MONTANA ADMINISTRATIVE REGISTER

ISSUE NO. 20 OF MONTANA

The Montana Administrative Register (MAR), a twice-monthly publication, has three sections. The notice section contains state agencies' proposed new, amended or repealed rules, the rationale for the change, date and address of public hearing and where written comments may be submitted. The rule section indicates that the proposed rule action is adopted and lists any changes made since the proposed stage. The interpretation section contains the attorney general's opinions and state declaratory rulings. Special notices and tables are inserted at the back of each register.

pertaining to Water Safety) A NO-WAKE RESTRICTION ON
Regulations) TONGUE RIVER RESERVOIR

NO PUBLIC HEARING CONTEMPLATED

TO: All interested persons

1. On November 24, 1990 the Montana Fish and Game Commission proposes to amend 12.6.901 to establish a no-wake restriction on the Tongue River Reservoir.

2. The proposed rule will read as follows:

12.6.901 WATER SAFETY REGULATIONS (1)(a) through (1)(b)(ii) remain the same.

(c) The following waters are limited to a controlled no wake speed. No wake speed is defined as a speed whereby there is no "white" water in the track or path of the vessel or in created waves immediate to the vessel:

Big Horn County: (A) Tongue River Reservoir as buoyed in the marina area at Campers Point;

Broadwater County through (2) remain the same.

IMP: 87-1-303, 23-1-106(1), MCA

3. This rule is being amended to establish a no-wake regulation on Tongue River Reservoir to provide for public safety.

4. Interested parties may submit their data, views or arguments concerning the proposed rules in writing to Erv Kent, Administrator, Enforcement Division, Department of Fish, Wildlife and Parks, 1420 East Sixth, Helena, Montana, 59620, no later than November 22, 1990.

5. If a person who is directly affected by the proposed adoption wishes to express his data, views and arguments orally or in writing at a public hearing, he must make written request for a hearing and submit this request along with any written comments he has to Erv Kent, Administrator, Enforcement Division, Department of Fish, Wildlife and Parks, 1420 East Sixth, Helena, Montana, 59620, no later than November 22, 1990.

6. If the agency receives requests for a public hearing on the proposed adoption from either 10% or 25, whichever is less, of the persons who are directly affected by the proposed adoption; from the Administrative Code Committee of the legislature; from a governmental subdivision or agency; or from an association having not less than 25 members who will be

)	NO PUBLIC HEARING
)	CONTEMPLATED

TO: All Interested Persons:

1. On November 26, 1990, the Department of Labor and Industry proposes to amend and adopt rules governing the administration of unemployment insurance for the State of Montana.

2. The rules as proposed to be amended and adopted are:

24.11.441 BENEFIT CLAIMS (1) (a) through (c) remain the same.

(d) any other information the department may require for the proper administration of the claim, including, but not limited to, a statement from a licensed and practicing physician, chiropractor or osteopath verifying whether or not the claimant is medically able to work.

(2) Remains the same.

(3) A claim is effective on the first day of the calendar week for in which the claim was is filed and lasts either 52 or 53 weeks as provided in 39-51-201(4), MCA. When the claim is not filed within 7 days of the first day of unemployment,--t The claimant may request that the claim be backdated. If the department finds good cause for the claimant's delay in filing the claim, the claim will be backdated.

(4) & (5) remain the same. (Auth: Sec. 39-51-301, 39-51-302, MCA; IMP, Sec. 39-51-2101-2410, MCA)

24.11.442 INITIAL MONETARY DETERMINATION---WAGES---
REVISIONS (1) through (4) remain the same.

(5) The following payments are wages assignable in the following manner:

(a) Vacation pay. Vacation--pay--for vacation taken is wages and is used to determine the number of weeks of work--if a lump--sum--for--accrued vacation leave is paid to a claimant; the sum is prorated over Payments made for vacation taken by the claimant are attributable to the period covered by the

payment. Payments of accumulated vacation pay made upon termination of employment are attributable to the period in which the vacation pay was earned.

(b) Bonus. Bonus payments are attributable to the week in which the bonus payment is paid.

(c) Severance Pay. Wages in lieu of notice, for termination, dismissal pay, severance and separation, or other similar payments are attributable to the week in which the claimant's separation from employment occurs.

(d) Back Pay. Payments made for back pay are attributable to the period of time under dispute and are assigned to the period specified by the back pay award.

(e) Holiday pay. Payments made for a holiday are attributable to the week in which the holiday occurs.

(f) Sick Pay. Payments of accumulated sick pay made upon termination of employment are attributable to the period from the beginning date of the base period to the effective date of the claim. Weeks of sick leave taken by the claimant are attributable to the period of employment when the sick leave is taken.

(6) through (8) remain the same. (Auth: Sec. 39-51-301, 39-51-302, MCA; IMP, Sec. 39-51-2105, 39-51-2201, 39-51-2202, 39-51-2203, 39-51-2204, MCA;)

24.11.450 NON-MONETARY DETERMINATIONS AND REDETERMINATIONS---NOTICE (1) through (4) remain the same.

(5) When a non-monetary redetermination request is made, and the department determines that no new material evidence has been submitted with the request, the department transfers the request to an appeal referee and notifies the requesting party of its action. new-evidence--will-be-considered-by-the department The department will consider new evidence only if all interested parties are given the opportunity to comment on the new evidence, and submit rebuttal evidence, if any.

