Subject: [EXTERNAL] support for Bina Peters
Date: Tuesday, December 17, 2024 5:59:10 PM

We would like to express our support for Ms Bina Peters appointment to the position of Associate Water Judge for the Montana Water court.

Over the last six or seven years Ms Peters has acted as attorney for us, as water appropriators, giving advice and representation in difficult issues including mediation and in court. We found her to be pleasant to work with, knowledgeable and fair. Because our water rights involved 2 tributaries and 2 irrigation projects, our case was complex. Ms Peters navigated those complexities and made sure we understood the process she was using. We have recommended her to several other ranchers in a position of needing legal representation and would do so again.

We believe that the Water Court, water users and Montana as a whole would be well served by Ms Peters should she receive this appointment.

Ray and Lorna Lindseth
