defense Logistics Agency (DLA) Contract - The Executive continues fiscal 1992 operating expenses for this program which is not continued in the 1995 biennium. LFA current level removes those expenditures.

46,913 46,913

4. Indirect Charges - The Executive Budget includes \$9,204 more indirect charges for Management Services and Directors Office support than the LFA current level.

4,608 4,596

5. Foreign Travel - The Executive Budget contains less for foreign travel than the LFA current level which continues fiscal 1992 expenditures.

(3,064) (3,064)

6. Computer Maintenance - The Executive Budget includes less than LFA current level for system computer maintenance contracts. LFA current level continues fiscal 1992 expenditures. *Clal*

(4,508) (4,508)

7. Education and Training - The Executive Budget includes less than the LFA current level for education and training. LFA current level continues fiscal 1992 expenditures.

(5,508) (5,508)

International Trade

1. Postage - The Executive Budget includes \$3,718 more for postage over the biennium than the LFA current level which reflects this division's three year average annual postage expenditure level.

1,859 1,859

2. Indirect Charges - The Executive Budget includes more indirect charges for Management Services and Directors Office support than the LFA current level.

1,037 1,032

3. Relocation - The Executive Budget contains \$3,768 less than the LFA current level for relocation expenses in the 1995 biennium. LFA current level continues fiscal 1992 expenditures.

(1,884) (1,884)

Minor Operating Expense Differences

2,634 2,259

Equipment

The Executive Budget contains \$1,792 less equipment for the biennium than LFA current level which represents the agency request.

TOTAL CURRENT LEVEL DIFFERENCES

33,184 32,686

Budget Modifications

1. Small Business Development Center (SBDC) Network - The Executive Budget includes a general fund budget modification to support the SBDC network throughout the state. These funds would be in addition to the \$782,914 per year included in both the Executive Budget and LFA current level for this program in the 1995 biennium.

48,000 48,000

2. Canadian Trade Office - The Executive Budget includes this modification to add 1.0 FTE and \$128,649 general fund for the biennium to fund the Canadian Trade Office, which was added through budget modification in the 1991 session. Fiscal 1992 expenditures for the Canadian trade office are continued in both the Executive Budget and the LFA current level, and include general fund support of \$26,241 per year.

Language and Other Issues

Funding Issues

General Fund

The Executive Budget includes approximately \$96,000 more general fund over the biennium than the LFA current level. Some of the difference is related to the personal services/FTE differences discussed above. However, in the International Trade program the Executive Budget includes \$35,818 per year more general fund than the LFA current level due to the LFA's continuation of fiscal 1992 private fund expenditures..

35,818 35,818

Federal Funds

1. Business Development - The Executive Budget includes \$20,000 less federal funds than the LFA current level. The funds support small business development centers and the Executive Budget represents the estimated amount of funds available.

(10,000) (10,000)

2. International Trade - The Executive Budget includes \$10,000 less federal small business development funds over the biennium than LFA current level which continues fiscal 1992 funding from this source.

(5,000) (5,000)

Vacant Positions

The joint House Appropriations and Senate Finance and Claims committees removed 1.0 FTE from this program which was vacant as of the 12-29-92 snapshot.

38,926 38,964

Microbusiness Finance Program Administration

In addition to the FTE and operating expenses shown on the table above, 1.5 FTE and associated personal service and operating costs are funded through a statutory appropriation of microbusiness finance program revenue. In fiscal 1992 the agency expended \$165,079 for microbusiness program administrative costs through the statutory appropriation.

There are no funds or FTE in either the Executive Budget or the LFA current level in the 1995 biennium for this program's administration. The agency would like the FTE and administrative portion of the program's budget to be appropriated in House Bill 2 in the 1995 biennium. Funding is from grants, fees, donations, and interest payments received by the Microbusiness Finance program.

192,174 122,337

Language

1. Microbusiness Finance Program: "If Senate Bill 161 is not approved, general fund in [Item XX] is increased by \$34,377 in fiscal 1994. This is biennial appropriation for audit costs."

Target Reduction

The department's general fund target reduction is \$312,340.

The department has proposed a general fund reduction of \$174,800 to this division, accomplished by removing all but 0.5 of the general funded positions eliminated through the 5 percent reduction and vacant position elimination.

(87,361) (87,439)

The department's general fund "additional 5 percent cut" target reduction is \$256,464.

The department has proposed downsizing the International Trade Program, which would result in a general fund reduction of \$30,000.