(6) Remains the same. (Auth: Sec. 39-51-301, 39-51-302, MCA; IMP, Sec. 39-51-2301-2304, MCA)

24.11.451 SIX WEEK RULE (1) Except as provided in subsection (3), the department reviews each separation that occurred during the six weeks immediately preceding the effective date of the claim to establish whether the claimant is eligible for benefits. If the claimant was not employed during this six-week period, the department reviews the claimant's most recent separation from employment.

(2) If--the--claimant--was--disqualified--for--gross misconduct;--as--defined--in--39-51-201;--MCA;--the--52-week disqualification--in--section--39-51-2303;--MCA;--controls--the--eligibility-determination. Except as provided in subsection (3), if the claimant was separated from employment several times, the most recent disqualification is applied. If this disqualification is removed because of a redetermination or appeal, the next most recent disqualification applies.

(3) If the claimant was separated from employment several times, the most recent disqualification is applied. If this disqualification is removed because of a redetermination or appeal, the next most recent disqualification applies. If the department finds that the claimant committed an act of gross misconduct, as defined in 39-51-201, MCA, at any time from the beginning of the claimant's base period to the effective date of the claim, the 52-week disqualification in section 39-51-2303, MCA, controls the eligibility determination and is applied from the date of the claimant's discharge for the act of gross misconduct. (Auth: Sec. 39-51-301, 39-51-302, 39-51-2407, MCA; IMP, Sec. 39-51-2301-2304, MCA)

24.11.452 ABLE, AVAILABLE, AND ACTIVELY SEEKING WORK A claimant is not able, available or actively seeking work within the meaning of 39-51-2104, MCA, if the claimant:

(1) through (5) remain the same.

(6) is not willing to accept work for any shift or day normally required in the occupation suitable for the claimant; the claimant's customary occupation or an occupation determined by the department to be suitable for the claimant under 39-51-2304, MCA; or

(7) Remains the same. (Auth: Sec. 39-51-301, 39-51-302, MCA; IMP, Sec. 39-51-2101, 39-51-2104, 39-51-2304, MCA)

24.11.453 VOLUNTARY AND INVOLUNTARY SEPARATIONS FROM EMPLOYMENT (1) To determine whether a claimant quit or was discharged, three factors must be considered the department considers three factors:

(a) through (c) remain the same.

(2) If the separation is voluntary, the claimant is disqualified unless the claimant left work for good cause attributable to employment as provided in 39-51-2302, MCA, and applicable rules. If the separation is involuntary in that the claimant was discharged, the claimant is disqualified if he was discharged the discharge was for misconduct as provided in 39-51-2303, MCA, and applicable rules. Any separation or reduction of hours or wages due to a lack of work is an involuntary separation and the claimant is eligible if otherwise qualified.

(3) (a) Remains the same.

(b) leaving employment was based upon a certain condition within the employer's control and the condition has been met; such as, the claimant agreed to stay at work until a replacement was hired and this has been done;

(c) (b) the claimant leaves employment in anticipation of a discharge not based on misconduct as defined in ARM 24-11-460-24-11-462; or

(d) (c) the claimant has constructively quit as defined in this rule.

(4) Constructive Quit: (a) The following are examples of

a constructive quit. A claimant has constructively quit if the claimant accepts employment on specified conditions and the claimant fails to meet those conditions through the claimant's own fault. Such conditions may include, but are not limited to, failure to report for work due to incarceration, failing to meet license or permit requirements for employment or failing to maintain insurability.

(b) A constructive quit does not occur when a claimant accepts employment of a specified duration or employment with a specified ending date and works until that date or is advised by the employer that no further employment is available. (Auth: Sec. 39-51-301, 39-51-302, MCA; IMP, Sec. 39-51-2101, 39-51-2104, 39-51-2302, and 39-51-2303, MCA;)

24.11.457 LEAVING WORK WITH GOOD CAUSE ATTRIBUTABLE TO THE EMPLOYMENT (1) (a) through (c) remain the same.

(d) the claimant left work which the department determines be unsuitable under 39-51-2304, MCA.

(2) (a) Remains the same.

(b) unreasonable actions by the employer concerning hours, wages, terms of employment or working conditions, including, but not limited to, unilaterally imposed reductions of 20% or more in the claimant's customary wages or hours;

(c) the---claimant's---health---would---be---jeopardized---by remaining employed, as supported by a---medical---statement an illness or injury caused by the work environment or working conditions which would jeopardize the claimant's health if the claimant were to remain employed, if such illness or injury, its cause, and the effect of the claimant remaining employed are verified by a statement from a licensed and practicing physician, chiropractor or osteopath; or

(d) Remains the same.

(3) Remains the same. (Auth: Sec. 39-51-301, 39-51-302, MCA; IMP, Sec. 39-51-2302, 39-51-2307, MCA)

RULE I BENEFITS BASED ON SERVICES IN EDUCATIONAL INSTITUTIONS (1) The intent of 39-51-2108, MCA, is to deny unemployment benefits during periods when the claimant's unemployment is due to school not being in session.

