level of general fund to account for the change in time study results.

#### **Budget Modification**

NON-ASSUMED COUNTY OPERATING COSTS—The executive budget includes a budget modification to fund DFS regional operating costs in non-assumed counties. The general fund supports \$586,748 of the cost in fiscal 1994 and \$452,414 in fiscal 1995. If the subcommittee adopts this budget modification, it may wish to increase the modification to reflect DFS regional costs that would be funded in counties that are currently state assumed since the subcommittee has voted to endorse de-assumption of those counties. The department estimates that the increase would be \$348,662 each year, with \$296,363 of the annual cost from the general fund.

### Language and Other Issues

POSITIONS VACANT 12/92—The joint House Appropriations and Senate Finance and Claims committees removed 9.25 FTE vacant December 1992.

TRANSFER OF DD TARGETED CASE MANAGEMENT—The executive has requested transfer of DD targeted case management from DFS to SRS beginning in fiscal 1995. If the subcommittee opts to transfer the program and depending on actions taken by the subcommittee regarding FTE and funding, up to 32.0 FTE, \$856,426 general fund and \$1,364,333 federal funds would be removed from DFS and transferred to SRS.

#### HOUSE BILL 2 LANGUAGE ADOPTED BY THE 1991 LEGISLATURE

The department shall submit to the 53rd Legislature a report detailing the number of developmentally-disabled (DD) clients served by the department in fiscal 1992 and the actual fiscal 1992 general fund and federal funds expenditures for that service.

The department may provide DD targeted case management through increases in staff, or it may contract for the targeted case management services. The department may transfer the targeted case management program for the developmentally disabled to the Department of Social and Rehabilitation Services during the 1993 biennium.

#### Current Level Differences

5% PERSONAL SERVICES REDUCTION—Th joint House Appropriations and Senate Finance and Claims committees removed 12.0 FTE and associated operating costs. The executive current level also includes removal of these FTE, while the LFA current level reflected in the table above does not.

ALLOCATION OF INDIRECT COSTS—The LFA current level continues the fiscal 1992 allocation of indirect costs. The executive changes the indirect cost allocation.

EQUIPMENT – Both the executive and LFA includes replacement office, educational, and household equipment. However, the executive includes more of such equipment than the LFA. The most significant difference is that the executive, although eliminating all FTE in the Youth Evaluation Program as part of its 5% personal services reduction, includes \$11,245 in equipment for the program in fiscal 1994 while the LFA does not budget replacement equipment for the program.

#### MINOR OPERATING COST AND INFLATION DIFFERENCES

#### TOTAL CURRENT LEVEL DIFFERENCES

FUNDING—This program is funded from general fund, state special revenue and federal funds. State special revenue includes: interest and income from state-owned land (\$234,600 each year); canteen funds (\$13,840); alcoholic beverage taxes (\$29,355); and donations (\$100). Federal income includes: school food and Chapter I educational funds (\$308,523); social reimbursement (\$1,750); and federal boarder reimbursements (\$27,200). The LFA current level includes federal border income while the executive does not include this funding source. The executive includes income from sale of products of the Pine Hills school industry program while the LFA does not.

FUNDING ISSUES-There are three funding issues in this program.

- 1) Federal boarder income—The LFA includes \$27,200 in federal boarder income each year of the biennium. The executive does not include such income as it plans to discontinue housing federal boarders. Federal boarder income funded \$96,000 of expenditures in fiscal 1992. The executive used all remaining cash in the account.
- 2) The LFA current level does not include income from Pine Hills industry program while the executive current level does. Actual income in fiscal 1992 was \$1,439.
  - 3) The LFA current level includes a higher estimate of Chapter I educational funds than does the executive

### **Budget Modifications**

JUVENILE COMMUNITY CORRECTIONS—This budget modification would implement youth placement guidelines that emphasize comunity-based options to youth detention. The budget modification includes \$250,000 general fund each year of the biennium.

POSITIONS VACANT-The joint Senate Finance and Claims and House Appropriations committees removed 11.5 FTE vacant 12-92.

MOUNTAIN VIEW SCHOOL TEACHERS' SALARIES—The executive and LFA current level budgets are both based on the same personal services "snapshot". The department recently determined that the position control report had not been updated to reflect current teachers' salaries. The department estimates that the current level budget is too low for the 1995 biennium by \$44,566 general fund.

YOUTH EVALUATION PROGRAM—The Executive Budget removes all FTE for the Youth Evaluation program. However, the executive continues all program operating costs, including purchase of equipment.

LFA Budget Analysis (Vol. II) pp. B-103 to B-107 Executive Budget pp. B-56 to B-57

#### Current Level Differences

5% PERSONAL SERVICES REDUCTION—The joint House Appropriations and Senate Finance and Claims committees removed 1.0 FTE and associated personal services costs.

