

Senate Bill 372

In The Senate

February 5, 1981	Introduced and referred to Committee on Taxation.
February 23, 1981	Fiscal note requested.
February 24, 1981	Fiscal note returned.
April 23, 1981	Died in Committee.

1 *Senate* BILL NO. *372*
 2 INTRODUCED BY *Johnson, Dan*

3
 4 A BILL FOR AN ACT ENTITLED: "AN ACT TO ALLOW LOCAL
 5 GOVERNMENTS TO REDUCE THE PROPERTY TAX VALUATION OF PROPERTY
 6 OF NEW BUSINESSES IF SUCH REDUCTION WILL BE BENEFICIAL TO
 7 THE LOCAL ECONOMY."

8
 9 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

10 Section 1. Short title. This [act] may be cited as the
 11 "Montana Local Government Economic Development Tax Incentive
 12 Act".

13 Section 2. Purpose. The purpose of this [act] is to
 14 give local governments the authority to grant a reduction in
 15 the taxable value of new economic development when in the
 16 judgment of the local government the long-term consequences
 17 of the development will be beneficial to the local economy
 18 by increasing the tax base, diversifying its business
 19 activity, creating new jobs, or for other identifiable
 20 worthwhile purposes.

21 Section 3. New business -- definition. As used in this
 22 [act] "new business" means:

23 (1) a business for profit that however long
 24 established has not conducted business within the taxing
 25 jurisdiction of the local government unit other than on an

1 occasional basis within 6 months prior to making application
 2 for reduction in its taxable valuation as provided in this
 3 [act];

4 (2) a business that was formed in the taxing
 5 jurisdiction of the local government during the 6 months
 6 prior to an application for reduction in its taxable
 7 valuation as provided in this [act] and that is not the
 8 product of a change of name or ownership or a reorganization
 9 of a business established more than 6 months prior to an
 10 application for a reduction in its taxable valuation; and

11 (3) a business other than a new business as defined in
 12 subsections (1) or (2) that the local government governing
 13 body may determine is to be treated as a new business under
 14 subsection (2) or (3) of [section 2].

15 Section 4. Eligibility for a reduction in taxable
 16 valuation. (1) For a business activity to be eligible for a
 17 reduction in its taxable valuation under the provisions of
 18 this [act]:

19 (a) the business must be a new business carrying on a
 20 business activity with a probable length of business life
 21 twice the length of time for which the taxable valuation
 22 reduction will be granted;

23 (b) the business must create a definable number of
 24 employment opportunities that will be filled from the local
 25 labor pool; and

INTRODUCED BILL
 -2- SB 372

1 (c) the new business must be one that will contribute
2 to the local government tax base in a definable manner.

3 (2) If the new business is the result of the
4 expansion, consolidation, or merger of an existing business
5 within the jurisdiction of the local government, the local
6 government governing body may grant a taxable valuation
7 reduction on any additional taxable valuation generated by
8 any new business activity that otherwise meets the criteria
9 for eligibility set forth in subsection (1).

10 (3) The local government governing body may consider
11 granting a reduction in taxable valuation for an existing
12 business when it has determined that there is a high
13 probability that the business might close or locate
14 elsewhere unless induced to remain open or to stay and if:

15 (a) it is ascertainable that the relocation or closure
16 will eliminate local jobs and reduce the local tax base; and

17 (b) the relocation or closure will be forestalled for
18 a time equal to or greater than the length of time for which
19 the reduction in taxable value will be granted.

20 (4) A reduction in taxable valuation granted under
21 this [act] may not be renewed.

22 Section 5. Reduction in taxable valuation -- rate --
23 duration. (1) A local government has the authority to reduce
24 the taxable valuation on any new valuation that is directly
25 attributable to the new business activity that is seeking

1 the valuation reduction. A taxable valuation reduction may
2 not result in a lower valuation for the property than if the
3 new business activity had not taken place.

4 (2) A reduction in the taxable valuation of a new
5 business shall consist of a percentage decrease in the
6 valuation that would have otherwise been assigned by the
7 department of revenue.

8 (3) The reduction in valuation may be established for
9 a period not to exceed 5 years. The reduction must be scaled
10 so that after the first year, as the term of the reduction
11 progresses, the percentage that the valuation is reduced
12 from the actual taxable valuation is less than that granted
13 the previous taxable year. The rate of percentage change
14 through the term of the reduction in valuation may be
15 calculated either on a straight-line method or on a
16 sum-of-the-years digit method.

17 (4) The percentage reduction in taxable valuation for
18 the first year may not exceed 50%.

19 Section 6. Grant of reduction in taxable valuation --
20 conditions. (1) A local government governing body may in its
21 discretion and in conformity with this [act] grant a new
22 business a reduction in the taxable valuation of its
23 property.

24 (2) A reduction in taxable valuation for a new
25 business shall be done by formal resolution of the local

1 government governing body. The resolution must:

2 (a) enumerate in detail how the new business relates
3 to the standards for eligibility set forth in [section 3];
4 and

5 (b) specify the term of the reduction and the annual
6 percentage reduction for each year of the term.

