Subject: [EXTERNAL] Bina Peters app
Date: Friday, December 13, 2024 1:04:39 PM

Please be advised that I support the application of Bina Peters. I have been involved in various ways with Montana's water law issues since the mid seventies as a lawyer, legislator and water user. I have had various interactions with her and have had the opportunity to observe her representation of clients. I believe she has the temperament, intellect and work ethic to be an outstanding judge. She also understands all facets of the issues surrounding the Water Court operation and its future. I have not been a client. Please give her the consideration she has earned. Thank you