\$29,243,359

INDIRECT COST ALLOCATION – The LFA continues the fiscal 1992 allocation of indirect costs while the executive reallocates such costs.

DOMESTIC VIOLENCE GRANTS – The LFA includes a higher amount of general fund and total grant amount for domestic violence benefits than does the executive. The LFA continues the fiscal 1993 general fund appropriation while the executive reduces the general fund due to increased federal grant funds.

FOSTER CARE BENEFITS—The LFA includes caseload growth in foster care benefits of 3% in fiscal 1994 and 2% in fiscal 1995. The executive does not. General fund is 68% of the total differences shown.

RESIDENTIAL YOUTH PSYCHIATRIC TREATMENT—The executive includes a higher amount of general fund for these benefits than does the LFA current level. The department will use the funds to continue the development of the continuum of care. The LFA does not fund the services because House Bill 2 language stated that the goal of the continuum of care plan was to develop comprehensive services by July 1, 1993.

#### MINOR OPERATING COST AND INFLATION DIFFERENCES

#### TOTAL CURRENT LEVEL DIFFERENCES

FUNDING—The program is funded from general fund, federal funds, and state special revenue. Program costs eligible for Title IV—A and Title IV—B reimbursement receive federal funds and general fund. Otherwise most program administration and benefits costs are general fund. State special revenue is county reimbursement and third party contributions to foster care costs.

FUNDING ISSUE—The executive includes a higher level of third party reimbursements than does the LFA in fiscal 1994. However, the LFA inclues a higher amount of third party reimbursements in fiscal 1995 than does the executive.

#### **Budget Modifications**

FOSTER CARE CONTINUUM— The Executive Budget includes funds to pay for foster care placments in new programs developed through the continuum of care project funded by the 1991 Legislature. The LFA current level includes funding for these placements.

ALCOHOLISM TREATMENT FUNDING SWITCH—The executive budget includes a budget modification to eliminate general fund for youth alcoholism treatment and replace it with revenue from \$50 of the \$100 drivers' license reinstatement fee. The department has been unable to secure a sponsor for the legislation needed to implement this budget modification.

TRANSFER OF DAY-CARE ADMINISTRATION TO THE DEPARTMENT OF SOCIAL AND REHABILITATION SERVICES—This budget modification transfers federal authority for day-care administration and benefits to SRS. The subcommittee has already adopted this transfer in the SRS budget, including transfer of 1.0 FTE.

REDUCTION OF PYSCHIATRIC BENEFITS—The subcommittee adopted the executive budget moliciation to increase the pyschiatric utilization review contract in SRS, reducing the general fund for youth psychiatric benefits.

FOSTER CARE RATE INCREASE—The subcommittee adopted a 3% rate increase for foster care services.

General fund is \$266,436 of the amount in fiscal 1994 and \$533,238 in fiscal 1995. The rate increase is abased on the executive current level foster care budget plus the executive budget modification for the continuum of continuum of care benefits.

### Language and Other Issues

POSITIONS VACANT 12/92-There were no FTE vacant in this program.

YOUTH PSYCHIATRIC MEDICAID COSTS—The department, indicated in testimony before the subcommittee, that according to its most recent estimates, the inpatient and residential youth psychiatric general fund benefits for the 1995 biennium will be too low. This estimated increase is not included in either the LFA or executive budgets. The estimated general fund increases are:

Residential care

CHILDREN'S TRUST FUND – The department has been notified that the funding available to the Children's Trust Fund from the federal Child Abuse Challenge grant will increase during the 1995 biennium. Neither the LFA or executive current level include this increase in federal funds.

#### HOUSE BILL 2 LANGUAGE ADOPTED BY THE 1991 LEGISLATURE

Included in item 2 (Community Services appropriation), is a general fund appropriation of \$38,708 in fiscal 1992 and \$58,083 in fiscal 1993 for increases to day-care providers. Beginning October 1, 1991, the department shall increase day-care provider rates up to 75% of the "local market rate" (the maximum allowed under federal regulations). If federal regulations permit the use of funds from the new "child care and development block grant" for these increases, the department shall decrease the geneal fund appropriations by the amount of block grant funds available.

In item 2a (Child Care and Development Block Grant), the department is appropriated federal funds of \$2,373,287 in fiscal 1992 and \$2,641,716 in fiscal 1993 for improving the availability and quality of day care. The department shall issue a report to the 53rd Legislature detailing the numbers and types of services provided and the actual fiscal 1992 expenditures for those services.

In item 2g (Youth Treatment Services), at least \$1.3 million for the biennium must be reserved for residential treatment services.

In item 2i (Native American Services), the department may use funds to contract for direct services on reservations or pay for placement services.