(2) This provision applies if all the following factors are present:

(a) the claimant is an employee of an educational institution;

(b) the claimant's benefits are based on employment for an educational institution or governmental agency established and operated exclusively for the purpose of providing services to an educational institution. The service performed may be in any capacity including professional employees such as teachers and principals and non-professional employees such as teachers aides and janitors;

(c) school is not in session or the claimant is on a

paid sabbatical leave; and

(d) The claimant has reasonable assurance of returning to work at an educational institution during the next regular term or year or following a holiday recess or vacation period. The educational institution is not limited to the same school where the claimant was employed during the base period and includes all elementary and secondary schools and institutions of higher education, including private and governmental schools.

(3) The phrase "reasonable assurance" as used in 39-51-2108, MCA, means a written, oral, or implied contract that a claimant will perform services in the same or similar capacity during the next academic year or following a holiday or vacation break. A claimant does not have reasonable assurance and may be eligible for benefits if:

(a) the commitment for rehire for the next academic year depends upon whether or not funding becomes available;

(b) the claimant will perform services during the next academic year as a substitute worker or the claimant's benefits are based on services as a substitute worker;

(c) the conditions and terms of the work to be performed during the next academic year are substantially less favorable than the work performed during the previous academic year;

(d) a "crossover" situation arises. This occurs when a claimant working in one capacity, such as a teacher, receives assurance of continued employment in the second academic term in another capacity, such as a teacher's aide. The claimant would not be denied benefits between academic terms but would be denied benefits during holiday or vacation breaks within terms.

(e) the claimant customarily works during a holiday or vacation break and is unemployed because funding is not available.

(f) the claimant has been advised that employment will not be offered when the next school term begins.

(5) To be an educational institution it is not necessary for the school to be non-profit or controlled by a school district, however, the instruction provided must be sponsored by an "institution" which meets all of the following conditions:

(a) participants are offered an organized course of study or training designed to give them knowledge, skills, information, doctrines, attitudes or abilities from, by, or under the guidance of an instructor(s) or teacher(s);

(b) the course of study or training offered is academic, technical, trade, or preparation for gainful employment in an occupation;

(c) the institution must be approved, licensed or issued a permit to operate as a school by the office of public instruction or other government agency authorized to issue such license or permit.

(6) All employees of an educational institution, even though not directly involved in educational activities, are subject to these provisions.

(7) Employees of a state or local government entity are subject to these provisions, if the entity is established and operated exclusively for the purpose of providing services to or on behalf of an educational institution. For example, if the claimant is a school bus driver employed by the city, the claimant is not subject.

(8) A claimant may be denied benefits for weeks which begin during a period when school is not in session that are:

(a) between two successive academic years or terms, or

(b) during a break in school activity between two regular terms even if the terms are not successive, including school vacations and holidays as well as the break between academic terms; or

(c) during a paid sabbatical leave if the claimant has reasonable assurance of working in any capacity in the school term following the sabbatical leave.

(9) If the claimant's benefits are not based on services in an instructional, research or administrative capacity, retroactive payments may be paid if the claimant:

(a) continues to be unemployed when the second academic year or term commences;

(b) filed weekly claims in a timely manner;

(c) was denied benefits solely under 39-51-2108, MCA.

(10) A claimant who is subject to these provisions may be paid benefits based on non-school wages. If the claimant continues to be unemployed when school commences, the claimant may be entitled to benefits based on the combined school and non-school wages. (Auth: Sec. 39-51-301, 39-51-302, MCA; IMP, Sec. 39-51-2108, MCA)

24.11.467 WAIVER OF OVERPAYMENTS (1) Remains the same.

(2) (a) & (b) remain the same.

(c) the claimant's ability to repay, including whether repayment would cause a lasting and extraordinary financial hardship on the claimant. Extraordinary financial hardship as used in this chapter means the claimant would be unable to provide the minimal necessities of food, shelter, clothing and medicine to himself/herself and immediate family as a result of the division's recovering the benefit overpayment. Lasting financial hardship means the financial hardship is expected to exist for more than 180 days.

(3) through (6) remain the same. (Auth: Sec. 39-51-301, 39-51-302, MCA; IMP, Sec. 39-51-3206, MCA)

RULE II LIE DETECTOR TESTS -- BLOOD AND URINE TESTING (1) A claimant will not be disqualified under this chapter solely for the reason that the claimant:

(a) is denied employment or continuation of employment for refusing to submit to a polygraph test or any form of a

mechanical lie detector test.

(b) is denied employment for refusing to submit to a blood or urine test unless the test is required for employment in a hazardous work environment or in a job the primary responsibility of which is security, public safety, or fiduciary responsibility and the test procedure conforms to the requirements of 39-2-304(2), MCA;

(c) is denied continuation of employment for refusing to submit to a blood or urine test unless the employer requiring the test can demonstrate good cause to believe that the claimant's faculties were impaired on the job as a result of alcohol consumption or illegal drug use and the test procedure conforms to the requirements of 39-2-304(2), MCA;

(d) is denied employment or continuation of employment as a consequence of a positive blood or urine test result, unless the test procedure conforms to the requirements of 39-2-304(2), MCA, and the claimant has been given the opportunity to rebut the test results as provided in 39-2-304(3) and 39-2-304(4), MCA. (Auth: Sec. 39-51-301, 39-51-302, MCA; IMP, Sec. 39-51-2302, 39-51-2303, 39-51-2304, MCA)

24.11.613 CHARGING BENEFIT PAYMENTS TO EXPERIENCE-RATED EMPLOYERS---CHARGEABLE EMPLOYERS (1) Benefit--payments--are charged to--the--experience-rated-employer-who-paid-the-largest amount-of-wages-in--the-claimant's--base-period---A-claimant's last-employer-is-not-necessarily-the-employer-whose-account-is charged-with-the-benefits-paid--to--the--claimant- Beginning with initial claims filed on or after October 1, 1989, benefit payments are charged to each employer who paid wages to the claimant during the base period. The charge will be based on the percentage of wages the employer paid to the claimant during the base period. For example, if the claimant earned 10 percent of the base period wages working for an employer, that employer would be chargeable for 10 percent of the benefits drawn by the claimant.

