Galatin Gateway, MT 59730

Th whom it may concern,

I want to recommend Bina Peters for Associate Water Judge. I have known Bina several years as she has represented our ranch in many water matters including the readjudication of our Montana Water Rights on three separate properties in two different basins. Our ranch is over 100 years old, and Bina did a super job with a complex set of issues for us.

She not only did all the filings with the court in a timely manner, but she was also able explain the law in a way we could understand. I highly recommend Bina Peters for a position on the water court.

Sincerely,

Daphne White
