10 BE IT ENACTED BY THE LEGISLATURE OF THE STATE OF MONTANA:

11 Section 1. Section 20-9-311, MCA, is amended to read:
 12 "20-9-311. Calculation of average number belonging
 13 (ANB). (1) Average number belonging shall be computed by
 14 determining the total of the aggregate days of attendance by
 15 regularly enrolled, full-time pupils during the current
 16 school fiscal year plus the aggregate days of absence by
 17 regularly enrolled, full-time pupils during the current
 18 school fiscal year and by dividing such total by ~~the~~ the
 19 number of pupil-instruction days in the current school
 20 fiscal year. However, when a school district has approval to
 21 operate less than 180 school days under 20-9-804, such total
 22 shall be calculated in accordance with the provisions of
 23 20-9-805. Attendance for a part of a morning session or a
 24 part of an afternoon session by a pupil shall be counted as
 25 attendance for one-half day. In calculating the ANB for

1 pupils enrolled in a program established under 20-7-117
 2 prior to January 1, 1974, or pursuant to 20-7-117(1),
 3 attendance at or absence from a regular session of the
 4 program for at least 2 hours of either a morning or an
 5 afternoon session will be counted as one-half of a day
 6 attended or absent as the case may be. If a variance has
 7 been granted as provided in 20-1-302, ANB will be computed
 8 in a manner prescribed by the superintendent of public
 9 instruction, but in no case shall the ANB exceed one-half
 10 for each kindergarten pupil. When any pupil has been absent,
 11 with or without excuse, for more than 10 consecutive school
 12 days, including pupil-instruction-related days, his absence
 13 after the 10th day of absence shall not be included in the
 14 aggregate days of absence and his enrollment in the school
 15 shall not be considered in the calculation of the average
 16 number belonging until he resumes attendance at school.

17 (2) If a student spends less than half his time in the
 18 regular program and the balance of his time in school in the
 19 special education program, he shall be considered a
 20 full-time special pupil but shall not be considered
 21 regularly enrolled for ANB purposes. If a student spends
 22 half or more of his time in school in the regular program
 23 and the balance of his time in the special education
 24 program, he shall be considered regularly enrolled for ANB
 25 purposes.

1 (3) The average number belonging of the regularly
2 enrolled, full-time pupils for the public schools of a
3 district shall be calculated individually for each school,
4 except that when:

5 (a) more than one school of a district, other than a
6 junior high school in an elementary district which has been
7 approved and accredited as a junior high school, is located
8 within the incorporated limits of a city or town, the
9 average number belonging of such schools shall be based on
10 the aggregate of all the regularly enrolled, full-time
11 pupils attending such schools located within the
12 incorporated limits of a city or town;

13 (b) a junior high school which has been approved and
14 accredited as a junior high school is located within the
15 incorporated limits of a city or town in which a high school
16 is located, all of the regularly enrolled, full-time pupils
17 of the junior high school shall be considered as high school
18 district pupils for the purposes of calculating the average
19 number belonging of the high schools located within the
20 incorporated limits of such city or town;

21 (c) a middle school has been approved and accredited,
22 in which case pupils below the 7th grade shall be considered
23 elementary school pupils for ANB purposes and the 7th and
24 8th grade pupils shall be considered high school pupils for
25 ANB purposes; or

1 (d) a school has not been accredited by the board of
2 public education, the regularly enrolled, full-time pupils
3 attending the nonaccredited school shall not be eligible for
4 average number belonging calculation purposes, nor will an
5 average number belonging for the nonaccredited school be
6 used in determining the foundation program for such
7 district.

8 (4) When 11th or 12th grade students are regularly
9 enrolled on a part-time basis, high schools may calculate
10 the ANB to include an "equivalent ANB" for those students.
11 The method for calculating an equivalent ANB shall be
12 determined in a manner prescribed by the superintendent of
13 public instruction."

14 NEW SECTION. Section 2. Effective date. This act is
15 effective on passage and approval.
