

SENATE BILL NO. 462

Introduced: 02/18/83

Referred to Committee on Taxation: 02/18/83
Died in Committee.

1 *Smith* BILL NO. *462*
2 INTRODUCED BY *Smith*
3

4 A BILL FOR AN ACT ENTITLED: "AN ACT TO DECREASE THE TAXABLE
5 VALUATION OF NET PROCEEDS OF OIL AND GAS WELLS; TO INCREASE
6 THE OIL AND GAS SEVERANCE TAX IN A COMPARABLE AMOUNT IN
7 ORDER TO PROVIDE FOR AN OIL AND GAS IMPACT ACCOUNT; TO
8 CREATE AN OIL AND GAS IMPACT BOARD TO CONTROL EXPENDITURES
9 FROM THE IMPACT ACCOUNT; AMENDING SECTIONS 15-6-131,
10 15-36-101, AND 15-36-112, MCA; AND PROVIDING AN IMMEDIATE
11 EFFECTIVE DATE AND AN APPLICABILITY DATE."
12

13 WHEREAS, it is appropriate that revenue be made
14 available to local governments to insure that impacted areas
15 are able to meet the increased demand for public services
16 resulting from increased oil and gas development. In
17 particular, local roads are heavily impacted by oil and gas
18 development and need revenues that are not otherwise
19 available.
20

21 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

22 NEW SECTION. Section 1. Oil and gas impact board --
23 allocation -- composition. (1) There is an oil and gas
24 impact board composed of seven members, appointed by the
25 governor as provided in 2-15-124, as follows:

1 (a) Two members shall be from impact areas.

2 (b) No more than four members may be from the same
3 congressional district.

4 (c) Consideration must be given to people from the
5 following fields:

6 (i) business and commerce;

7 (ii) education;

8 (iii) public administration; and

9 (iv) planning.

10 (2) The board is allocated to the department of
11 commerce for administrative purposes only as prescribed in
12 2-15-121.

13 NEW SECTION. Section 2. Purpose. The purpose of
14 [sections 2 through 11] is to assist governmental units that
15 have been required to expand the provision of public
16 services as a consequence of large-scale development of oil
17 and gas production facilities.

18 NEW SECTION. Section 3. Account established. There is
19 within the earmarked revenue fund an oil and gas impact
20 account. Money is payable into this account under
21 15-36-112(2)(b). The state treasurer shall draw warrants
22 from this account upon order of the oil and gas impact
23 board.

24 NEW SECTION. Section 4. Definition. As used in
25 [sections 2 through 11], "board" means the oil and gas

-2- INTRODUCED BILL

SB 462

1 impact board provided for in [section 1].

2 **NEW SECTION.** Section 5. Board chairman -- meetings --
3 compensation -- facilities. (1) The board shall elect a
4 chairman from among its members.

5 (2) The board shall meet quarterly and may meet at
6 other times as called by the chairman or a majority of the
7 members.

8 (3) Members are entitled to compensation as provided
9 for in 2-15-124(7).

10 (4) The department of commerce shall provide suitable
11 office facilities and the necessary staff for the board.

12 **NEW SECTION.** Section 6. General powers of the board.
13 The board may:

14 (1) retain professional consultants and advisers;

15 (2) adopt rules governing its proceedings;

16 (3) consider applications for grants from the oil and
17 gas impact account; and

18 (4) award grants in accordance with [sections 2
19 through 11].

20 **NEW SECTION.** Section 7. Basis for awarding grants.

21 (1) Grants from the oil and gas impact account shall be
22 awarded on the basis of:

23 (a) need;

24 (b) degree of severity of impact from oil and gas
25 development;

1 (c) availability of funds; and

2 (d) degree of local effort in meeting these needs.

3 (2) (a) In determining the degree of local effort, the
4 board shall review the millage rates levied for the present
5 fiscal year in relation to the average millage rates levied
6 during the 3 years immediately preceding oil and gas
7 development in that area or 1970, whichever is later, that
8 impacts the local government unit applying for assistance.

9 (b) Millage rates for the present fiscal year that are
10 lower than the average millage rate levied during the 3
11 years immediately preceding oil and gas development in that
12 area or 1970, whichever is later, shall be considered by the
13 board to indicate the lack of local effort. An application
14 made under such circumstances may be rejected; however,
15 special consideration must be given to those expenditures,
16 such as road improvement and maintenance, for which special
17 budget limitations apply.