(2) & (3) remain the same. (Auth: Sec. 39-51-301, 39-51-302, MCA; IMP, Sec. 39-51-1214, MCA)

3. The changes proposed clarify the intent of the referenced law to assist the department in issuing consistent determinations. The adopted rules are intended to conform state regulations to federal requirements.

4. Interested parties may submit their data, views or arguments concerning the proposed amendments in writing to the Administrator, Unemployment Insurance Division, Department of Labor and Industry, P. O. Box 1728, Helena, MT. 59624, no later than Friday, November 23, 1990.

5. If a person who is directly affected by the proposed amendment wishes to express his data, views and arguments orally or in writing at a public hearing, he must make written

request for a hearing and submit this request along with any written comments he has to the Administrator, Unemployment Insurance Division, Department of Labor and Industry, P. O. Box 1728, Helena, MT. 59624, no later than Friday, November 23, 1990.

6. If the agency receives requests for a public hearing on the proposed amendment from either 10 percent or 25, whichever is less, of the persons who are directly affected by the proposed amendment; from the Administrative Code Committee of the legislature; from a governmental subdivision or agency; or from an association having not less than 25 members who will be directly affected, a hearing will be held at a later date. Notice of the hearing will be published in the Montana Administrative Register.

4. Rationale: The Department of Labor and Industry has adopted a simplified claims reporting procedure and has established a goal of alleviating its role as a clearinghouse for claims documents. The Department will provide better service to the public by not requiring parties to file documents with the Department, but encourage filing them with the insurer/adjuster. The adjuster/insurer will then be responsible for filing the necessary documents with the Department.

These amendments are the first phase by the Department to automate its claims regulation functions, which will lower insurer/adjuster's reporting costs while increasing the Department's efficiency in its monitoring/regulation functions.

5. Interested parties may submit their data, views or arguments concerning these rules either orally or in writing at the hearing. Also, written arguments, views or data may be submitted to Jack Calhoun, Bureau Chief, Dispute Resolution Bureau, Employment Relations Division, Department of Labor and Industry, P.O. Box 1728, Helena, Montana 59624 no later than November 23, 1990.

TO: All Interested Persons

1. On November 26, 1990 the Department of Public Service Regulation proposes to adopt a new rule regarding proper accounting treatment for acceptable conservation expenditures.

2. The rule proposed to be adopted provides as follows.

RULE 1. PROPER ACCOUNTING TREATMENT FOR ACCEPTABLE CONSERVATION EXPENDITURES (1) Gas and electric utilities operating in Montana shall account for acceptable conservation expenditures in the following manner:

(a) Conservation costs in the following categories will be deferred in a subaccount of account 186, miscellaneous deferred debits, and subsequently amortized to a subaccount of account 557, other expenses (other power supply expenses):

(i) Costs of conservation assets:

(A) Customer loans;

(B) Cash payments to customers;

(C) Measures installed at company's expense.

(ii) Asset acquisition costs:

(A) Specific acquisition program development, promotion, and labor costs;

(B) Associated general supervision rents, leases, overheads.

(b) Weatherization loan balances would continue to be reflected in account 124, other investments.

(c) Conservation costs in the following categories will be expensed as they are incurred in the proper expense account:

(i) Administrative costs:

(A) Conservation planning: supply curve, demand side modeling;

(B) On-going research and development;

(C) General advertising;

(D) Program tracking and reporting;

(E) General training and staff development;

(F) Associated general supervision, rents, leases, overheads.

(ii) Other:

(A) Uncollectible accounts;

(B) Customer service activities: high bill complaints, other inquiries;

3. Rationale: On January 22, 1990 the Commission issued in Docket No. 90.1.3 a Notice of Inquiry inviting all gas and electric utilities under its jurisdiction and all other interested persons (including water utilities) to submit within 45 days a proposed accounting treatment for conservation expenditures. In addition, the Commission directed the attention of interested parties to Title 69, Chapter 3, Part 7, MCA, particularly 69-3-712, MCA. The Notice of Inquiry stated that the Commission would issue a proposed rule describing the proper accounting for conservation investments.

The Commission received a number of comments in response to its Notice of Inquiry. Several of the comments relate to conservation policy issues that are beyond the scope of Docket No. 90.1.3. In a Notice of Service List, dated February 20, 1990, the Commission stated that, "Docket [No. 90.1.3] is for the purpose of determining accounting treatment for conservation expenditures only. Responses should be limited to this issue. Responses on broader conservation policy issues will not be considered in this Docket." Pursuant to that direction the Commission, following a review of the pertinent comments, proposes this rule in order to ensure consistent accounting treatment for conservation expenditures by gas and electric utilities. The Commission will address conservation policy issues in future proceedings.

