INTRODUCED BY House Bill No. 457
Hogan, Luke, Donelson
Meyer

A BILL FOR AN ACT ENTITLED: "AN ACT REQUIRING THE DEPARTMENT OF REVENUE TO INCLUDE IN ITS REPORT OF PROPERTY TAX DATA FOR THE STATE A BREAKDOWN OF SUCH DATA BY COUNTY AND CITY; AMENDING SECTION 15-1-205, MCA."

BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

Section 1. Section 15-1-205, MCA, is amended to read:

"15-1-205. Biennial report. The department shall transmit to the governor and to each member of the legislature 20 days before the meeting of the legislature a report of the department showing all the taxable property of the state, counties, and cities and its value, in tabulated form, with recommendations for improvements in the system of taxation, together with measures as may be formulated for the consideration of the legislature. The department may include a report showing the selling price of gasoline at the wholesale level in prime market centers of Montana and in surrounding states during the biennium, with indexes tabulated at sufficient intervals to show the comparative state price structures."

INTRODUCED BILL
HB 457

STATE OF MONTANA

REQUEST NO. 184-79

FISCAL NOTE

Form BD-15

In compliance with a written request received January 30, 1979, there is hereby submitted a Fiscal Note for House Bill 457 pursuant to Chapter 53, Laws of Montana, 1965 - Thirty-Ninth Legislative Assembly. Background information used in developing this Fiscal Note is available from the Office of Budget and Program Planning, to members of the Legislature upon request.

DESCRIPTION

This proposed bill requires the Department of Revenue to include in its report of property tax data for the state a breakdown of such data by county and city.

ASSUMPTIONS

The Biennial Report of the Department has always given a county by county analysis of the tax base. Therefore, the costs incurred are connected with the addition of city data.

- 1. In counties where all records are computerized, new programs will have to be written in order to compile the information in the form needed.
2. In counties where no records are computerized, the compilation will represent an added task the cost of which can be absorbed.
3. In counties which are partially computerized, additional computerization will be required in order to provide the compilation required.
4. No change in Report format, except adding the data from 120 + cities and towns, will be attempted. It is estimated that adding sixty pages to the Report will increase the cost of printing by \$5,000.
The cost of 1) through 3) is estimated to be \$80,000 each fiscal year statewide.

FISCAL IMPACT

Expenditures

Table with 3 columns: Description, FY 80, FY 81. Rows include Additional Personal Services & Operating Expense (statewide) Estimated Increase (\$80,000), Additional Printing Costs (FY81) Estimated Increase (\$5,000), and Total Expenditure (\$85,000).

The additional cost must be funded from the State General Fund.

EFFECT ON LOCAL GOVERNMENTS

None

LONG-RANGE EFFECTS

After the system for compiling the data is finally developed and implemented the costs associated with the task will be minimal.

Richard L. Drury for BUDGET DIRECTOR

Office of Budget and Program Planning