18 (3) In determining the degree of local effort, the
19 board shall consider the possibility of requiring the local
20 government unit to increase its bonded indebtedness to
21 provide all or part of the governmental service or facility
22 that is needed as a direct consequence of oil and gas
23 development.

24 (4) To the extent funds are needed to evaluate and
25 plan for the impact needs caused by oil and gas development,

1 consideration of bond issues and millage levies may be
2 waived.

3 (5) To the extent the applicant has no history of mill
4 levies, subsection (2) does not apply.

5 **NEW SECTION.** Section 8. Priorities for impact grants.

6 (1) The department of commerce shall designate counties,
7 towns, school districts, and other governmental units that
8 have had or expect to have an increase in estimated
9 population of at least 10% during any 3 years since 1977 as
10 a result of oil and gas development. Subject to the
11 appropriation by the legislature, the board shall, in
12 awarding grants, to governmental units and state agencies
13 for meeting the needs caused by oil and gas development,
14 allocate at least 50% of all grants awarded each year to
15 these designated governmental units.

16 (2) Attention must be given by the board to the need
17 for community planning before the full impact is realized.
18 Applicants must be able to show how their request reasonably
19 fits into an overall plan for the orderly management of the
20 existing or contemplated growth problems.

21 **NEW SECTION.** Section 9. Applications for grants. The
22 governing body of a city, town, county, or school district
23 or any other local or state governmental unit or agency may
24 apply for a grant to enable it to provide governmental
25 services that are needed as a direct consequence of oil and

1 gas development. The board shall prescribe the form for
2 applications. Applicants shall describe the nature of their
3 proposed expenditures and the time involved.

4 **NEW SECTION.** Section 10. Limitations on grants. (1)

5 The board may commit itself to the expenditure of funds for
6 more than 1 year for a single project only if the grant does
7 not extend over more than 10 years and does not exceed
8 reasonable revenue expectations. No state agency may receive
9 grants that exceed 5% of the money allocated to the board.

10 (2) The total amount of grants awarded for any one
11 year may not exceed the product of subsection (2)(a) times
12 subsection (2)(b) times subsection (2)(c):

13 (a) the increase during the year in the number of
14 persons employed directly in oil and gas development, as
15 determined by the department of commerce;

16 (b) a reasonable multiplier representing the ratio
17 that the increase in number of oil and gas employees bears
18 to the total increase in population during the year; and

19 (c) the average per capita cost during the year,
20 including operating and capital costs, of all services
21 normally provided to Montana citizens by state or local
22 government.

23 (3) If persons employed in oil and gas development
24 elsewhere are living in an impacted community, the board
25 shall make a suitable adjustment to take this factor into

1 consideration.

2 ~~NEW SECTION.~~ Section 11. Deposit of unused money. Any
3 money in the oil and gas impact account not used by the end
4 of each biennium must be deposited in the state general
5 fund.

6 Section 12. Section 15-36-101, MCA, is amended to
7 read:

8 "15-36-101. Definitions and rate of tax. (1) Every
9 person engaging in or carrying on the business of producing
10 petroleum, other mineral or crude oil, or natural gas within
11 this state or engaging in or carrying on the business of
12 owning, controlling, managing, leasing, or operating within
13 this state any well or wells from which any merchantable or
14 marketable petroleum, other mineral or crude oil, or natural
15 gas is extracted or produced sufficient in quantity to
16 justify the marketing of the same must, except as provided
17 in 15-36-121, each year when engaged in or carrying on any
18 such business in this state pay to the department of revenue
19 for the exclusive use and benefit of the state of Montana a
20 severance tax computed at the following rates:

21 (a) ~~5% of the total gross value of all the petroleum~~
22 ~~and other mineral or crude oil produced by such person from~~
23 ~~each lease or unit on or after April 1, 1981, and on or~~
24 ~~before March 31, 1983, and 6% 8% of the total gross value of~~
25 all the petroleum and other mineral or crude oil produced by

1 such person from each lease or unit thereafter; but in
2 determining the amount of such tax there shall be excluded
3 from consideration all petroleum or other crude or mineral
4 oil produced and used by such person during such year in
5 connection with his operations in prospecting for,
6 developing, and producing such petroleum or crude or mineral
7 oil;

8 (b) ~~2-65% 8%~~ of the total gross value of natural gas
9 produced from each lease or unit; but in determining the
10 amount of such tax there shall be excluded from
11 consideration all gas produced and used by such person
12 during such year in connection with his operations in
13 prospecting for, developing, and producing such gas or
14 petroleum or crude or mineral oil; and there shall also be
15 excluded from consideration all gas recycled or reinjected
16 into the ground.

