1 House JOINT RESOLUTION NO. 30
 2 INTRODUCED BY Long
 3 BY REQUEST OF THE UNIVERSITY OF MONTANA

4
 5 A JOINT RESOLUTION OF THE SENATE AND THE HOUSE OF
 6 REPRESENTATIVES OF THE STATE OF MONTANA CONSENTING TO THE
 7 CONSTRUCTION OF A WATER SYSTEM AT THE UNIVERSITY OF MONTANA.

8
 9 WHEREAS, section 18-2-102, MCA, requires legislative
 10 consent for construction projects in excess of \$25,000; and

11 WHEREAS, section 18-2-102, MCA, authorizes use of a
 12 joint resolution to express legislative consent when no
 13 appropriation is required; and

14 WHEREAS, the University of Montana wishes to carry out
 15 a construction project that will provide a supply of potable
 16 water independent of the present source in order to obtain
 17 lower water costs, for which legislative appropriations are
 18 not required.

19
 20 NOW, THEREFORE, BE IT RESOLVED BY THE SENATE AND THE HOUSE
 21 OF REPRESENTATIVES OF THE STATE OF MONTANA:

22 That members of the Senate and the House of
 23 Representatives of the State of Montana consent to a
 24 construction project at the University of Montana to provide
 25 for a supply of potable water independent of the present

1 source in order to obtain lower water costs.

-2- **INTRODUCED BILL**
 HJR 30

STATE OF MONTANA - FISCAL NOTE

Form BD-15

In compliance with a written request, there is hereby submitted a Fiscal Note for HJR030, as introduced.

DESCRIPTION OF PROPOSED LEGISLATION:

A joint resolution of the Senate and House of Representatives of the State of Montana consenting to the construction of a water system at the University of Montana.

ASSUMPTIONS:

The joint resolution is an act of consent and doesn't appropriate any money to the University of Montana. However, by passage, the University of Montana will be able to spend money for the construction of a water system.

FISCAL IMPACT:

This joint resolution does not of itself carry any fiscal impact, but its authorization allows the University of Montana to spend \$335,000 for the construction of a water system with non-general fund money. Pay-back is anticipated from cost savings within five years.

EFFECT ON COUNTY OR OTHER LOCAL REVENUE OR EXPENDITURES:

The water system will make the University of Montana independent as to city water use and cost. The cost savings to the University of Montana is anticipated to be \$76,000 annually.

LONG-RANGE EFFECTS OF PROPOSED LEGISLATION:

See local impact.
