STATE OF MONTANA - FISCAL NOTE

Fiscal Note for HB0274, as introducedDESCRIPTION OF PROPOSED LEGISLATION:

An act granting the Department of State Lands (DSL) broader discretion to expedite sales of state timber in emergency situations and limited access opportunity situations; exempting certain limited access opportunity timber sales from the bid process requirements; and exempting emergency and limited access opportunity timber from certain environmental impact statement provisions of the Montana Environmental Policy Act.

ASSUMPTIONS:

1. The State Land Board is required to administer the school trust lands to secure the largest measure of legitimate and reasonable advantage to the trust (77-1-202, MCA).
2. Under the direction of the State Land Board, DSL is authorized to sell timber and other forest products from trust lands (77-5-201, MCA).
3. DSL will sell an additional 1.3 million board feet (MMBF) of timber annually as a result of this act.
4. DSL will sell the additional volume at an average rate of \$290 per thousand board feet (MBF).
5. Fifty percent of the timber volume sold in FY96 will be logged in FY96, and the other 50% will be logged in FY97. Similarly, 50% of the timber volume sold in FY97 will be logged in FY97, and the other 50% will be harvested in FY98.
6. Stumpage prices will not increase.
7. Revenue estimates are based on additional timber volume contracted for sale as a result of the act.
8. "Emergency" as used in this bill means "Conditions under which a substantial loss of value would occur if following procedures outlined in 75-1-201(1), MCA, and 77-5-201(2), MCA, are followed."
9. The provisions of 2-3-101-114, MCA, and 26.2.701-707, ARM, concerning public participation in agency decisions apply to actions taken by DSL.
10. Timber sale activities would continue to be affected by constraints associated with the Threatened and Endangered Species Act, Streamside Management Zone requirements, water quality requirements, and other constraints as required by law or stipulated in DSL operating standards.
11. The additional volume will be harvested from common school tracts.

FISCAL IMPACT:

	<u>FY96</u>	<u>FY97</u>
	<u>Difference</u>	<u>Difference</u>
Revenue:		
School Equalization	179,075	358,150
Permanent Trust	9,425	18,850
Total	188,500	377,000

EFFECT ON COUNTY OR OTHER LOCAL REVENUES OR EXPENDITURES:

The proposal would result in a small increase in spending in local communities but would not contribute substantially toward sustaining the timber-dependent tax base.

LONG-RANGE EFFECTS OF PROPOSED LEGISLATION:

This act would result in a continued increase in annual revenue of approximately \$377,000.
