16 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA: 17 Section 1. Definitions. As used in (sections 1 and 2): 18 (1) "Collateral source" means a payment for something 19 that is later included in a tort award and which is made to 20 or for the benefit of a plaintiff or is otherwise available 21 to the plaintiff:

(a) for medical expenses and disability payments under
the federal Social Security Act, any federal, state, or
local income disability act, or any other public program;

 similar insurance benefits available to the plaintiff,
 except life insurance;

5 (c) under any contract or agreement of any person,
6 group, organization, partnership, or corporation to provide,
7 pay for, or reimburse the costs of hospital, medical,
8 dental, or other health care services, except gifts or
9 gratuitous contributions or assistance;

10 (d) any contractual or voluntary wage continuation
11 plan provided by an employer, or other system intended to
12 provide wages during a period of disability; and

(e) any other source, except the assets of the
plaintiff or of his immediate family if he is obligated to
repay a member of his immediate family.

16 (2) "Person" includes individuals, corporations,

18 companies, government entities, political subdivisions, and
19 any other entity or aggregate of individuals.

(3) (a) "Plaintiff" means a person who alleges that he
sustained bodily injury, or on whose behalf recovery for
bodily injury or death is sought, or who would have a
beneficial, legal, or equitable interest in a recovery.

24 (b) The term includes:

25 (i) a legal representative;

INTRODUCED BILL HB 567

(ii) a person with a wrongful death or surviving cause
 of action;

3 (iii) a person seeking recovery on a claim for loss of
4 consortium, society, assistance, companionship, or services;
5 and

6 (iv) any other person whose right of recovery or whose
7 claim or status is derivative of one who has sustained
8 bodily injury or death.

Section 2. Collateral source reductions in actions 9 10 arising from bodily injury or death -- subrogation rights. 11 (1) In an action arising from bodily injury or death, evidence is admissible to show that plaintiff has been or 12 may be reimbursed from a collateral source for an element of 13 14 damages and, except as otherwise provided in this section, 15 the trier of fact must reduce the award by the amount found 16 paid or payable. The damages must be found and reduced by special verdict, or by special findings if trial is not by 17 18 jury. If the trier of fact finds by a preponderance of the evidence that plaintiff is likely to receive future 19 20 collateral source benefits, the special verdict or findings must reduce any future damages, as well as damages already 21 incurred, by the amount of the future collateral source 22 benefits. 23

24 (2) Amounts paid or payable to a plaintiff from a25 collateral source that has a subrogation right under state

or federal law are admissible in evidence but may not be
 used to reduce an award.

3 (3) Except for subrogation rights specifically granted
4 by state or federal law, there is no right to subrogation
5 for any amount paid or payable to a plaintiff from a
6 collateral source if an award is reduced by that amount
7 under subsection (1).

8 (4) Before an insurance policy payment is used to
9 reduce an award under subsection (1), the amount plaintiff
10 paid or is obligated to pay to keep the policy in force for
11 the policy period during which the insurance policy payment
12 was made must be deducted from the amount of the insurance
13 policy payment.

Section 3. Applicability. This act applies only to
causes of action arising after the effective date of this
act.

STATE OF MONTANA - FISCAL NOTE Form BD-15

In compliance with a written request, there is hereby submitted a Fiscal Note for HB567, as introduced.

DESCRIPTION OF PROPOSED LEGISLATION:

An act providing that in an action arising from Bodily Injury or Death, Plaintiff's Reimbursement from a Collateral Source is admissable in evidence and that unless the source of the reimbursement has a subrogation right under state or federal law, an award to plaintiff must be reduced by the amount of the reimbursement; providing that unless a subrogation right is specifically granted by state or federal law, there is no subrogation right regarding an amount paid or payable if an award is reduced by that amount; and providing an applicability date.

FISCAL IMPACT:

Currently impossible to accurately predict the overall fiscal impact. The bill would reduce the amount of damages a plaintiff can claim in a lawsuit and therefore would reduce the state's liability by a like amount (usually in the areas of medical bills paid for by insurance and lost wages paid by unemployment benefits).

Collateral source reductions in actions arising from bodily injury or death - subrogation rights. (1) In an action arising from bodily injury or death when the total award against all defendants is in excess of \$100,000 and the plaintiff will be fully compensated for his damages, a plaintiff's recovery must be reduced by any amount paid or payable from a collateral source that does not have a subrogation right.

(2) Before an insurance policy payment is used to reduce an award under subsection (1), the amount the plaintiff paid and is obligated to pay to keep the policy in force must be deducted from the amount of the insurance policy payment.

(3) The jury shall determine its award without consideration of any collateral sources. After the jury determines its award, reduction of the award must be made by the trial judge at a hearing and upon a separate submission of evidence relevant to the existence and amount of collateral sources. Evidence is admissible at the hearing to show that the plaintiff has been or may be reimbursed from a collateral source that does not have a subrogation right. If the trial judge finds that, at the time of hearing, it is not reasonably determinable whether or in what amount a benefit from such a collateral source will be payable, he shall:

(a) order any person against whom an award was rendered and who claims a deduction under this section to make a deposit into court of the disputed amount, at interest; and

(b) reduce the award by the amount deposited. The amount deposited and any interest thereon are subject to the further order of the court, pursuant to the requirements of this section.

(4) Except for subrogation rights specifically granted by state or federal law, there is no right to subrogation for any amount paid or payable to a plaintiff from a collateral source if an award is reduced by that amount under subsection (1)." Renumber: subsequent section
