20	WHEREAS, the Legislature finds that delays in licensing board responses to complaints of	
21	misconduct by licensees and unlicensed practice that result in frustration on behalf of the public, licensees,	
22	and boards is caused by a lack of personnel to assist with compliance issues; and	
23	WHEREAS, licensing boards collect and accumulate sufficient funds from the fees charged to	
24	licensees to meet the cost of compliance and enforcement personnel, but these same boards often lack the	
25	authority to expend the funds that they collect; and	
26	WHEREAS, the delayed processing and the accumulating complaint backlog have a deleterious	
27	effect on the productivity and reputation of the licensees; and	
28	WHEREAS, a uniformly flexible approach to license renewal scheduling would also reduce frustration	
29	on the part of licensees and the public that they serve; and	
30	WHEREAS, inflexible examination dates for license applicants in the plumbing and electrical fields	

have caused undue hardship with no discernable public benefit; and

WHEREAS, the Committee on Business and Labor desires to alleviate these and other related problems by appropriating funds for certain professional and occupational boards that need additional compliance specialists, by allowing boards or the Department of Commerce to establish license renewal dates by rule, and by allowing electrical and plumbing apprentices to take the examination required for licensure before the apprenticeships expire.

25	authority to expend the funds that they collect; and