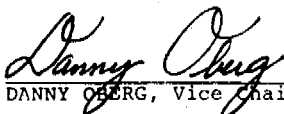

4. Interested parties may submit their data, views or arguments concerning the proposed adoption in writing to Mr. Robin A. McHugh, Public Service Commission, 2701 Prospect Avenue, Helena, Montana 59620-2601 no later than November 26, 1990.

5. If a person who is directly affected by the proposed adoption wishes to express his data, views and arguments orally or in writing at a public hearing, he must make written request for a public hearing and submit this request along with any written comments he has to Mr. Robin A. McHugh, Public Service Commission, 2701 Prospect Avenue, Helena, Montana 59620-2601, no later than November 26, 1990.

6. If the agency receives requests for a public hearing on the proposed adoption from either 10% or 25, whichever is less, of the persons who are directly affected by the proposed adoption; from the Administrative Code Committee of the legislature; from a governmental subdivision or agency; or from an association having not less than 25 members who will be directly affected, a hearing will be held at a later date. Notice of the hearing will be published in the Montana Administrative Register. Ten percent of those persons directly affected has

been determined to be two based upon the number of electric and gas utilities operating in Montana.

7. The Montana Consumer Counsel, 34 West Sixth Avenue, Helena, Montana, (406) 444-2771, is available and may be contacted to represent consumer interests in this matter.

TO: All Interested Persons

1. On November 29, 1990, at 10:00 a.m., a public hearing will be held in the auditorium of the Social and Rehabilitation Services Building, 111 Sanders, Helena, Montana to consider the proposed amendment of Rule 46.10.512 pertaining to AFDC earned income disregards policy.

2. The rule as proposed to be amended provides as follows:

46.10.512 EARNED INCOME DISREGARDS Subsection (1) remains the same.

(a) \$90 from each person's earned income except for individuals whose income must be deemed, as in subsection (2). The standard work expense for these individuals is \$75.

Subsections (1)(b) through (1)(c)(i) remain the same.

(2) In the case of stepparent households, the income of the natural or adoptive parent's children is deemed to include any income of the stepparent not otherwise disregarded below, plus all of the natural or adoptive parent's income with no disregards, whether or not such income is available to the natural or adoptive parent's children. Individuals whose income must be deemed when determining eligibility are step-parents, sponsors of aliens, parents and legal guardians of minor parents or pregnant minors, and spouse to spouse in family groups living together. Income of these individuals less disregards listed below must be counted as unearned income to the assistance unit whether or not such income is available.

(a) Disregard the a \$75 standard work expense provided in ARM 46.10.512 (1)(a).

Subsections (2)(b) through (2)(d) remain the same.

3. The Department of Social and Rehabilitation Services through the Family Support Act of 1988 revised requirements related to earned income disregards. The earned income disregards are standard amounts deducted from an individual's gross income in determining eligibility for AFDC and computing

the grant. One provision amended Section 402(a)(8)(A)(ii) of the Social Security Act by increasing the amount of the standard work expense disregard from \$75 to \$90 effective October 1, 1989. This increase was applicable to any individual whose needs must be taken into account in determining eligibility. However, the new law amended the disregard for some members of the AFDC household but not others. Certain household members not included in the AFDC assistance unit who must have their income deemed to the assistance unit members should not have the increased work expense disregard applied to their income. The work expense disregard should have remained \$75 for these members.

4. Interested parties may submit their data, views, or arguments either orally or in writing at the hearing. Written data, views, or arguments may also be submitted to the Office of Legal Affairs, Department of Social and Rehabilitation Services, P.O. 2. The rule as proposed to be amended provides as follows:

46.10.403 TABLE OF ASSISTANCE STANDARDS Subsections (1) through (3)(a)(iii) remain the same.

(b) If net monthly income in excess of the net monthly income standard is caused by a regular and periodic extra payment from a recurring income source, assistance will be suspended rather than terminated when ineligibility would be for only one benefit month.

Subsections (4) through (4)(b) remain the same.

IMP: Sec. 53-4-211 and 53-4-241 MCA

3. The current policy of suspending assistance payments for receipt of an "extra paycheck" (earned income) is not consistent with federal regulation. The federal regulation states "...as caused by income...", not differentiating earned or unearned income. Households that have received the extra unemployment compensation or workers' compensation payment have had their assistance terminated and have had to reapply after 30 days. These households have also been ineligible for medical coverage during the suspension month. The inclusion of unearned income extra payment would allow the AFDC recipient to continue to receive medical coverage and other related benefits during the suspension month. The AFDC client would not have to reapply for assistance at the end of the suspension month.

1. On July 12, 1990 the Board of Livestock published a Notice of a Proposed Amendment of Rule 32.18.101 at pages 1315 and 1316, Montana Administrative Register, issue number 13.

2. The Board has adopted this amendment exactly as proposed.

3. The only comment received was that freeze brands are "probably" more humane than hot iron brands. No testimony was received.

TO: All Interested Persons

1. On May 31, 1990, the Department of Social and Rehabilitation Services published notice of the proposed amendment of Rules 46.12.802 and 46.12.806 pertaining to prosthetic devices, durable medical equipment and medical supplies at page 987 of the 1990 Montana Administrative Register, issue number 10.

