Re: Application of Bina Peters for Associate Water Court Judge

Your Honor,

Bina Peters was my Water Court colleague from 2010 to 2015. Since then, she has appeared in many Cases over which I presided – I’ve observed her work as both a water master and in private practice.

Bina’s combined experience at the Court and in private practice will be an asset to all of us. In her work at the Court and as counsel for parties appearing in front of the Court, she has proven to be smart, even-tempered, efficient, and creative. Bina understands the state-wide adjudication, water law, and property law. She is well-respected by her peers and her clients.

Bina Peters has the experience and knowledge to be an outstanding Associate Water Judge, please consider her application.

Sincerely,
Anika Stern
Senior Water Master