7 (3) The resolution granting the reduction in taxable
8 valuation may at the discretion of the local government
9 governing body require that the new business comply with
10 certain conditions regarding employment from the local labor
11 pool, minimum capital expenditures, length of business life,
12 or other factors the local government considers necessary to
13 safeguard against abuse of the valuation reduction.

14 (4) The local government governing body shall notify
15 the county assessor of a reduction in taxable valuation in
16 writing prior to June 1 of the first year in which the
17 reduction in taxable valuation applies. The county assessor
18 shall make the appropriate adjustment to the official
19 taxable valuation certified by him in July for official
20 taxation purposes.

21 (5) The reduction resolution and any amendment thereto
22 is subject to the rights of initiative and referendum as
23 established in Title 7, chapter 5, part 1, but an initiative
24 action must be commenced within 90 days of the passage of
25 the resolution or amendment.

1 Section 7. Repeal or amendment of a reduction
2 resolution. (1) Except as provided in this section, the
3 resolution granting a reduction in taxable valuation may not
4 be repealed and it may not be amended in any manner that
5 would be adverse to either the local government or the new
6 business during the term of the reduction. The resolution
7 may be modified or repealed under one or more of the
8 following conditions:

9 (a) A modification is needed to correct a technical or
10 administrative error or to improve the efficiency or
11 effectiveness of the reduction if such an amendment does not
12 substantially affect the rate or duration of the reduction
13 or any condition of the resolution as authorized in
14 subsection (3) of [section 6].

15 (b) The repeal or modification is mandated by
16 initiative that was commenced within 90 days following the
17 passage of the resolution.

18 (c) The local government governing body has determined
19 that the affected new business has failed to comply with any
20 of the conditions of the reduction resolution as provided by
21 [section 6(3)].

22 (d) The local government governing body has determined
23 that the reduction should be transferred to another business
24 as provided in [section 8].

25 (e) The repeal or amendment is necessary because of

1 fraud, misconduct, or mistake materially affecting the
2 reduction, the grounds for which must be found by a district
3 court after appropriate petition and hearing.

4 Section 8. Failure of a new business -- transfer of
5 reduction. (1) If a new business having a reduction in
6 taxable valuation under the terms of this [act] fails and
7 its property is thereupon sold to another business or if it
8 is reorganized into a different business organization, the
9 local government governing body may amend the reduction
10 resolution to transfer the balance of the existing reduction
11 of the failed business to the successor business if the
12 local government governing body determines that:

13 (a) the successor business will be able to comply with
14 any conditions relating to the original grant of taxable
15 valuation reduction;

16 (b) the successor business will substantially conform
17 to the standards established in [section 4] as enumerated in
18 the original reduction after making appropriate allowances
19 for business decisions that may be necessitated due to the
20 failure of the original new business; and

21 (c) it is in the best interests of the community to
22 transfer the reduction.

23 (2) The governing body may, in contemplation of
24 transfer, add conditions to the reduction resolution by
25 amendment but may not modify or delete any existing

1 conditions in the resolution.

2 Section 9. Applicability -- conflicts. If there is a
3 conflict between the provisions of this [act] and the
4 provisions of any other law of the state, the provisions of
5 this [act] govern.

6 Section 10. Severability. If a part of this act is
7 invalid, all valid parts that are severable from the invalid
8 part remain in effect. If a part of this act is invalid in
9 one or more of its applications, the part remains in effect
10 in all valid applications that are severable from the
11 invalid applications.

-End-

STATE OF MONTANA

REQUEST NO. 416-81

FISCAL NOTE

Form BD-15

In compliance with a written request received February 23, 19 81, there is hereby submitted a Fiscal Note for Senate Bill 372 pursuant to Title 5, Chapter 4, Part 2 of the Montana Code Annotated (MCA).

Background information used in developing this Fiscal Note is available from the Office of Budget and Program Planning, to members of the Legislature upon request.

DESCRIPTION

This proposal would allow a local government unit to selectively decrease the taxable value of the property of certain qualifying businesses for a period of up to five years.

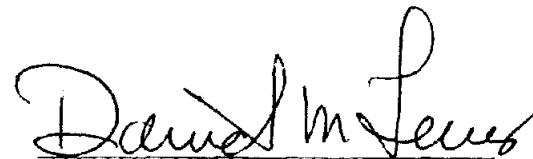

ESTIMATE OF IMPACT

Since the implementation of a decrease in taxable value is contingent upon a resolution adopted by a local government unit, it is impossible to give an estimation of the impact of the proposal. Section 5 (lines 1 through 3, page 4) establishes a floor under the reduction so impact will occur only to the extent that a qualifying business demands services whose cost is greater than the tax it pays, thereby shifting increased tax to other property.

TECHNICAL NOTE

The term "local government" is used throughout the proposal. When multiple jurisdictions are involved there should be a mechanism for determining which jurisdiction would take precedence. For example, could a city bind a county by reducing the taxable value of property which lies in the city, or visa versa?