2. The Department has amended the following rules as proposed with the following changes:

46.12.802 PROSTHETIC DEVICES, DURABLE MEDICAL EQUIPMENT, AND MEDICAL SUPPLIES, GENERAL REQUIREMENTS Subsections (1) through (2)(b) remain as proposed.
(c) A statement of medical necessity for the rental of DURABLE medical equipment, excluding oxygen equipment, shall indicate the length of time the equipment will be needed. All prescriptions shall be signed and dated.

Subsections (2)(d) through (3)(c) remain as proposed.
~~(d) Electric wheelchairs for nursing home residents.~~
Original subsection (3)(c) remains the same in text but is recategorized as subsection (3)(d).

46.12.806 PROSTHETIC DEVICES, DURABLE MEDICAL EQUIPMENT, AND MEDICAL SUPPLIES, FEE SCHEDULE Original subsection (1) remains deleted as proposed.
(1) The Montana medicaid program effective July NOVEMBER 1, 1990 will reimburse prosthetic devices, durable medical equipment and medical supplies in accordance with the codes and fees in the pricing manual for prosthetic devices, durable medical equipment, and medical supplies. The Montana medicaid program for payment for prosthetic devices, durable medical equipment, and medical supplies adopts and incorporates by reference the pricing manual for prosthetic devices, durable medical equipment and medical supplies adopted and published by the department on July OCTOBER 1, 1990. Copies of the pricing manual may be obtained from the Department of Social

and Rehabilitation Services, 111 Sanders, P.O. Box 4210, Helena, Montana 59604-4210.

3. The Department has thoroughly considered all commentary received:

COMMENT: When and how will the Medicaid pricing manual be available.

RESPONSE: The pricing manual is being adopted by reference in this rule. The pricing manual has been recently published by the department and is being sent to all affected providers. The manual as published incorporates the changes noted in the responses of the department to these comments.

COMMENT: Adoption of Medicare rates for orthotics and prosthetics is not reasonable.

RESPONSE: The department has reviewed the information submitted by the association for the prosthetic and orthotic providers. After considering the comments of the association and reviewing the Medicare reimbursement system, the department has decided not to adopt the Medicare rates for prosthetics and orthotics. The department will develop a system of rates for orthotics and prosthetics over the next year.

COMMENT: The department should restrict the use of L codes to those providers who are certified by the American Board for Certification in Orthotics and Prosthetics, Inc. or the Board for Certification in Pedorthics, Inc.

RESPONSE: The department does not believe that the proposed restrictions are necessary to assure the quality of the services delivered.

COMMENT: Orthotics and prosthetics should be separated from durable medical equipment and medical supplies for the purpose of negotiating rates.

RESPONSE: The department is willing to review such a separation with interested parties.

COMMENT: The rates for L codes 3000 to 3599 (shoes and foot related devices attached to a brace) should be by report at 100% of the billed charges instead of 90% of billed charges.

RESPONSE: Currently, the department sets rates for items at a specific price or by report at 90% of the billed charges. The department's computer system in using the by report method can only accept one percentage calculation for the services in a

program. For the DME program the department has set the by report rate at 90% of the billed charges.

COMMENT: The department should not eliminate electric wheelchairs for nursing home patients.

RESPONSE: After review of this issue, the department has decided not to implement this portion of the proposed rule. The department will establish specific and uniform criteria for electric wheelchairs for all Medicaid recipients regardless of their place of residence and will contact interested parties in developing the criteria.

COMMENT: The department should adopt Medicare criteria for blood glucose monitors.

RESPONSE: This will be done in the provider manual.

COMMENT: The department should not adopt the Medicare rates for medical supplies. The Medicare rates for items such as catheters and ostomy supplies do not cover the cost of the product to the provider.

RESPONSE: The department has reviewed the comments received on the proposed rates for medical supplies and adjusted the rates where it was determined appropriate to do so.

COMMENT: Medicaid should adopt a local code for test strips since Medicare does not reimburse these items.

RESPONSE: The department will not adopt a local code for test strips but the Medicare indicator on the current code has been removed so the claims will be paid without the requirement that Medicare be billed first.

COMMENT: Medicaid should provide a miscellaneous or unlisted item code for each supply sub category to facilitate billing. The miscellaneous code should be reimbursed by report at 90% of the billed charges.

RESPONSE: This has been done.

COMMENT: There are many different types of condom catheters and the prices vary from \$.50 to \$1.65.

RESPONSE: The department has set the rate for these items on a by report basis at 90% of the billed charges.

COMMENT: Medicaid should not adopt the Medicare rate of \$.25 for Glucose test strips because the prices range from \$.49 to \$.53 per strip (A4253).

RESPONSE: The department will continue the current rate for these items which is on a by report basis at 90% of the billed charges.

COMMENT: The Medicare rates for ostomy supplies (A5061 through A5073) are 50% lower than the suggested retail prices of these items and do not cover the cost of the item.

RESPONSE: The department has set the rate for these items on a by report basis at 90% of the billed charges.

COMMENT: Medicaid should not adopt the Medicare rates for enteral and parenteral supplies and equipment. These items are reimbursed at the twenty-fifth percentile which does not reflect the cost of doing business in Montana. The formulas should at least be set at the fiftieth percentile.

RESPONSE: Currently, the department pays for enteral and parenteral services on a by report basis at 90% of the billed charges. The formulas are billed in various units either by the can or by the case. The department is adopting a uniform unit of billing and decided to use hundred calorie units which Medicare uses. The department has set the rate for the formulas at the Medicare's fiftieth percentile until the program can gather further information to evaluate reimbursement by.