17 (2) Nothing in this part may be construed as requiring
18 laborers or employees hired or employed by any person to
19 drill any oil well or to work in or about any oil well or
20 prospect or explore for or do any work for the purpose of
21 developing any petroleum or other mineral or crude oil to
22 pay such severance tax, nor may any work done or the
23 drilling of any well or wells for the purpose of prospecting
24 or exploring for petroleum or other mineral or crude oils or
25 for the purpose of developing same be considered to be the

1 engaging in or carrying on of any such business. If, in the
2 doing of any such work, in the drilling of any oil well, or
3 in such prospecting, exploring, or development work, any
4 merchantable or marketable petroleum or other mineral or
5 crude oil in excess of the quantity required by such person
6 for carrying on such operation is produced sufficient in
7 quantity to justify the marketing of the same, such work,
8 drilling, prospecting, exploring, or development work is
9 considered to be the engaging in and carrying on of such
10 business within this state within the meaning of this
11 section.

12 (3) Every person required to pay such tax hereunder
13 shall pay the same in full for his own account and for the
14 account of each of the other owner or owners of the gross
15 proceeds in value or in kind of all the marketable petroleum
16 or other mineral or crude oil or natural gas extracted and
17 produced, including owner or owners of working interest,
18 royalty interest, overriding royalty interest, carried
19 working interest, net proceeds interest, production
20 payments, and all other interest or interests owned or
21 carved out of the total gross proceeds in value or in kind
22 of such extracted marketable petroleum or other mineral or
23 crude oil or natural gas, except that any of the aforesaid
24 interests that are owned by the federal, state, county, or
25 municipal governments shall be exempt from taxation under

1 this chapter. Unless otherwise provided in a contract or
2 lease, the pro rata share of any royalty owner or owners
3 will be deducted from any settlements under said lease or
4 leases or division of proceeds orders or other contracts."

5 Section 13. Section 15-36-112, MCA, is amended to
6 read:

7 "15-36-112. Disposition of oil and gas severance
8 taxes. (1) Each year the department of revenue shall
9 determine the amount of tax collected under this chapter
10 from within each county.

11 (2) The severance taxes collected under this chapter
12 are allocated as follows:

13 (a) the amount, if any, by which the tax collected
14 from within a county for any fiscal year exceeds the total
15 amount collected from within that county for the previous
16 fiscal year, by reason of increased production and not
17 because of increase in or elimination of federal price
18 ceilings on oil and gas, is allocated to the general fund of
19 the county for distribution as provided in subsection (3);

20 ~~(b) 25% of the tax collected under 15-36-101(1) to the~~
21 ~~oil and gas impact account established in [section 3];~~

22 ~~(b)(c) any amount not allocated to the county under~~
23 ~~(a) and (b) of subsection (2) (a) is allocated to the state~~
24 ~~general fund.~~

25 (3) (a) The county treasurer shall distribute the

1 money received under this section to the county and to all
 2 the incorporated cities and towns within the county in the
 3 following manner. The county receives the available money
 4 multiplied by the ratio of the rural population to the
 5 county population. Each incorporated municipality receives
 6 the available money multiplied by the ratio of the
 7 population of the incorporated municipality to the county
 8 population. The rural population is that population of the
 9 county living outside the boundaries of an incorporated
 10 municipality. Population shall be based on the most recent
 11 figures as determined by the department of administration.

12 (b) The money distributed under this subsection may be
 13 used for any purpose as determined by the governing body of
 14 the county, city, or town."