COMMENT: Medicaid should not adopt Medicare's documentation requirements for enteral formula, especially for children whose prescription may change drastically in a short time.

RESPONSE: The department is required by federal regulations to control utilization of services. If a change in the amount of enteral formula is prescribed by the physician, there should be documentation of the change. The Medicaid program will establish a certificate of medical need for enteral and parenteral services as a means of meeting utilization control requirements.

COMMENT: Many of the Medicare rates for equipment are not reasonable and in some cases do not cover costs.

RESPONSE: The department has reviewed comments on medical equipment and adjusted them where it was determined appropriate to do so.

COMMENT: Medicaid should adopt Medicare's codes for wheelchairs and codes E1350 for labor and E1399 for miscellaneous.

RESPONSE: This has been done.

COMMENT: Medicaid should adopt a local code for light weight wheelchairs and a code for three wheeled carts.

RESPONSE: The department has adopted the Medicare codes for wheelchairs. The department has adopted a code for three wheeled carts. The rate for three wheeled carts has been set on a by report basis at 90% of the billed charges.

COMMENT: Medicaid should adjust the rate for canes and crutches to the amount allowed by Medicare.

RESPONSE: This has been done.

COMMENT: Medicaid should establish one miscellaneous code for DME items not covered by Medicare.

RESPONSE: The department has adopted the Medicare miscellaneous code E1399. The department can not unilaterally exclude items from being billed to Medicare without specific information that they are not covered by Medicare. However, once an item is denied by Medicare that denial may be used for future Medicaid claims.

COMMENT: Medicaid should retain codes E0188 and E0189 for sheep skin pads and pay them on the by report basis at 90% of the billed charges because of the many different sizes.

RESPONSE: This has been done.

COMMENT: There should be different codes for wheelchair batteries because of the different sizes.

RESPONSE: The department has maintained the current code and the rate has been set on the by report basis at 90% of the billed charges.

COMMENT: The Medicare rate of \$73.24 for battery chargers does not cover the cost which is at least \$150.00. In one catalog a 24 volt AMP battery charger is listed at \$254.70.

RESPONSE: The rate for this item has been set by report at 90% of the billed charges.

COMMENT: Medicaid should establish a code for such medically necessary accessories as crutch attachments for walkers.

RESPONSE: This has been done and the rate has been set on the by report basis at 90% of the billed charges.

COMMENT: The rate for folding walkers (E0135) is inadequate.

RESPONSE: The department's records indicate that the average amount billed for folding walkers is \$70.00 which is slightly higher than the Medicare rate. The department has set a rate

of \$70.00 for the purchase of a walker under code E0135 and \$17.50 for the rental of a walker.

COMMENT: The Medicare rates for walkers (E0141 and E0143) are not adequate. Medicare has a rate for E0141 of \$91.81 while the suggested retail price is \$102.15 with wheels. The Medicare rate for E0143 is \$91.81 while the suggested retail price is \$118.00.

RESPONSE: The department's records indicate the average amount billed for code E0141 is \$133.57 and the amount for code E0143 is \$106.14. The department has set the rates for these codes on the by report basis at 90% of the average billed amount or \$120.21 for code E0141 and \$95.53 for code E0143. The rate for rentals has been set at one fourth of the rental amount.

COMMENT: Medicare uses code E0192 for Roho and Jay cushions with a rate of \$300.02 while Medicaid uses code E0183.

RESPONSE: The department has adjusted its coding system and adopted the Medicare rate.

COMMENT: Moist heat pads (E0215) has a suggested retail price of \$74.00 and a Medicare rate of \$46.16.

RESPONSE: The department's records indicate that the average amount billed for moist heat pads is \$69.70 which is slightly more than ninety percent of the suggested retail amount. The department has set the rate at \$69.70 for the purchase of a moist heating pad.

COMMENT: Blood glucose monitors have various prices depending on the manufacturer or distributor. The Medicare allowable rate is \$150.00 which does not cover cost.

RESPONSE: The department's data indicates that the average charge for a blood glucose monitor is \$200.00. The department has retained its current rate on the by report basis at 90% of the billed charges.

COMMENT: The Medicare rate for hooyer type lifts is not adequate. The Medicare rate for hydraulic lift (E0630) is \$788.19 while the suggested retail price with sling is \$1,050.00. The Medicare rate for electric lift (E0635) is \$747.50 while the suggested retail price is \$1,900.00.

RESPONSE: The department has set the rate for these codes on the by report basis at 90% of the suggested retail price.

COMMENT: The Medicare rate for seat lifts (E0620) is not adequate. The new Medicare rate for seat lifts is \$840.39.

RESPONSE: The department's data indicates that the average charge for E0620 is \$934.99. The department has adopted \$934.99 as the Medicaid rate.

COMMENT: The Medicare rate for wheelchair accessories such as trays, toe loops, and hook on headrests are not adequate.

RESPONSE: The department has retained the rates for these items on the by report basis at 90% of the billed charges.

COMMENT: The Medicare rates for electric hospital beds are not adequate. The cost of the bed varies depending on the type of bed and the extent of repositioning required.

RESPONSE: The department has retained for hospital beds the current Medicaid rate.