15 Section 14. Section 15-6-131, MCA, is amended to read:

16 "15-6-131. Class one property -- description --
 17 taxable percentage. (1) Class one property includes:

18 (a) the right of entry that is a property right
 19 reserved in land or received by mesne conveyance (exclusive
 20 of leasehold interests); devise, or succession to enter land
 21 whose surface title is held by another to explore, prospect,
 22 or dig for oil, gas, coal, or minerals; and

23 ~~(b) the annual net proceeds of all oil and gas wells;~~
 24 and

25 ~~(b)(c) the annual net proceeds of all mines and mining~~

1 claims except coal and metal mines.

2 (2) Class one property is taxed as follows:

3 (a) Property described in subsection (1)(a) is taxed
 4 at 100% of its market value, as determined by the department
 5 of revenue.

6 ~~(b) Property described in subsection (1)(b) is taxed~~
 7 ~~at 66 2/3% of its annual net proceeds after deducting the~~
 8 ~~expenses specified and allowed by 15-23-603.~~

9 ~~(b)(c) Property described in subsection (1)(b)(c) is~~
 10 ~~taxed at 100% of its annual net proceeds after deducting the~~
 11 ~~expenses specified and allowed by 15-23-503."~~

12 NEW SECTION. Section 15. Effective date --
 13 applicability date. This act is effective on passage and
 14 approval and applies to any tax quarter beginning after
 15 January 1, 1983.

-End-

STATE OF MONTANA

REQUEST NO. 472-83

FISCAL NOTE

Form BD-15

In compliance with a written request received February 18, 19 83, there is hereby submitted a Fiscal Note for Senate Bill 462 pursuant to Chapter 53, Laws of Montana, 1965 - Thirty-Ninth Legislative Assembly.

Background information used in developing this Fiscal Note is available from the Office of Budget and Program Planning, to members of the Legislature upon request.

DESCRIPTION OF PROPOSED LEGISLATION:

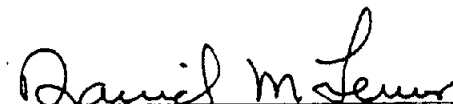

Senate Bill 462 decreases the taxable valuation of net proceeds of oil and gas wells; increases the oil and gas severance tax in a comparable amount in order to provide for an oil and gas impact account; creates an oil and gas impact board to control expenditures from the impact account; and provides an immediate effective date and an applicability date.

ASSUMPTIONS:

- 1) The oil and natural gas severance tax forecasts prepared by the Office of Budget and Program Planning provide the basis for comparison.
- 2) The effective date of the proposal would affect severance tax receipts of the last quarter of FY 83. The reduced tax rate on net proceeds is assumed to apply to CY 1982 production, taxable in FY 84.
- 3) The taxable value of the state will be \$2,246,035,000 and \$2,299,731,000 in FY 84 and FY 85, respectively. The taxable value of oil and gas net proceeds will be \$615.036M and \$586.756 M in FY 84 and FY 85 respectively.
- 4) An average total mill levy of 123.5 mills is assumed to apply to net proceeds in future tax years.
- 5) 25% of the total oil and natural gas severance tax collections are deposited in the oil and gas impact account.
- 6) The Oil and Gas Board would spend 100% of its funds, and not revert monies to the state general fund, under the provision of section II.
- 7) Administrative costs for the Oil and Gas Board would be similar to current Coal Board costs and reasonable "start-up" costs and would be paid from the impact account. Thus, the new board would operate with 2½ FTE's.

SB462

Expenditures:

	<u>FY 83</u>	<u>FY 84</u>	<u>FY 85</u>
Personal Services	17,844	71,376	71,218
Operating Expenses	38,155	152,620	146,139
Capital Outlay (Equip.)	3,096	96	96
Local Asst. Grants	<u>4,920,769</u>	<u>20,550,569</u>	<u>21,903,422</u>
Total Expenditures	<u>4,979,864</u>	<u>20,774,661</u>	<u>22,120,875</u>

EFFECT ON COUNTY OR OTHER LOCAL REVENUE OR EXPENDITURES:

The bill will result in a decline of property tax collections of \$15.89M in FY 84 and \$15.16M in FY 85, assuming constant mill levies. These estimates are net of the impact on the university and school equalization levies.

TECHNICAL OR MECHANICAL DEFECTS OR CONFLICTS WITH EXISTING LEGISLATION:

The effective date of the proposal is unclear. Different effective dates for the severance tax increases and net proceeds decreases will be necessary to change the revenue flows simultaneously.