COMMENT: The price for specially sized wheelchairs (E1220) varies by the type or size of the chair.

RESPONSE: The department has set the rate for this item on the by report basis at 90% of the billed charges.

COMMENT: Medicaid should provide higher reimbursement for oxygen patients who are disabled or who are in nursing homes. These patients require more care by oxygen provider's than other patients.

RESPONSE: The department believes that patients who are disabled or are nursing home residents should not be given more service by oxygen providers. These patients should receive any necessary additional care through home care staff or through nursing home staff.

COMMENT: Is Medicaid going to adopt the capped rental for patients who only have Medicaid?

RESPONSE: Not at this time. Patients covered under Medicare will be limited to the amount allowed under Medicare. If the person is only covered by Medicaid, a decision will be made to either rent or purchase the equipment. The Medicaid program is currently in the process of developing a system which limit rental payments to the purchase price of the item.

COMMENT: The date of service should be the date the item is ordered for the patient.

RESPONSE: The department's policy is that the date of service is the date the item is delivered to the patient. If the patient is not eligible on the date of service Medicaid cannot make payment. A patient may have other financial resources by which to cover a service after it is ordered.

COMMENT: Medicaid should provide in its rates for payment of a provider's travel to deliver and service equipment. This is a necessary cost of doing business and should be covered.

RESPONSE: The department believes that travel costs are a normal part of business and are generally included in the providers usual and customary charge for the item. Travel costs will not be reimbursed as a separate item.

COMMENT: Will the Medicaid program consider reimbursement on special depth shoes for diabetics who have special needs because of the swelling caused by the diabetes.

RESPONSE: Current rules allow the department to cover special depth shoes for diabetics under the podiatry program.

COMMENT: By adopting the Medicare rate schedule for Medicaid equipment and supplies, the proposed rule will have an adverse effect on handicapped and disabled people. Where Medicare's rates are low or inadequate, the provider will not want to supply those items for the recipient.

RESPONSE: The department believes that the fees provided for in the pricing manual with the various revisions discussed in these responses will not have an adverse impact on persons with disabilities. The program has considered all of the comments regarding equipment and has made modifications where appropriate in the Medicare-based pricing system being adopted by Medicaid.

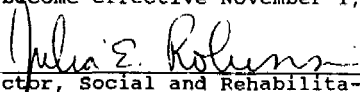

COMMENT: What will happen to services covered by Medicaid such as diapers which Medicare does not cover?

RESPONSE: These items will continue to be covered.

COMMENT: Will Medicaid automatically change the maximum rates whenever Medicare's rates change?

RESPONSE: No. The Medicare rates adopted by this rule remain in effect until the department takes specific action through the rulemaking process to change them.

4. These rule changes will become effective November 1, 1990.

NOTICE OF FUNCTIONS OF ADMINISTRATIVE CODE COMMITTEE

The Administrative Code Committee reviews all proposals for adoption of new rules, amendment or repeal of existing rules filed with the Secretary of State, except rules proposed by the Department of Revenue. Proposals of the Department of Revenue are reviewed by the Revenue Oversight Committee.

The Administrative Code Committee has the authority to make recommendations to an agency regarding the adoption, amendment, or repeal of a rule or to request that the agency prepare a statement of the estimated economic impact of a proposal. In addition, the Committee may poll the members of the Legislature to determine if a proposed rule is consistent with the intent of the Legislature or, during a legislative session, introduce a bill repealing a rule, or directing an agency to adopt or amend a rule, or a Joint Resolution recommending that an agency adopt or amend a rule.

The Committee welcomes comments from the public and invites members of the public to appear before it or to send it written statements in order to bring to the Committee's attention any difficulties with the existing or proposed rules. The address is Room 138, Montana State Capitol, Helena, Montana 59620.

HOW TO USE THE ADMINISTRATIVE RULES OF MONTANA AND THE
MONTANA ADMINISTRATIVE REGISTER

Definitions: Administrative Rules of Montana (ARM) is a looseleaf compilation by department of all rules of state departments and attached boards presently in effect, except rules adopted up to three months previously.

Montana Administrative Register (MAR) is a soft back, bound publication, issued twice-monthly, containing notices of rules proposed by agencies, notices of rules adopted by agencies, and interpretations of statutes and rules by the attorney general (Attorney General's Opinions) and agencies (Declaratory Rulings) issued since publication of the preceding register.

Use of the Administrative Rules of Montana (ARM):

- | | |

Department | 2. Go to cross reference table at end of each title which lists MCA section numbers and corresponding ARM rule numbers. |

ACCUMULATIVE TABLE

The Administrative Rules of Montana (ARM) is a compilation of existing permanent rules of those executive agencies which have been designated by the Montana Procedure Act for inclusion in the ARM. The ARM is updated through June 30, 1990. This table includes those rules adopted during the period July 1, 1990 through September 30, 1990 and any proposed rule action that is pending during the past 6 month period. (A notice of adoption must be published within 6 months of the published notice of the proposed rule.) This table does not, however, include the contents of this issue of the Montana Administrative Register (MAR).

To be current on proposed and adopted rulemaking, it is necessary to check the ARM updated through June 30, 1990, this table and the table of contents of this issue of the MAR.

This table indicates the department name, title number, rule numbers in ascending order, catchphrase or the subject matter of the rule and the page number at which the action is published in the 1990 Montana Administrative Register.
